PARKERSBURG IS PREPARED TO ENTERTAIN BIG CROWDS AT THE RIVER CONVENTION

Enthusiastic and Prominent Champions of the Ohio River Navigation Begin Deliberations Tomorrow.

Parkersburg, November 10.—(Special.)—Arrangements are complete for a royal reception and entertainment for the thousand or more delegates expected to arrive today and tomorrow from towns and cities between Pittsburg and Cairo to attend tne meeting of the Ohio River Improvement association. The committee on arrangements has decided to hold the business sessions in the Auditorium theater, a building capable of accommodating 1,200 people, instead of Progress hall, as had first been intended, and social sessions will be held in the latter place.

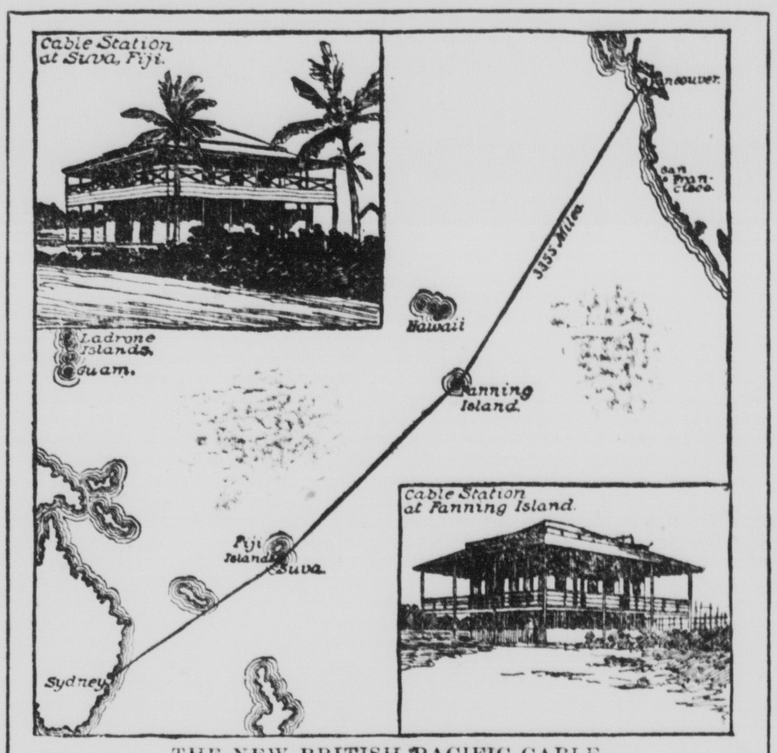

The plan of holding the second day's business session on one of the large river packets has been abandoned, although the visitors will be given an excursion in the afternoon of that day on the steamers Ben Hur and Kanawha, providing the river stage will permit. They will visit the sites of the Vienna and Blennerhassett dams and will also stop off at Blennerhasset island.

The Second Regiment band has been engaged to furnish music on the morning of the first day and the Citizens' band will furnish the music on the excursion trip. The "Imp Drill," which will be given by the Uniform Rank Knights of Pythias will take place in the early part of Tuesday evening, after which a reception will be held at Progress hall.

A communication has been received from President Shattuck, of the street railway company, complying with the request to grant free transportation to the delegates over the lines, and also to have an electric arch erected at Fifth and Juliana streets.

A committee has been appointed consisting of ten prominent young men of the city, whose duty it will be to meet all trains and to give any information that may be desired by the

THROWN FROM A BUGGY WHILE HUNTING THIEVES AND HIS DEATH RESULTED

Frank Van Fossen the Victim of a Fatal Mishap Near Lisbon, Caused by Horse Running Away.

Lisbon, November 10.—(Special)—Frank Van Fossen, who lives 2 miles southeast of Lisbon, died Sunday night as the result of an accident in which he was thrown from a buggy. Van Fossen and a friend, Frank Carlisle, were in Lisbon Saturday night with Van Fossen's buggy, and horse. They started to drive home. Their horse blanket was missing, and they at once suspected two men from Elkton of having stolen it. On arriving home Van Fossen said he would not go to bed until he recovered his stolen blanket, and the two started to Elkton

The horse took fright at some object by the roadside and started to run. At a sharp bend in the road Van Fossen brought the horse to with a jerk, throwing the animal and demolishing the buggy. The two men were thrown out, Van Fossen striking on the side of his head. Carlisle was not hurt. Van Fossen was taken to his home.

Members of the family and friends did not regard his condition as serious, however, as he talked rationally, and did not appear to be suffering. Next morning he was in what seemed to be a heavy slumber until 9 o'clock, when a physician was summoned. The latter found him suffering from the rupture of a blood vessel on the brain. Van Fessen did not regain consciousness and died at 8 o'clock Sunday evening. He was about 27 years of age. He was a son of the late Jacob Van Fossen, ex-county commissioner. He is survived by a wife, and three daughters, Hazel, Bertha and Margaret, his mother, three brothers and two sisters, the brothers and sisters all living in Lisbon as follows: Winfield, Charles and L. D., the latter court billiff, and Mrs. Leonard McLaughlin and Mrs. Silware.

Funeral services will be held at the home Tuesday at 2 o'clock, Rev. J. P. Anderson, officiating.

A FIERCE FIRE IN A BED ROOM

Exciting Occurence at the Home of Mail Carrier John Suter.

HE WAS NEARLY OVERCOME

By the Smoke While Trying to Save His Property—Neighbors Gave the Alarm While the Household Was Wholly Ignorant of the Danger.

What might have resulted most disastrously to both property and life occurred Saturday evening at about 5 o'clock at the home of John Suter, a mail carrier on Seventh street, when for a few minutes a fire raged in a bed room on the second floor.

Mr. Suter was sitting down stairs in the parlor reading when he was much startled by neighbors rushing in frantically and in loud voices shouting that his house was one fire. Neither he nor any one in the house had received a whiff of the smoke. When he ran upstairs and saw the room enveloped in flames he could scarcely conceive how it could have happened without his knowledge. The first impulse was to dash into the room, and if possible save some of the contents, but he retreated and went to a telephone, summoning the fire department.

While the department was on the way Mr. Suter again went to the room and by this time the fire had assumed dangerous proportions. It gave every appearance of spreading quickly and Mr. Suter thought it best to close the door leading to the front room. In his attempt to do this he was foiled, and a gush of smoke and fire puffing through the entrance struck him squarely in the face, the flames burning his face and hair and the smoke stifling him to such an extent that he fell backward to the floor.

Upon the arrival of the firemen they, with a number of volunteers, extinguished the fire by the use of chemicals. Mr. Suter estimates his loss at $200 and the loss on the building, which belongs to Frank Rigby, suffered to the extent of possibly $50.

SPECIAL CAUSE TO GIVE THANKS

Gov. Nash Calls Attention to the Centennial of the State Charter.

A TRAGEDY MADE TO ORDER

Offered to a Newspaper Which Failed to Accept—Dunham Law on Loan Associations Held Invalid—Capital Notes.

From a Staff Correspondent.

Columbus, November 10.—Governor Nash has issued his Thanksgiving proclamation, and in it calls upon the people to assemble in their accustomed places of worship on November 27, the time set for thanksgiving by President Roosevelt, and offer up thanks for the blessings bestowed by Providence. He also says: "The people of Ohio have especial cause for observing this day with more than usual zeal. November 29 is the one hundredth anniversary of the adoption of the first charter of the state, which was an important step in its creation, and it is fitting that we should recall the manifold blessings of Divine Providence which have made this state great, strong and prosperous."

Thomas E. Lawrence, of the United States recruiting service, offered to take his life and give a Columbus paper a "scoop" on the tragedy for a consideration of $300. He said that a representative of the paper could see him suicide and thus get the inside of what would prove to be a sensational story. He stated he married a lady at Atlanta, Ga., on the fourtn of this month, but that he had had trouble and came north. He stipulated that the sum named as the price of his life should be given to his aged parents. He was arrested and later taken to the United States military barracks here, where a close watch will be kept over him. He stated he tried to poison himself the night before he made the cold-blooded proposition to the paper, but failed, as he could not keep the stuff in his stomach.

Attorney General Sheets holds the Dunham law giving savings and loan associations of $200,000 paid-up capital or more authority to do a safety deposit and trust business, is invalid on the ground that it is in contravention with the constitution in that it attempts to confer conporate powers and only applies to a certain class of associations, which makes it special legislation.

A motion has been filed in the supreme court asking for another stay of execution in the Cleveland ouster case. The judgment was suspended until November 20, and it is probable that a further extension will be allowed until May 1, when the new code will be in operation.

Governor Nash and Secretary of State Laylin have stated that a certificate of election cannot be withheld from Judge Badger, of this district, elected to congress on the Democratic ticket. As he did not resign from the common pleas bench a question was raised as to his eligibility to take his seat in congress.

The deputy examiners of the state presented Elmer E. Miller, of Canton, retiring district deputy, witn a gold ring on Saturday at Chief Collier's office in this city.

SENT COLD CHILLS ALL OVER HIM

Smith Fowler Hears Terrifying Sounds and Discovers a Shocking Sight.

A MAN APPARENTLY DEAD

Found On a Cot In An Adjacent Room —Vain Effort Made to Arouse Him —Mystery Soon Explained After Arrival of the Police.

While in his office in the Diamond today at about noon, Smith Fowler received a scare calculated to shorten a man years and to be remembered everlastingly. He was sitting at his desk in deep thought when low, but distinct moans, issuing from a room adjoining, sounding very similar to the last gasps of a person in the throes of death, made cold chills course through him.

Mr. Fowler studied several moments over the advisability of entering the room to find the cause of the peculiar sounds, and it required a great effort on his part to boldly enter.

Turning on the lights, to his horror he saw, lying on a couch a man who, from all appearances, was dead. By this time not a sound floated from the room and Mr. Fowler was more convinced that there was a corpse in his apartment. Nervously he walked over to the inanimate form and shook him roughly. Not a word came in answer and instead glassy eyes were turned upward. That was enough for Mr. Fowler, he rushed from the room and telephoned for the police. Officer Woods answered the call.

The officer has had years' experience with all sorts of men in a stupid state and readily pronounced the man drunk. He tried but in vain to awaken the fellow, and it was necessary to carry him bodily to the street, where the patrol wagon was in waiting. At the city hall he revived somewhat, but not enough to give an explanation of his queer actions. His name is said to be William Sheppard.

Bird Season Now Open.

From the city in large numbers drove local sportsmen this morning toward the country hills and dales, all in delightful anticipation of a great day's hunt for birds and rabbits. The season opened today and will not close until December 1. It is expected that the woods will ring throughout the entime time with gun shots, and every man in the city, the possessor of a gun and dog, will be represented in the gaming crowd. The revised game laws permit a person shooting not more than 15 quail in a day and prohibit shooting at them only when they are on the wing.

NEW RAILROAD

OF IMPORTANCE AND INTEREST IN THIS VICINITY.

Western Washington Line to Build to Burgettstown And Down Raccoon Crek to the Ohio.

Washington, Pa., November 10.—(Special.)—It is announced today that the Western Washington railroad, which is owned by the Pennsylvania Railroad company, has already been built from Houston to the Midland coal works, a distance of about five miles, is to be extended to the company's main line at Burgettstown in the near future, and that a corps of engineers are at present making their final survey for the road. It is also authoritatively stated that another line will be built from Burgettstown to the Ohio river via Raccoon creek.

The Pennsylvania company has hundreds of acres of coal territory which has been purchased within the past year along the proposed line, and it is thought that a number of tipples will be placed along the line, and extensive developments made in the coal industry. The new route will shorten the distance from many points in Washington county to the Ohio river, and be quite an advantage to not only the residents along and near it, but the company as well.

WHOLE CABINET QUITS

Spain's Premier Tenders the Resignations of All of Alfonso's Ministers.

Madrid, November 10.—(Special.)—Premier Sagasta today tendered to King Alfonso the resignation of the entire cabinet. The king will decide tomorrow whether to accept.

The cortes will be informed today and will suspend its sitting until dissolved.

THE END IS NEAR

Molineux Case Will Probably Go to the Jury This Afternoon.

New York, November 10.—(Special)—Molineux's counsel, Mr. Blake, began summing up at 11:30. There was a big jam in the court room.

The case will probably go to the jury late this afternoon.

Anniversary Celebration.

McKinley Home No. 75, Home Guards of America, will celebrate the first anniversary of its existence next Wednesday evening at the G. A. R. hall. The celebration is to be in the nature of a banquet, to which all the members are invited. The order, which is one of the best of a patriotic nature in the country, has been gaining steadily in membership here, and they now number more than 80.

WOMAN BURNED TO DEATH BY GASOLINE EXPLOSION

Lisbon, November 10.—(Special)—Mrs. M. H. Kelly was terribly burned by a gasoline explosion at her home at Teagarden, Sunday morning from the effects of which she died at 11 o'clock this morning. At about 3 o'clock Sunday morning she turned on the gasoline in the stove intending to light it in a few minutes, but left the room and did not think of it until some time later.

The stove in question was of the kind by which the gasoline is fed to the burner by the dripping process, which gave the fluid plenty of time to evaporate, and form a gas in the room as it issued from the tank. When Mrs. Kelly returned to the kitchen and thoughtlessly struck a match to light the gasoline there was a terrific explosion.

The husband was out in the yard and hearing her cries, hurried to her assistance. She was frightfully burned about the face, eyes, abdomen and legs, but strange to say her clothing had not caught when her husband came to her rescue, and had little difficulty in extinguishing the fire. Mrs. Kelly lingered in terrible agony, being conscious most of the time until her death. She was 44 years of age. She leaves her husband, who is a merchant of Teagarden, and a son Charles, who is a stenographer in the office of the American Tin Plate company, at Pittsburg.

A. Townley	Forwards	Arb

Score: Rovers 1, Buckeyes 0.
Umpire, Si. Scarret.

The running goal was scored by G Townley in the second half by a series of excellent plays. Cartwright was injured by being kicked on the knee, but it is said he was playing irregularly or it would probably not have happened. Arthur Townley and Arb had some difficulty when the second half was played. No serious trouble resulted.

COLLAR BONE BROKEN

And Severe Bruises Received By a Boy Who Fell While at Play.

While playing with a number of companions about a board pile at the saw mill in the lower end of the city Saturday evening, John Canovan, a 14 year-old boy, fell to the ground, a distance of fully 10 feet, and sustained severe injuries.

The boy fell in such a manner that his right shoulder and side of his head struck the ground simultaneously. The collar bone was broken and his head badly burised.

FINES IMPOSED BY THE MAYOR

A Number of Offenders Arrested Saturday Night For Drunkenness.

OFFICERS' LIVELY CHASE

For Young Men Who Disturbed Sunday Evening Quiet on Sixth Street. Three of Them Arrested — An Arrest for Fast Driving.

Some people carry lonesome jags, some carry sleepy jags and some carry hilarious jags, but the one that William Girard had yesterday morning when met on Second street by Officer Dunn is defined as a stubborn jag. He would and he would not. When told to move on toward his home he started, but soon changed his mind and defied the "bloody officer" to send him to a place that he could always go to. Several warnings were given the man, but he still persisted in standing pat, and the officer said to him: "Well, old man, if you won't go to your home you can go to the hoboes' rest." This morning he was charged $5.60 for his sleeping quarters.

Thomas Sullivan has become so attached to the city hall and its surroundings that he tries in vain to steer clear of it. Only last Thursday he was arrested on suspicion of theft, for it he was compelled to lie behind the cold bars for a day, and then sweep the quarters, and Saturday night he concluded that he would like to visit the place again. It required no coaxing on his part to get the opportunity. He pursued the proper course by filling to the brim on his favorite toddy, and while enjoying the effects to the fullest extent Officer Saulsberry nabbed him.

With 30 cents and a half pint on the outside and a little less than a half keg on the inner lining, Frank Jones was picked up Saturday night by Officer Mahoney. He was happy as a lark, and complimented the officer on his striking appearance in a new overcoat. His fine was $1 and costs.

Irwin Potts came all the way from Lisbon Saturday to take a sociable drink, and this morning there was not a more sorry man in the city. While he was jollifying over his evening's pleasure in a manner disgusting to all save himself he very foolishly allowed Officer Saulsberry to get in his path. The usual fine was imposed.

Officer McDermott has no patience with a man that will use profane language, and when he caught W. E. Sweeney, of Wellsville, making the air blue a quick trip was immediately made to the city jail. It was the man's first offense and he escaped with $6.60.

Officers Woods and Rose engaged in a merry chase last evening when they started after five young men of the

A Number of Offenders Arrested Saturday Night For Drunkenness.

OFFICERS' LIVELY CHASE

For Young Men Who Disturbed Sunday Evening Quiet on Sixth Street. Three of Them Arrested — An Arrest for Fast Driving.

Some people carry lonesome jags, some carry sleepy jags and some carry hilarious jags, but the one that William Girard had yesterday morning when met on Second street by Officer Dunn is defined as a stubborn jag. He would and he would not. When told to move on toward his home he started, but soon changed his mind and defied the "bloody officer" to send him to a place that he could always go to. Several warnings were given the man, but he still persisted in standing pat, and the officer said to him: "Well, old man, if you won't go to your home you can go to the hoboes' rest." This morning he was charged $5.60 for his sleeping quarters.

Thomas Sullivan has become so attached to the city hall and its surroundings that he tries in vain to steer clear of it. Only last Thursday he was arrested on suspicion of theft, for it he was compelled to lie behind the cold bars for a day, and then sweep the quarters, and Saturday night he concluded that he would like to visit the place again. It required no coaxing on his part to get the opportunity. He pursued the proper course by filling to the brim on his favorite toddy, and while enjoying the effects to the fullest extent Officer Saulsberry nabbed him.

With 30 cents and a half pint on the outside and a little less than a half keg on the inner lining, Frank Jones was picked up Saturday night by Officer Mahoney. He was happy as a lark, and complimented the officer on his striking appearance in a new overcoat. His fine was $1 and costs.

Irwin Potts came all the way from Lisbon Saturday to take a sociable drink, and this morning there was not a more sorry man in the city. While he was jollifying over his evening's pleasure in a manner disgusting to all save himself he very foolishly allowed Officer Saulsberry to get in his path. The usual fine was imposed.

Officer McDermott has no patience with a man that will use profane language, and when he caught W. E. Sweeney, of Wellsville, making the air blue a quick trip was immediately made to the city jail. It was the man's first offense and he escaped with $6.60.

Officers Woods and Rose engaged in a merry chase last evening when they started after five young men of the

WITH THE WORKMEN IN THE CLAY PLANTS

GRECIAN POTTERY.

Consul McGinley, at Athens, Greece, reports on the pottery industry of Greece as follows: "The modern pottery of Greece is principally of two kinds, viz: First, ordinary, cheap crockery ware, for common or general use; second, fine ceramic pottery, artistically made and finished by men who have studied the art at the Polytechnicum, and who modeled their work after the celebrated ancient pottery if Greece, imitating the shape, colors, finish, etc. Some of the clay workers become very proficient and make fine imitations of many of the ancient styles. In the preparation of the clay for pottery, brick, or tile, the Greeks sometimes mix it by hand, but often in a simply constructed clay mixer turned by horse power. The ordinary, or common pottery, is very cheap, and is used for all kinds of culinary and household purposes. Crocks, jars, jugs, vases, bowls, basins, pots, etc., of a reddish color, and usually unglazed within, are in general use, and can be bought at very low rates. In many places, but especially in the Island of Aegina, a cream-colored water jug or jar is made which is so porous that when filled with water the moisture keeps continually exuding to the outside and there evaporating, which wonderfully cools the contents, especially when the vessel stands in a draft. These cheap 'water coolers,' are used by everybody, rich and poor, and great numbers of them are manufactured and sold every year. They are, as they have been for centuries, a great blessing to the people of these warmer regions. These jugs are very cheap, but friable. Many thousands of jugs of the red ware are continually in use, for carrying and holding water. Pottery manufactories are quite numerous. Here in Athens, there are a dozen or more such plants, the most noted of which are the 'Keramcikos' (clay workers') quarter in the western portion of the city and on the 'Sacred Way' of the ancients. They make many kinds of crockery and some very good imitations of ancient vases, etc. In the Cyclades, and in all of the islands of the Aegean sea, there are pottery manufactories peculiar to itself, owing to the difference in the clay or the method used in its manufacture."

DELAY AT CROOKSVILLE.

The Crooksville pottery has been delayed in starting by not being able to secure the piping for stilliards and steam fitting. The firm is now overcoming this as quickly as possible, and will be working in the clay departments in a few weeks. The plant, like many other plants in course of construction, was delayed by the non-arrival of the material needed. Heavy freight traffic on all lines is the direct cause.

TWO NEW KILNS.

The Weir Pottery company, of Monmouth, Ill., is putting up two more kilns and will install a complete outfit of new machinery for the production of lids for the patent "Weir" fruit jar which has been on the market for some years past and on which there is still a great run. It is probable that the capacity of the plant will otherwise be increased.

WINTER PORK SUPPLY.

Elmer V. Reed, boss oddman and Harrison Lucas, saggermaker, at Goodwin's, were over in West Virginia ond day last week after their winter's supply of pork. They purchased two fat porkers on the foot from a farmer and killed and dressed them on the spot. This was their method of circumventing the meat trust.

SPRINKLERS COMPLETED.

The sprinkling system of fire protection at the Dresden pottery was completed yesterday, and when tested proved to be in perfect working order. The workmen commenced this morning to place the system in the National pottery.

NEW ONE AT LANCASTER.

Lancaster, O., is to have a new pottery. James McMahon and L. T. Jack, of Zanesville, are the incorporators of the firm, with $10,000 capital. Toilet sets are to be manufactured, with the intention to later branch out into the production of art pottery.

POTTERY NOTES.

Miss Pearl Huff, of Vodrey's, was a visitor to Steubenville yesterday.

Neal Laird has taken a position in the biscuit kiln crew at the Buckeye.

Miss Dora Green has taken a position in the decorating room at Cartwright's.

Charles Bowers, of the Buckeye, had an increase in his family last week. It is a boy.

The clay hands at the Union were compelled to loaf Friday owing to a shortage of clay. The clay hands at Vodrey's were off Friday and Saturday owing to a break in the engine.

Fred Webb, of the biscuit end at the Buckeye, was off sick several days last week.

Misses Helen Hales and Ida Ditmore, of the Union, were visitors at Pittsburg yesterday.

John Gray, of the biscuit kiln crew at the Buckeye, is laid up with a carbuncle on his hand.

Al Brown, of the machine shop at the Buckeye, is back at work again after a two weeks' illness.

John Shaffer, who has been boss kiln drawer at the Buckeye, has gone on as apprentice kiln hand.

Will Baker, of the glost end at the Buckeye, was taken suddenly ill while at work Saturday and was sent to his home.

Clark Floor, of East Palestine, has accepted a position as foreman of the decorating department of the French China company at Sebring.

Miss Katie Hart, Lizzie Clutter, Clara Grim, Emma Cain, Mary Davis and Jennie Gothan, of Vodrey's, were visitors to Pittsburg yesterday.

Preston Karr, engineer at the Laughlin No. 2 plant, has purchased two nice building lots on Ohio avenue and will have a house built soon on one of them.

Robert Craven, machinist at the Buckeye, has purchased Frank Bennett's property in Gardendale, consisting of a house and an acre of ground. Mr. Bennett has moved to town.

Charles Dyke, of the biscuit end at the Buckeye, hurt a few days ago by a sagger falling on his foot, is now contending with a complication that has resulted from the injury. Erysipelas has set in and he can just hobble aroung with the aid of crutches.

PITTSBURG ORCHESTRA

Second Concerts Friday and Saturday, With a Celebrated Pianist, As Soloist.

The second set of Pittsburg Orchestra dates for the season is Friday evening, November 14, and Saturday afternoon, November 15, and the program with Mr. Ossip Gabrilowitsch, pianist, is as follows:

Concert overture, "Cockaigne," (in London town) op. 40, Elgar; concerto for piano and orchestra in B flat minor, op. 23, Tschaikowsky; suite No. 2, "Indian," op. 48, MacDowell; Legend, Love song, In War Time, Dirge, Village Festival; Siegfried Forging the Sword, from "Siegfried," Wagner.

Here is a modern program of tremendous musical significance for it presents four composers of different nationalities, all of whom have world-wide fame. Edward Elgar, whose name appears first, is a well known London composer. Mr. MacDowell's "Indian" suite is one of the important orchestral novelties of the season. He is in many respects the first of the native born American composers.

Ossip Gabrilowitsch, pianist, is the soloist at these concerts. He is a Russian, pupil and protege of Anton Rubinstein. He draws from his piano a tone orchestral and so sensitive in his temperament that the piano's cantabile quality lingers on the strings as if on a violin.

There is a fine choice of seats for the afternoon and a good choice for the evening. The afternoon concert begins at 2:15. Orders for tickets will be taken by telephone at the ticket office, Grant 1259, at Mellor's, 319 Fifth avenue.

ROLLING MILL FOR SALEM

Representatives of a Syndicate Visited That City Looking for a Site.

Salem, November 10.—Salem has a good chance of securing a large rolling mill if a suitable site can be had for such a plant. On Saturday C. M. Dow, of Chicago, and W. H. Voight, of New York, left after making an inspection of the city and surrounding country. The gentlemen are said to represent a syndicate who are on the lookout for good sites for all kinds of manufactures. Salem is one of the cities that is being considered for the location of such an industry and it may be chosen, although the chances are not very good.

The gentlemen also stated that Akron was another town that was being considered. Salem has had a number of good chances to have manufactories of magnitude locate here, but in most instances through some misunderstanding or lack of enterprise on the part of the people the opportunities have gone by.

Messrs. Dow and Voight expect to make another visit to Salem within a short time, when the matter will be further considered. Mr. Dow was formerly in the newspaper business and was an employe of W. R. Hearst.

FOUND A BROTHER

STEUBENVILLE TEACHER MAKES A HAPPY DISCOVERY.

Children Separated 21 Years Ago Meet for the First Time Since Then.

Steubenville, November 10. — Miss Elizabeth Hukill, a popular teacher in B primary grade, Grant building, in the Steubenville public schools, and Harry Williard, of Kent, O., met in the latter city Friday afternoon for the first time that they can remember.

Miss Hukill and Mr. Williard are sister and brother, and were parted by the death of their mother over 21 years ago, when the girl was aged 2 years and the boy eight days. Since that time Miss Hukill has been in ignorance of the fact that she had a brother, while the young man learned only a week ago that he had a sister.

They were the children of Mr. and Mrs. Oscar Hukill, of Steubenville. At the mother's death the little girl was taken by Mr. and Mrs. George J. Fickes, of North Fifth street, by whom she was raised and with whom she still makes her home. The boy was placed in a children's home at Alliance, from where he was adopted years ago by Mr. and Mrs. Elias Williard, of Kent, by which all trace of the boy's relatives was effaced.

Since the adoption of the boy nothing was known of his whereabouts until a cousin of Miss Hukill and her brother, who resides in Pittsburg, took up the matter and found that Harry Williard, of Kent, was none other than Harry Hukill. This cousin came to Steubenville, met Miss Hukill and told her of his discovery and the story of her brother's disposition after the death of their mother. Miss Hukill then determined to see her brother and in company with their cousin who imparted the glad tidings went to Kent, where brother and sister met yesterday and were reunited.

Oscar Hukill, father of the young people, died about five years ago at Dayton, O. He was in the brick and contracting business in Steubenville for many years with the late A. J. Fickes, but of late years had made his home in Dayton. H. O. Hukill, purchasing agent of the Pennsylvania railroad at Pittsburg, was his brother, and it was Mr. Hukill's son who brought about the happy meeting between brother and sister.

INTERESTING SERVICES

Marked the End of Personal Effort Week at Second Presbyterian Church.

The services at the Second Presbyterian church last evening to mark the end of Personal Effort week were of particular interest and the congregation was was unusually large and attentive. The members of the Young Peoples' society, who arranged the service, were greatly disappointed over the inability of Mr. Weir and Mrs. McCullough, who were to make addresses, to be present. The former was kept away by an injury to a relative and the latter by sickness.

Rev. Mr. Crowe opened the service with some well chosen and appropriate remarks on the church membership and pointed out that only a few of the many younger people could be relied on to do things in the service of the Master. Miss Huberthal read a highly entertaining paper dealing with the first clause of the pledge of the society. All have an influance and it should be used to accompiish good. We should find the blackest side of self and correct it by trusting Jesus as a guide. Dr. J. T. Elliott spoke in place of Mr. Weir, and there were in his remarks many illustrations of what young people can accomplish. He does not believe that the life of a Christian is up-hill work and there should be no hesitancy on the part of those who start out to do God's will. E. D. Moore had an interesting and entertaining address, which was greatly enjoyed. Another enjoyable feature was the special music.

BITTEN BY A DOG

William Boice Thought He Was in No Danger Until He Felt Its Teeth on His Flesh.

William Boice, of near Wellsville, was bitten by a dog on St. George street, Sunday afternoon about 2:30 o'clock. Boice had gone to the East End to call on some friends and was passing the residence of William Finney when the dog attacked him. The animal is a small one and Boice had no idea that he was in any danger. However, after barking and following him for some distance the dog sprang at Boice and fastened his teeth in the calf of his left leg.

Maddened by the pain from the wound Boice administered several vicious kicks and succeeded in driving the animal away. He then hastened to the office of Dr. Marshall and had his wounds cauterized. The dog showed no evidences of having rabies, but it will be killed today.

PASTOR M'QUISTON ILL

Was Unable to Conduct Services at the Second U. P. Church Yesterday.

Rev. D. W. McQuiston, of the Second ond U. P. church, was too ill yesterday to conduct the services at his church and Rev. J. N. Swan filled the pulpit for the morning. There were no services in the evening. Rev. Mr. McQuiston is now under the care of a physician and while his condition is not alarming he is a very sick man. His temperature yesterday was 2½ degrees below normal, and he is suffering with a severe cold and general depression of the system.

To Incorporate New Lodge.

Messrs. James Robinett, T. M. McKane and Robert Newell, who compose the committee having in charge the Odd Fellows meeting to be held next Friday night in Larkin & Ferguson hall, have completed part of the arrangements for the entertainment. There will be a banquet among other things and a program of music and recitations. The committee will meet again tomorrow evening. There are now a number of Odd Fellows in the East End holding membership in various lodges and it is proposed to find out just how many there are and if the number is sufficient to incorporate them into an order in the East End.

Street Car Left the Track.

Street car No. 1, in charge of Motorman Gus Brandenberg and Conductor John Whan, left the track this morning about 8 o'clock at the eastern end of the Thompson pottery. The body of the car struck the end of a tie that had worked up from the numerous teams passing over it, and the car, which was going at a good rate of speed, plunged into the embankment to the right of the track. Had the car gone to the left it would have plunged over the river bank and a serious accident would have resulted. As it was no one was injured.

Home From Abroad.

Mrs. W. O. Challinor, of Ohio avenue, returned this morning from Glasgow, Scotland, where she has spent the past seven months with relatives. Mr. Challinor went to New York Saturday where he met her upon her arrival of the steamship Cymric. He saw for the first time his baby boy, who was born during Mrs. Challinor's stay in the old country. He is now several months old. Mrs. Challinor's sister, Miss Meekle, of Glasgow, accompanied her and will spend the winter in East Liverpool.

Injured While Hunting.

Mr. and Mrs. T. H. Fuller, of near Pennsylvania avenue, received a telegram Saturday evening from Nelsonville, O., containing the sad news of the serious injury of their son Curtis while out hunting near that city. The telegram gave no details as to how the accident occurred and as neither Mr. and Mrs. Fuller could go to him they wired immediately for further particulars. They had received no answer up until noon today and this is taken as an indication that the injury has not proved fatal.

Beaver Would Not Play.

The Marine Athletic club football team did not go to Beaver Saturday to play the game that was scheduled. A telegram was received Friday evening from the team there stating that they would be unable to play. No cause was assigned and the Marines think that it looks like a backdown. They had made all preparations for the trip and are greatly disappointed as they were anticipating a good game and another victory. They will play the Market street Tigers next Saturday.

Tot's Peculiar Mishap.

John Brant's three-year-old son was out in the yard at his home in Helena Sunday afternoon playing in the sunshine, and for some reason probably not known even by the youngster placed a small pebble in his nose. He ran to his mother and she, finding that she could not remove it, took him to the office of Dr. Mowen. The doctor with a little difficulty extracted the stone, and the youngster suffered nothing from his peculiar adventure.

EAST END AFFAIRS.

Attorney J. E. Davis spent Sunday with his mother at Calcutta.

Charles Haines, of Niles, Ohio, was calling on East End friends yesterday.

Mrs. Archie Putnam left this morning for Ohioville, where she will visit her parents.

Laura, the little daughter of Captain and Mrs. Terrance, is quite ill with catarrhal fever.

Mrs. Kate Grant, of Pennsylvania avenue, is visiting Mrs. D. P. Ralston, at Smith's Ferry.

Mr. and Mrs. John Mount spent yesterday with Mr. and Mrs. Wm. Copestick, of Ohio avenue.

Wm. Ralph left this morning for Long Reach, where he will spend a couple of weeks hunting.

Officer Fisher and Dr. F. F. Davis are out on a quail hunt this morning. This is the first day of the open season for the birds.

Miss Mary Thompson has taken her old position in Chambers' store, on Mulberry street, after a nine months' visit in California.

C. L. Chambers and family, of Pittsburg, are the guests of his brother F. B. Chambers. At the conclusion of the visit they will go south for the winter and may locate there permanently.

Jesse Cooper, of Pennsylvania avenue, who was so seriously ill for several months, with a bealed head and other troubles, is now entirely recovered and today resumed his work as a presser at the National pottery.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment and especially valuable for burns cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

A WONDERFUL WELL

GUSHES WATER ENOUGH TO SUPPLY A CITY OF 20,000.

Draining Farmers' Wells Miles Away And Drying Up a Creek Above.

Salem, November 10.—The huge artesian well on the R. C. Galbreath farm, seven miles south of this city, is a wonder and is attracting widespread attention.

The well was drilled 130 feet deep by Nicholson & Chapman, oil well drillers of Homeworth, for the Sebring Brothers, of Sebring, who hold lases on about 1,700 acres of land in that vicinity. It is believed that there is oil there, although the first test well brought in a great water gusher.

The first well was started on the bank of the Mahoning river, near its headwaters. The flow of water was struck in the gravel at 130 feet. It filled the eight-inch casing and spurted above the top of the pipe nearly two feet. In attempting to drive the casing three of the upper sections broke off. This permitted water to escape into the hole. After that there was no chance to check the flow or connect up the casing. The effects of such a volume of water in sand and gravel can be imagined. It wore away the hole until at present there is a pool more than 20 feet in diameter and nearly as deep in places. A ditch from this carries the water into the Mahoning, more than doubling the size of the creek.

All springs and wells in the vicinity, not having their sources in rock, are affected by the artesian well and practically drained by it. Above the place the Mahoning is sinking slowly, only to again come to the surface through the mouth of the well. Some wells three miles from the gusher are affected, and a spreading of the effects is anticipated.

It was a week ago last Thursday that the flow was struck. Since that time it has increased, if there has been any change in the volume. It is impossible to estimate the extent of the flow from the size and depth of the ditch which carries the water from the well. A conservative estimate is that over 1,500,000 gallons of water escapes from the well each day. This is enough to supply a city of 20,000 people, and is more than twice the amount of water consumed in this city. The water is as pure as crystal, where it is uncontaminated by floating sand.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissues to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Druggists sell it for 50 cents. Ely Brothers, 56 Warren street, New York, will mail it.

A WONDERFUL WELL

GUSHES WATER ENOUGH TO SUPPLY A CITY OF 20,000.

This permitted water to escape into the hole. After that there was no chance to check the flow or connect up the casing. The effects of such a volume of water in sand and gravel can be imagined. It wore away the hole until at present there is a pool more than 20 feet in diameter and nearly as deep in places. A ditch from this carries the water into the Mahoning, more than doubling the size of the creek.

All springs and wells in the vicinity, not having their sources in rock, are affected by the artesian well and practically drained by it. Above the place the Mahoning is sinking slowly, only to again come to the surface through the mouth of the well. Some wells three miles from the gusher are affected, and a spreading of the effects is anticipated.

It was a week ago last Thursday that the flow was struck. Since that time it has increased, if there has been any change in the volume. It is impossible to estimate the extent of the flow from the size and depth of the ditch which carries the water from the well. A conservative estimate is that over 1,500,000 gallons of water escapes from the well each day. This is enough to supply a city of 20,000 people, and is more than twice the amount of water consumed in this city. The water is as pure as crystal, where it is uncontaminated by floating sand.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissues to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Druggists sell it for 50 cents. Ely Brothers, 56 Warren street, New York, will mail it.

CHURCH DEDICATION

Rev. Albert Steele, Formerly of This City, Will Participate in an Important Event.

Wheeling, November 10.—Rev. Albert Steele, formerly of East Liverpool, the pastor of the M. P. church at Wadesville, is in the city today. He is a minister of fine standing and ability. The M. P. church building at Wadesville will likely be dedicated November 30. It is the desire to dedicate it free of debt, and if this end is attained, the dedication ceremonies will be on the day named.

Rev. C. L. Queen, the president of the West Virginia M. P. conference, will deliver a lecture and recital at the church on Monday evening, November 24. The proceeds will be for the benefit of the church. Mr. Queen is very entertaining in this way.

MONDAY, NOVEMBER 10, 1902.

The editor of the Lisbon Patriot does not like football. Hear him: "There is not a thoughtful parent or school teacher in the land, who does not deplore the existence of the football craze. A Mexican bull fight is just as reasonable as the present kicking matches, in which heads are caved in, arms and legs broken, stomachs bruised and intestines ruptured. In short, the modern game of football is extremely brutal and ought to be suppressed by law. Many sports for those needing exercise are commendable, but games where main strength is required to win, and where life and limb are endangered, are disreputable and in great disfavor among parents and guardians. We look to our school teachers to aid us in suppressing vice of all kinds, and the vice of brutality is an ugly one and ought to be smothered whenever and wherever it raises its head." Suppression of football would be an impossibility, no matter who tried it. Effort should be directed toward eliminating its disagreeable and dangerous features. Suppress brutality and the game is all right.

Secretary Root, in discharging an officer from the army service, said: "Evidence shows that the officer was suffering from chronic alcoholism and on at least one recent occasion had been drunk on duty. These are not grounds for placing an officer on the retired list and supporting him in idleness for the rest of his life, at the expense of the country, but they are grounds for dismissing him from the service which he has disgraced." The secretary has discharged a disagreeable duty fearlesssly and well. With such a man at the head of the war department the moral tone of the army will certainly improve.

A report of the bureau of statistics shows that though there has been a falling off in our exports as a whole the exports of manufacture for the first nine months of this year were $12,641,890 greater than those of the same period of last year, and that they were never exceeded in any corresponding period except the first nine months of 1900. Their value has risen from $111,290,024 in 1892, to $311,302,441 in 1902.

It is stated that in the past two months nearly 50,000 homeseekers have departed from the east to settle beyond the Mississippi. Any movement toward the agricultural regions and away from the great cities is a healthy indication, provided it does not derive its stimulus from the circulars of western real estate boomers, whose promises are more frequently disappointing than satisfactory.

The upper Ohio valley is to be strongly represented at the river improvement convention which opens at Parkersburg tomorrow. From all indications the gathering will be important and influential. Millions of people are interested in the proposed improvement, and the effort to secure it should not be relaxed until victory has been won.

There is smallpox at Lisbon, Clarkson, Sebring, and elsewhere in the vicinity. It is quite likely to find its way to East Liverpool. Action by the board of health and the adoption of general vaccination and other precautionary measures would certainly be timely.

Marconi's next effort will be to send wireless messages clear across the Atlantic. He will have to send something more than the letter "s" to convince a somewhat incredulous public that his system is likely to put the cable companies out of business.

General Corbin has come out against weddings in the army. He says that it injures an officer's usefulness to get married while he is in the service. General Corbin took a bride home a few years ago, and he ought to know what he is talking about.

There is a splendid opportunity for the East Liverpool police to distinguish themselves by catching a few "hold-up" men. So long as they get the actual offenders the public will not be particular whether they take them dead or alive.

The new code is the law of Ohio and should be given a fair test before it is condemned. Attempts to create public sentiment against it cannot be too severely censured.

Grover Cleveland is still for tariff reform. He is the only conspicuous Democrat who dares to speak out and he does so because he is not in politics.

Figures won't lie but liars will figure. Some of them are still busy trying to extract Democratic comfort from the election returns.

How would it do for the government of Colombia to appoint a receiver to straighten out its affairs?

There seems to be more ceremony than cordiality about the visit of the kaiser to the king.

OBITUARY

Miss Mary Pettit.

Lisbon, November 10.—(Special)—Miss Mary Pettit, aged 84 years, died Sunday morning at 5:30 at the home of J. L. Wellington, in this place, where she had lived for five years. Death was due to the infirmities of age. She is said to have had a slight stroke of paralysis three months ago. She liven in Lisbon all her life. She was a sister of ex-County Auditor Stacey Pettit, who held office from 1875 to 1881. Funeral services will be held from the home Tuesday at 1 p. m., Rev. Mr. Fowler, officiating.

Joshua Fitzsimmons.

Joshua Fitzsimmons, aged 39 years, died Sunday morning at 8:30 o'clock, from peritonitis, complicated by intestinal obstruction. He was taken sick a week ago and his physician gave up all hope of saving his life last Friday. The funeral services were held at the home of his brother near Fredericktown, with whom he lived. He was a son of Mr. and Mrs. James Fitzsimmons, both of whom are now dead, and was highly respected in the community.

The Elks' club has decided to keep open house during the meeting of the association, and it is expected that the Blennerhasset club will take the same action.

The meeting will convene tomorrow morning at 10 o'clock and will last two days. Every moment of that time will be consumed in carrying out the order of business. The program will without doubt be interesting in every detail, as the business transacted by the immense gathering of influential and representative people will eventually work wonders for the general prosperity of the millions living in this great Ohio valley.

Among the distinguished men who have announced their intention to be present are: Governor Nash, of Ohio; Governor White, of West Virginia; Governor Beckham, of Kentucky; Governor Yates, of Illinois; Senator J. B Foraker, of Ohio; Senators Elkins and Scott, of West Virginia; Congressman Dovener, of West Virginia; Congressman Grosvenor, of Ohio; Congressman Dalzell, of Pennsylvania; Congressman Hemingway, of Indiana; Colonel George H. East Liverpool Delegation Departs Today, Accompanied By Congressman Tayler.

The delegates who will represent East Liverpool at the Parkersburg convention of the Ohio Improvement association left the city on the afternoon train today, accompanied by Hon. R. W. Tayler, of Lisbon.

The delegation from East Liverpool will be made up as follows: W. H. Surles, chairman; W. E. Wells, secretary; W. L. Smith, Colonel John N. Taylor and Will L. Thompson. Dr. R. J. Marshall, one of the delegates, may be detained at home by the illness of his wife.

All of the delegates chosen at a recent meeting of council to attend the Parkersburg convention of the Ohio River Improvement association, with the exception of Judge P. M. Smith, left this noon for Parkersburg, where they will look after the interests of Wellsville. Particular pains will be taken by the delegates to point out the advantages if dam No. 8 is placed below Wellsville.

Crisis In Strike at Hand.

Paris, Nov. 10.—The government is taking precautions to handle another outbreak on the part of the striking miners in case the decision reached Saturday night to continue the strike is followed by violence. The authorities believe that the crisis in the strike is near and that the next 24 hours will settle the question whether the men hold to their decision to continue the movement or straggle back to the mines. The miners are in an ugly mood and much disorder prevails.

Smith, left this noon for Parkersburg, where they will look after the interests of Wellsville. Particular pains will be taken by the delegates to point out the advantages if dam No. 8 is placed below Wellsville.

Crisis In Strike at Hand.

Paris, Nov. 10.—The government is taking precautions to handle another outbreak on the part of the striking miners in case the decision reached Saturday night to continue the strike is followed by violence. The authorities believe that the crisis in the strike is near and that the next 24 hours will settle the question whether the men hold to their decision to continue the movement or straggle back to the mines. The miners are in an ugly mood and much disorder prevails.

WELLSVILLE

AMONG THE CHURCHES

Dr. Manchester Preached Yesterday. Coming Meeting of the U. P. Presbytery.

Rev. C. E. Manchester, presiding elder of the M. E. church, Steubenville district, preached at both the morning and evening services at Highlandtown, near Irondale, Sunday. He will preside at the conference to be held at Brilliant November 11 and 12.

A called meeting of the Steubenville U. P. presbytery has been called for the purpose of installing Rev. W. G. Stewart, of Homestead, Pa., as pastor over the church of West Beaver and Lebanon and will meet at the West Beaver church, near West Point, Tuesday, November 10.

The annual praise service and thank offering of the Woman's Home and Foreign Missionary society of the First Presbyterian church was held Sunday evening in the church. Miss Neilson, who was raised among the Mormons, was present and gave quite an interesting talk upon the mode of religion of the Mormons.

THE DOG CASE HEARD

But Will Be Disposed of Later—A Jury Trial Demanded.

A preliminary hearing in the replevin suit of William Timmons against James Madden was given Saturday afternoon before 'Squire A. G. Mackenzie in the council chamber at the city hall. The case was argued for nearly two hours, the defendant finally demanding a jury trial.

The case was set for final hearing Friday morning. Mr. Madden then expects to be prepared to fight the case to a finish. A large crowd were present at the hearing Saturday, among whom were Mayor Davidson and one or two other city officials of East Liverpool.

The suit in question is over the possession of a hunting dog which is now in the possession of Constable Henry Thorn.

THE CITY CENSUS

Officers Who Have Been at Work Three Weeks Have Nearly Finished the Task.

Wellsville officers have now been at work upon the city census for nearly three weeks and have about completed their work. Each officer has been working in the ward containing his beat and aside from taking the census has become acquainted with the people whom he protects during the night season. This is a good thing, as occasionally the citizens are able to help out an officer on some difficult case or may have occasion to help the officer make an arrest.

It is claimed that the new census will show this city has not quite 10,000 population.

Madden Will Fight.

As stated Saturday, James Madden was arrested Saturday upon the warrant sworn out by Rev. W. M. Glasgow and Rev. C. L. Wells, who charge him with violating the city screen ordinance. Madden was brought before Mayor Fogo Saturday afternoon and pleaded not guilty. After putting up security for his appearance the case was set for hearing at 7 o'clock, Friday evening. Mr. Madden will then have an attorney and will fight the case.

The Funeral of Miss Campbell.

The funeral of Miss Lizzie Campbell, who committed suicide last Friday morning, was held at 1:30 Sunday afternoon at the First Presbyterian church. Rev. L. F. Laverty, the pastor of the church officiated. Interment was made in Spring Hill cemetery. Mr. and Mrs. Campbell, of Monroeville, brother and sister-in-law of the deceased, were present, also Misses Anna and Margaret Campbell, nieces of the deceased, and a brother, Mr. Campbell, of Minerva, Ohio.

NO EVIDENCE FOUND

On Which to Hold the Men Arrested For Robbing Mrs. Charles Barr.

James Halfhill, George Robbins and John Hanahue, who were arrested Friday night, charged with assaulting Mrs. Charles Barr and robbing her of $100, which she had concealed upon her person, were given a hearing Saturday evening before Mayor Fogo and a large crowd of spectators. No good evidence was brought against the accused and they were released. The queen of the gypsy camp who was seen at Mrs. Barr's house on several occasions, is now suspected.

John Allison Set Free.

John Allison, who has many times figured in municipal courts in East Liverpool, Chester and Wellsville, and who was arrested on October 28, charged with being drunk and disorderly, was released today and immediately left for East Liverpool. Allison was held for being in possession of a check for $11 made out to John Thomas, and signed by J. C. Blackburn, of Toronto, upon the Bank of Toronto. Mayor Fogo investigated and found that Allison had a right to the check.

Wellsville Again Defeated.

The football game played Saturday afternoon on the Aten field in the West End between the East Liverpool high school and the local high school team was in favor of the latter team, the score at the end of the second half being 12 to 5. Another game will be played later between the same teams, probably at East Liverpool.

Board of Education.

The regular meeting of the board of education will be held this evening. The regular order of business will be followed. The superintendent's report for October will probably be given. It will show that the attendance at the schools was not as good as during the month of September.

AMONG THE UNIONS.

Local union No. 405, Carpenters and Joiners, will meet Friday evening in the same hall.

The regular meeting of local union No. 24, N. B. of O. P., will be held tomorrow evening.

Local union No. 55, N. B. of O. P., the girls' local, will meet this evening in the Potters' hall in regular session.

Local union No. 63, Retail Clerks' union, will meet Wednesday evening in Potters' hall. It is expected that some final disposition will be made of the present disagreement between the grocers and grocery clerks regarding the number of hours of work each day. The grocers now retain their clerks from 6 a. m. until 6:30 p. m. excepting Saturday. The clerks want this time reduced to from 6 a. m. until 6 p. m.

THROWN FROM A BUGGY

Mrs. Thomas Ward Painfully Injured While Driving in the Country.

Mrs. Thomas Ward, of Carolina avenue, was seriously injured Friday evening while on her way to the home of Miss Jane Stewart, in Gas Valley. They were in a spring wagon and when near the residence of Mr. Sherman Allison, about one mile from their destination, in driving over a culvert, Mrs. Ward and her young son Harold were thrown out. Miss Stewart and her brother, Paul Stewart, who was driving, managed to retain their seats.

The child escaped injury, but Mrs. Ward, in falling down an embankment, alighted head first upon some stones. She was badly bruised about the head. Her eye was swelled almost shut before she reached the Stewart home. Dr. Donehoo, of Fairview, was called immediately. Mrs. Ward was brought home last evening. Z

TAKEN TO WHEELING

Connelly, the Alleged Pickpocket, Once More in a West Virginia Jail.

Thomas Connelly, the pickpocket, was taken to Wheeling jail yesterday by Sheriff C. F. Allison. He at first refused to leave Pittsburg without requisition papers, but was persuaded to do so.

Connelly denies he is the man wanted here and says he remembers nothing about ever being at Rock Springs or New Cumberland. A strong guard will be placed over him while he is in jail.

The Pittsburg detectivee said he was probably the most dangerous man the Hancock county officers ever had in charge. They expect to land him this time.

Aged Citizen Ill.

Charles B. Allison, one of the best known citizens of Grant district, is very sick, with little hopes of his recovery. He is suffering from kidney trouble. Drs. Lewis and Hobbs were both in attendance Saturday night. Mr. Allison is 83 years of age.

Fulton vs. Arner.

In the circuit court today at New Cumberland the case of George Fulton against George Arner, former manager of the Chester Grocery company, will be heard. A team of horses belonging to Fulton was attached some time ago by Arner to satisfy a claim for groceries amounting to about $60. Arner sold the team for the debt. Mr. Fulton's plea was that Arner did not advertise the team the length of time required by law. Grosshans is attorney for plaintiff.

FINES IMPOSED BY THE MAYOR

Continued from First Page.

city who were making themselves generally obnoxious and disgusting by their deeds of rowdyism on Sixth street. The attention of the officers was called to the roguish quintet by a peaceable citizen who had been disturbed. At sight of the blue coats the fellows separated into two bunches and ran for hiding in alleys. But three of them were corraled, Joe McGinnis, Pat Carney and J. O'Neil. They were caught while trying to get into barrels at the rear of the Walsh hotel. A hearing will be granted them this evening, when it is likely that they will receive the usual fine of $6.60.

Will Cavin was arrested on Saturday night by Officer Dawson on a warrant sworn against him for fast driving. He protected strenuously upon being arrested, but to no avail. He will be given a hearing today.

John Cassiday made a grave mistake last evening when he allowed himself to be seen by Officer McDermott. He was about as full as they generally get, and the officer arrested him. He pleaded guilty to a charge of drunkenness and the mayor sentenced him to the workhouse at Conton upon his refusal to pay a fine $10 and costs.

THROWN FROM A BUGGY

Mrs. Thomas Ward Painfully Injured While Driving in the Country.

Mrs. Thomas Ward, of Carolina avenue, was seriously injured Friday evening while on her way to the home of Miss Jane Stewart, in Gas Valley. They were in a spring wagon and when near the residence of Mr. Sherman Allison, about one mile from their destination, in driving over a culvert, Mrs. Ward and her young son Harold were thrown out. Miss Stewart and her brother, Paul Stewart, who was driving, managed to retain their seats.

The child escaped injury, but Mrs. Ward, in falling down an embankment, alighted head first upon some stones. She was badly bruised about the head. Her eye was swelled almost shut before she reached the Stewart home. Dr. Donehoo, of Fairview, was called immediately. Mrs. Ward was brought home last evening. z

TAKEN TO WHEELING

Connelly, the Alleged Pickpocket, Once More in a West Virginia Jail.

Thomas Connelly, the pickpocket, was taken to Wheeling jail yesterday by Sheriff C. F. Allison. He at first refused to leave Pittsburg without requisition papers, but was persuaded to do so.

Connelly denies he is the man wanted here and says he remembers nothing about ever being at Rock Springs or New Cumberland. A strong guard will be placed over him while he is in jail.

The Pittsburg detectivee said he was probably the most dangerous man the Hancock county officers ever had in charge. They expect to land him this time.

Fulton vs. Arner.

In the circuit court today at New Cumberland the case of George Fulton against George Arner, former manager of the Chester Grocery company, will be heard. A team of horses belonging to Fulton was attached some time ago by Arner to satisfy a claim for groceries amounting to about $60. Arner sold the team for the debt. Mr. Fulton's plea was that Arner did not advertise the team the length of time required by law. Grosshans is attorney for plaintiff.

FINES IMPOSED BY THE MAYOR

Continued from First Page.

city who were making themselves generally obnoxious and disgusting by their deeds of rowdyism on Sixth street. The attention of the officers was called to the roguish quintet by a peaceable citizen who had been disturbed. At sight of the blue coats the fellows separated into two bunches and ran for hiding in alleys. But three of them were corraled, Joe McGinnis, Pat Carney and J. O'Neil. They were caught while trying to get into barrels at the rear of the Walsh hotel. A hearing will be granted them this evening, when it is likely that they will receive the usual fine of $6.60.

Will Cavin was arrested on Saturday night by Officer Dawson on a warrant sworn against him for fast driving. He protested strenuously upon being arrested, but to no avail. He will be given a hearing today.

John Cassiday made a grave mistake last evening when he allowed himself to be seen by Officer McDermott. He was about as full as they generally get, and the officer arrested him. He pleaded guilty to a charge of drunkenness and the mayor sentenced him to the workhouse at Conton upon his refusal to pay a fine $10 and costs.

Crown Prince at Kansas City.

Kansas City, Mo., Nov. 10.—The crown prince of Siam broke his western journey by a two-hours' stop over here, the time being spent in a drive through the city. The prince was welcomed by a native of Siam, Nai Luang, a student at the Atchison (Kan.) college. He presented the prince with a bouquet of pink chrysanthemums. The next stop of the party will be at Colorado Springs today, the best part of the day being allotted for sightseeing.

TO STOP LADRONISM.

The Philippine Government Contemplates Securing Aid of the Military.

MARTIAL LAW TO BE ADOPTED.

Army and Civil Authorities Are to Work In Conjunction—Vigorous Operations In Cavite Province Will Commence Shortly.

Manila, Nov. 10.—The government is adopting vigorous measures to suppress Ladronism in the provinces of Cavite, Pizal and Bulacan. A zone embracing these provinces, and surrounding Manila, is the scene of constant petty and sometimes serious disorder. Several armed bands, some of them numbering 200 or 300 men, are operating in the described district and have committed various depredations. They find a safe refuge in the mountains. The plan of the government contemplates securing the assistance of the military, which has been inactive since the end of the insurrection. The extent of the army's participation in the work of suppression depends upon developments. It is probable that the military authorities will request the garrisons to protect the more important towns, while the constabulary conduct the field operations. It is thought that martial law in a modified form will be declared and the privilege of the writ of habeas corpus suspended in Cavite province, which has been the home of the Ladrones for ages.

Military control of Cavite province is not contemplated. It is intended that the military and civil authorities shall work in conjunction. The belief is held that advantage has been taken in some parts of the islands of the complete inactivity of the soldiers and it is thought that the use of the army by the civil authorities will have a beneficial effect.

The vigorous campaign against the Ladrones which has been conducted by volunteers in Bulacan province has resulted in driving many refuges bandits into Rizal, where the campaign is now opening.

General Davis is co-operating with Governor Taft. He has strengthened the garrisons in Rizal and is supporting and assisting the native constabulary which is now afield. The operations in Cavie province will commence shortly.

Public Hearing of Shipping Bill.

Manila, Nov. 10.—The commission has decided to hold a public hearing on the coastwise shipping bill before taking final action in the matter. The measure as drafted permits foreign vessels to engage in the Philippine coastwise trade until 1904. It requires owners of foreign vessels bringing Chinese crews to the Philippines to give bonds on the Chinamen, it requires the payment of duties on supplies purchased abroad; it gives the governor of the Philippines power to appoint a commission to fix freight rates and it makes coasting steamers common carriers. The last provision is aimed at putting an end to discrimination by the trading companies now operating on coastwise steamers.

HERE'S A GOOD THING

Something You Can Readily Believe As, It's East Liverpool Evidence.

Mr. H. Rushton, of No. 387 West Market street, East Liverpool, says:—"Before I used Dr. A. W. Chase's Nerve Pills I got at Larkins' Drug Store, I was bilious—head felt achy and dull. FIFTIETH ANNIVERSARY.

Distinguished Catholic Churchmen Assisted In Ceremonies at Cleveland.

Cleveland, O., Nov. 10.—Yesterday was the biggest day of the several which are being taken up in the observance of the fiftieth anniversary of St. John's cathedral in this city. Pontifical mass was celebrated by Bishop Dennis J. Donaghue, of Indianapolis, at 10 o'clock a. m. Also present at the mass were Archbishop Elder, of Cincinnati; Archbishop Ryan, of Philadelphia; Bishop Maes, of Covington, Ky.; Bishop McQuaid, of Rochester, N. Y.; Bishop Horstmann, of Cleveland, and Vicar General Byrne, of Boston. The sermon was by Bishop McQuaid.

In the afternoon a parade of 10,000 Catholics representing several societies and the city's parishes occurred.

Incident to the celebration the Rev. D. J. Stafford, rector of St. Patrick's church, Washington, preached at St. Agnes' church yesterday on "Christian Charity."

GENERAL WOOD ARRIVES HOME.

Speaks Kindly of Treatment of Himself and Associates in Germany and England.

New York, Nov. 10.—General Leonard Wood, who went over with Generals Corbin and Young to represent this country at the German war maneuvers, arrived yesterday on the American line steamship St. Louis. General Wood was accompanied by his family.

"I remained after Generals Corbin and Young," said General Wood, "in order to visit Scotland with my family. The generals and myself were treated very kindly, both in Germany and in England. We were granted every facility for seeing the workings of the military systems, and have seen many things which were not only interesting and instructive, but will be useful if adopted in this country."

General Wood was asked whether he is in favor of establishing the canteen in the army. He replied:

"My canteen reports are on file. General Funston has come out strong for the canteen, did he not? I think we are all of one opinion on that subject."

General Wood went direct to Washington.

Prince Henry of Piess, who comes to represent the German emperor at the dedication of the New York chamber of commerce on Tuesday, was also a passenger on the St. Louis.

BALL PLAYER SHOT.

Harry Allemang Mortally Wounded at Mason, W. Va., by Burglars.

Cleveland, O., Nov. 10.—A special to the Plain Dealer from Pomeroy, O., says:

Harry Allemang, a ball player, who pitched in the Southern league this season and who has signed with Cincinnati for the coming year, was shot and mortally wounded at Mason, W. Va., his home, early yesterday morning. Allemang had been out with friends and was returning home at 3 o'clock. He found buglars at work in the postoffice. A sentry on the outside ordered Allemang to halt. No attention was paid to the command and the sentry fired on Allemang, the bullet entering his back and lodging in the left lung. Physicians state that the wound is fatal. When Allemang had fallen to the ground the robbers took $980 from him.

Peace Proposals of Colombian Government Not Satisfactory to Revolutionists.

AMNESTY DECREE IS REJECTED.

General Vargas-Santos Did Not Attend Peace Conference, Thinking it Useless—Uribe-Uribe Ordered to Be Sentenced to Death.

San Jose, Costa Rica, Nov. 10.—The reason why General Vargas-Santos, military director of the Colombian revolution, did not go to Panama to attend the conference arranged to take place yesterday on board the United States battleship Wisconsin, in Panama harbor, between representatives of the Colombian government and the revolutionists, is because the government of Colombia, according to advices received here, intended to limit the subject of the conference to the acceptance of the decree of amnesty recently promulgated by the president of Colombia, Senor Marroquin.

General Santo Domingo arrived here last month bearing peace proposals from the Colombian government to General Vargas-Santos. He said the purpose of his government in calling the peace conference was to establish an effective and lasting peace which would harmonize the interests of the several political parties concerned in the revolution. The matter was discussed between General Vargas-Santos and the Colombian representative, who exchanged a number of cablegrams with the Colombian authorities at Panama, with the result that General Vargas-Santos accepted the proposals made by General Santo Domingo and promised to attend the conference at Panama with Generals Perdomo and Salazar, of the Colombian government, and General Herrera, of the revolutionists.

Limited to Amnesty Decree.

At this point of the negotiations General Vargos-Santos received advices to the effect that notwithstanding the proposals of the Colombian government, made through its representative here, Colombia purposed limiting the conferees to the acceptance of the decree of amnesty. General Vargas-Santos thereupon refused to accept such a proposition and decided to withdraw from the conference, which, he says, he considers futile.

At the same time the military director of the Colombian revolution learned that the Colombian government had issued orders to General Tovar to imprison the revolutionary General Uribe-Uribe and sentence him to death without mercy. This order was given in spite of General Uribe-Uribe's capitulation to the government forces, which occurred at Rio Frio, Colombia, last month. The result of this news, which is considered in Colombian revolutionary circles here to be a shameful violation of public faith, further decided General Vargas-Santos not to attend the peace conference at Panama, and he issued orders to the Colombian revolutionary army to continue its warfare.

General Vargas-Santos declares he is willing to make peace, providing that the Colombian government will recognize the civil and political rights of which the Liberal party has been deprived for the last 17 years, but not otherwise.

Searching For Revolutionary Fleet.

Panama, Colombia, Nov. 10.—The Colombian government gunboats Bogota and Chucuito left here Saturday on a trip along the coast in search of the revolutionary fleet. It is reported that Captain Marmaduke, of the Bogota, has received instructions to engage the revolutionists in a decisive battle if he finds it possible to do so.

Salutes In Honor of King Edward.

Panama, Colombia, Nov. 10.—At noon yesterday the British, American and Chilean men of war in the bay fired salutes of 21 guns in honor of the anniversary of the birthday of King Edward.

Fast Express Wrecked.

Huntington, W. Va., Nov. 10.—The Norfolk and Western fast express, bound from Columbus to Norfolk, Va., had a head-end collision with an extra freight near Williamson yesterday. When the collision occurred the train was running 50 miles an hour. John Snyder, of Plattsburg, Va., express messenger, was instantly killed. The injured are: Abe Jackson, engineer, and J. C. Eakins, fireman. Each is in a serious condition. The baggage and mail cars caught fire and Snyder's remains were burned to a crisp.

Would-Be Burglar Shot.

Warren, O., Nov. 10.—Isaac Corosoveso was shot early yesterday morning while in the act of breaking into the residence of M. S. Clapp. Officer Andrew McNeeley fired the shot, the bullet entering one of Corosovoso's legs.

New Bank Formed.

TO STOP LADRONISM.

The Philippine Government Contemplates Securing Aid of the Military.

MARTIAL LAW TO BE ADOPTED.

Army and Civil Authorities Are to Work In Conjunction—Vigorous Operations In Cavite Province Will Commence Shortly.

Manila, Nov. 10.—The government is adopting vigorous measures to suppress Ladronism in the provinces of Cavite, Pizal and Bulacan. A zone embracing these provinces, and surrounding Manila, is the scene of constant petty and sometimes serious disorder. Several armed bands, some of them numbering 200 or 300 men, are operating in the described district and have committed various depredations. They find a safe refuge in the mountains. The plan of the government contemplates securing the assistance of the military, which has been inactive since the end of the insurrection. The extent of the army's participation in the work of suppression depends upon developments. It is probable that the military authorities will request the garrisons to protect the more important towns, while the constabulary conduct the field operations. It is thought that martial law in a modified form will be declared and the privilege of the writ of habeas corpus suspended in Cavite province, which has been the home of the Ladrones for ages.

Military control of Cavite province is not contemplated. It is intended that the military and civil authorities shall work in conjunction. The belief is held that advantage has been taken in some parts of the islands of the complete inactivity of the soldiers and it is thought that the use of the army by the civil authorities will have a beneficial effect.

The vigorous campaign against the Ladrones which has been conducted by volunteers in Bulacan province has resulted in driving many refuges bandits into Rizal, where the campaign is now opening.

General Davis is co-operating with Governor Taft. He has strengthened the garrisons in Rizal and is supporting and assisting the native constabulary which is now afield. The operations in Cavie province will commence shortly.

Public Hearing of Shipping Bill.

Manila, Nov. 10.—The commission has decided to hold a public hearing on the coastwise shipping bill before taking final action in the matter. The measure as drafted permits foreign vessels to engage in the Philippine coastwise trade until 1904. It requires owners of foreign vessels bringing Chinese crews to the Philippines to give bonds on the Chinamen, it requires the payment of duties on supplies purchased abroad; it gives the governor of the Philippines power to appoint a commission to fix freight rates and it makes coasting steamers common carriers. The last provision is aimed at putting an end to discrimination by the trading companies now operating on coastwise steamers.

HERE'S A GOOD THING

Something You Can Readily Believe As, It's East Liverpool Evidence.

Mr. H. Rushton, of No. 387 West Market street, East Liverpool, says:—"Before I used Dr. A. W. Chase's Nerve Pills I got at Larkins' Drug Store, I was bilious—head felt achy and dull. The effect of the medicine was to clear the head—give a feeling of strength, energy and new life. This I think justifies a recommendation."

SOUND AS A DOLLAR

That is the result of a course of treatment with Scott's Emulsion. We have special reference to persons with weak lungs and sensitive throats.

Scott's Emulsion does some things better than others. This is one of them. It has a peculiar action on the throat and lungs which gives them strength and makes them tough.

That's how Scott's Emulsion drives out coughs, colds and bronchitis. It keeps them out, too.

FIFTIETH ANNIVERSARY.

Distinguished Catholic Churchmen Assisted In Ceremonies at Cleveland.

Cleveland, O., Nov. 10.—Yesterday was the biggest day of the several which are being taken up in the observance of the fiftieth anniversary of St. John's cathedral in this city. Pontifical mass was celebrated by Bishop Dennis J. Donaghue, of Indianapolis, at 10 o'clock a. m. Also present at the mass were Archbishop Elder, of Cincinnati; Archbishop Ryan, of Philadelphia; Bishop Maes, of Covington, Ky.; Bishop McQuaid, of Rochester, N. Y.; Bishop Horstmann, of Cleveland, and Vicar General Byrne, of Boston. The sermon was by Bishop McQuaid.

In the afternoon a parade of 10,000 Catholics representing several societies and the city's parishes occurred.

Incident to the celebration the Rev. D. J. Stafford, rector of St. Patrick's church, Washington, preached at St. Agnes' church yesterday on "Christian Charity."

GENERAL WOOD ARRIVES HOME.

Speaks Kindly of Treatment of Himself and Associates in Germany and England.

New York, Nov. 10.—General Leonard Wood, who went over with Generals Corbin and Young to represent this country at the German war maneuvers, arrived yesterday on the American line steamship St. Louis. General Wood was accompanied by his family.

"I remained after Generals Corbin and Young," said General Wood, "in order to visit Scotland with my family. The generals and myself were treated very kindly, both in Germany and in England. We were granted every facility for seeing the workings of the military systems, and have seen many things which were not only interesting and instructive, but will be useful if adopted in this country."

General Wood was asked whether he is in favor of establishing the canteen in the army. He replied:

"My canteen reports are on file. General Funston has come out strong for the canteen, did he not? I think we are all of one opinion on that subject."

General Wood went direct to Washington.

Prince Henry of Piess, who comes to represent the German emperor at the dedication of the New York chamber of commerce on Tuesday, was also a passenger on the St. Louis.

BALL PLAYER SHOT.

Harry Allemang Mortally Wounded at Mason, W. Va., by Burglars.

Cleveland, O., Nov. 10.—A special to the Plain Dealer from Pomeroy, O., says:

Harry Allemang, a ball player, who pitched in the Southern league this season and who has signed with Cincinnati for the coming year, was shot and mortally wounded at Mason, W. Va., his home, early yesterday morning. Allemang had been out with friends and was returning home at 3 o'clock. He found buglars at work in the postoffice. A sentry on the outside ordered Allemang to halt. No attention was paid to the command and the sentry fired on Allemang, the bullet entering his back and lodging in the left lung. Physicians state that the wound is fatal. When Allemang had fallen to the ground the robbers took $980 from him.

Peace Proposals of Colombian Government Not Satisfactory to Revolutionists.

AMNESTY DECREE IS REJECTED.

General Vargas-Santos Did Not Attend Peace Conference, Thinking it Useless—Uribe-Uribe Ordered to Be Sentenced to Death.

San Jose, Costa Rica, Nov. 10.—The reason why General Vargas-Santos, military director of the Colombian revolution, did not go to Panama to attend the conference arranged to take place yesterday on board the United States battleship Wisconsin, in Panama harbor, between representatives of the Colombian government and the revolutionists, is because the government of Colombia, according to advices received here, intended to limit the subject of the conference to the acceptance of the decree of amnesty recently promulgated by the president of Colombia, Senor Marroquin.

General Santo Domingo arrived here last month bearing peace proposals from the Colombian government to General Vargas-Santos. He said the purpose of his government in calling the peace conference was to establish an effective and lasting peace which would harmonize the interests of the several political parties concerned in the revolution. The matter was discussed between General Vargas-Santos and the Colombian representative, who exchanged a number of cablegrams with the Colombian authorities at Panama, with the result that General Vargas-Santos accepted the proposals made by General Santo Domingo and promised to attend the conference at Panama with Generals Perdomo and Salazar, of the Colombian government, and General Herrera, of the revolutionists.

Limited to Amnesty Decree.

At this point of the negotiations General Vargas-Santos received advices to the effect that notwithstanding the proposals of the Colombian government, made through its representative here, Colombia purposed limiting the conferees to the acceptance of the decree of amnesty. General Vargas-Santos thereupon refused to accept such a proposition and decided to withdraw from the conference, which, he says, he considers futile.

At the same time the military director of the Colombian revolution learned that the Colombian government had issued orders to General Tovar to imprison the revolutionary General Uribe-Uribe and sentence him to death without mercy. This order was given in spite of General Uribe-Uribe's capitulation to the government forces, which occurred at Rio Frio, Colombia, last month. The result of this news, which is considered in Colombian revolutionary circles here to be a shameful violation of public faith, further decided General Vargas-Santos not to attend the peace conference at Panama, and he issued orders to the Colombian revolutionary army to continue its warfare.

General Vargas-Santos declares he is willing to make peace, providing that the Colombian government will recognize the civil and political rights of which the Liberal party has been deprived for the last 17 years, but not otherwise.

FACTS THAT CALL FOR FULL FAITH

An Impressive Sermon by Rev. C. G. Jordan at First Presbyterian Church.

TIME FOR GRAVE THOUGHT

An Eloquent Appeal to All Christians. No Room for Doubt of the Fundamental Teachings of Christianity. Services in Other Churches.

It is doubtful if a more interesting or impressive service was ever held in the city than that which was conducted by Rev. C. G. Jordan at the First Presbyterian church yesterday morning. The scripture lesson, taken from Joshua 24th chapter from the fourteenth verse, struck a responsive chord in the hearts of all, holding the large congregation as attentive listeners until the close of the meeting.

After the usual morning hymn the large choir, under the direction of Prof. Laughlin, rendered a beautiful anthem, entitled "When Winds Are Raging," the solo part being sung by Miss Virginia Thompson, in a manner which demonstrated her ability as a vocalist of rare talent.

Rev. Mr. Jordan's subject was "Facts That Call for Faith," and he began his discourse by comparing the nature of last Sunday's services—rally day—with that of the present occasion. Last Sunday the meeting took on the form of a jollification, with enthusiasm and rejoicing at the achievements of the past and the good the Sunday school expected to accomplish in the future.

Now it was time for more serious thoughts. It was well for a man at any time to stop to think. If he is a Christian he ought to have some reason or excuse for the faith he professes. The speaker quoted a part of the first verse of the first chapter of Genesis, "In the beginning God"—

Rev. Mr. Jordan illustrated in a vivid manner the difference between the faith of a true Christian and the declarations of the unbeliever; how often one who is not strong in the faith may believe, in the times of sorrow and distress, that God has been as merciful to the sinner as in the case of the one who has tried to be and live a true Christian life, and their aims and objects may be altered, but they should be steadfast.

The speaker took his hearers back to the very earliest period of which we have any record. He showed that even at that time the inhabitants of the earth, while they did not worship God, had some paramount object or being which they looked up to, and upon which they bestowed costly gifts in order to gain favor. From time immemorial there has been imbedded in the minds of people of every land and race, some idea of the existence of a divine power or a supreme being, no matter how meager or remote.

To show conclusively that nothing upon the face of the earth was the result of chance, but came about through postitive cause, the speaker quoted a number of learned men, who, by careful research and practical application had demonstrated beyond contradiction that the origin of all things could be traced to the cause of all causes—God Almighty. philisophic and scientific proofs it was shown that all things could be traced to their origin with God, and that we would be forced to say that soul, mind and being must spring from some form of life. "Ours is a living God."

The God of which the speaker referred was not only a spitirual, but a just and kind God. The early prophets, of which several were enumerated, and finally Jesus, were not sent through any other motive than a love for all mankind. "Science, philosophy and the word of God says God is good, 'For He so loved the world.'"

The closing words of the pastor were most impressive, spoken in an earnest, comprehensive manner, peculiar to Rev. Mr. Jordan, convincing all that the foundation of faith had originated in the very beginning of all things. "We can doubt our mind, eyes, even our own soul, but not God."

WATSON'S.

NEAR THE KINGDOM

Rev. Dr. David Jones Explains the Significance of the Christian Life.

At the First Methodist Protestant church, yesterday morning, Rev. Dr. David Jones' subject was "Near the Kingdom."

The speaker explained the meaning of the scriptures with reference to the kingdom. He said it was a kingdom that is born from above; there is nothing earthly about it except its subject. True religion is kindled in the heart of man. There are men who are very near this kingdom but not in it and may never get in. It is not a matter of age, social standing, education, or any of those things that make a man respected and looked up to in this life and admits him to heaven.

In concluding, Dr. Jones said: "Accept Jesus Christ as your Lord and Savior, and you shall not perish, and be near the kingdom, but be of the kingdom. When you do so you will have Him and all his angels to protect you."

THE GREAT GIVER

Subject of An Eloquent Pulpit Discourse At the Christian Church On Sunday.

The attendance at the Christian church yesterday was large both morning and evening. The subject of Rev. J. W. Gorrell's evening discourse was "The Creed that Needs no Revision." The address was both eloquent and logical, and made a lasting impression. His morning topic was "The Great Giver," who, he said, was God.

Rev. Mr. Gorrell thought the most valuable gift bestowed upon mankind was the word of God, which enabled all who read to see the light. Light to see that which is evil and to discern that which is good. "God gave His Son to redeem us. We would be miserable with a knowledge of our sinful lives if we had no Redeemer to save us from the guilt of sin and its consequences. God has given to us the Holy Ghost to be an ever present comforter."

THE USE OF RICHES

Rev. Dr. M. B. Pratt Tells What to Do With the Treasure God Gives.

The services of the First M. E. church yesterday morning were devoted to the Ladies' Foreign Missionary societies. Many new members were received into these societies.

Rev. M. B. Pratt, D. D., pastor of the church, selected for his morning topic "An Ancient Seller of Purple," upon which he preached a most magnificent sermon. The following is an outline of what he said:

"Civilization is results, not claims. Hundreds of years ago we are told that men dwelt in caves and lived on fruits, herbs and various roots. Part of the year he was subject to inclement weather, because of his humble and rude dwelling and he very often suffered from hunger because the fruits and herbs upon which he subsisted did not flourish the whole year around. But in time a very important element came to the assistance of civilization, which was projective consciousness of the future. That is, man began to prepare for the future. He cut and hewed the great forest trees and built them into dwellings that would withstand inclement weather, and he prepared and provided food for the time when nature would fail to bring them forth.

"What has civilization done for America, the greatest nation of the world? Other nations have had many more hundred years in which to rise than has had America, and at one time the blackest cloud that ever overhung a nation enveloped our country and war was precipitated, the cause of which was enough to tear asunder any land. But still America stood, a great nation, and why? Was it because of the great iron rails which penetrated the country, was it because of colossal fortunes? No, it was because of sacrifice, the greatest agent in the making of America.

"Let not the proud, conceited rich man today rattle the silver dollar in his pocket and say 'My money is my own, I will do with it as I please!' Let us see whence its origin.

"Oh man! earn all the silver dollars that you can earn honestly. Missionary societies, collect all the silver dollars you can collect honestly, but remember they are only loaned to us for a short time, for 'It is the Lord's.'"

FOUR OF SUNDAY SCHOOLS

Rev. C. G. Jordan Goes East This Week to Study Teaching Methods.

Rev. C. G. Jordan, pastor of the First Presbyterian church, will leave this week for the east. Rev. Mr. Jordan announced at the morning service yesterday that it had been his custom to take a vacation in the late autumn, the purpose of which was to more thoroughly acquaint himself with the methods and systems employed in the conduct of Young People's meetings, prayer services and Sunday schools in other cities. He believes that a leader of a Sunday school or prayer meeting should visit other services of a similar character at regular intervals in order to get thoroughly acquainted with the new features, which may be introduced to interest those attending.

On Wednesday evening of this week Rev. Mr. Jordan will attend prayer meeting services in Pittsburg, and on the following Friday he will be in attendance at the largest meeting of this sort held in the country. He expects to be greatly benefitted in the matter of becoming posted, so that he can instruct the Sunday school teachers and the class leaders in the several branches of their work.

Rev. Mr. Jordan will not be present at the services to be held at the First church next Sunday. Rev. Dr. L. E. Holden, president of Wooster university, will occupy the pulpit and Rev. Mr. Jordan promises a rare treat.

OLD FOLKS' SERVICES

Interesting Program Planned for Next Sunday at the First M. E. Church.

The announcement was made at the morning service at the First M. E. church yesterday that on next Sunday an "Old Folks' Methodist service" would be held, to which all the older people in East Liverpool, who in days long ago were accustomed to attend the Methodist church in this city, are especially invited.

In order that none who desire to attend shall be missed, the congregation was requested to make known to T. T. McCann, president of the Epworth league, the place of residence of all the old people desiring to attend the services and who are not able to walk. Carriages will be provided for all who cannot walk. A committee has already been appointed to look after the matter.

An Excellent Sermon.

"Christ With the Sufferer," the third of a series of 15 minute sermons was the topic of the very excellent sermon preached in St. Stephen's Episcopal church last night by Rev. Edwin Weary. The address was listened to with wrapt attention, and the eloquent words of the rector deeply moved the large congregation.

FOR SHOOTING RABBITS

Warrant Issued Against the Rothwells, of East Palestine, Who Plead Not Guilty.

Salem, November 10.—Game Warden J. R. McArtor, of Garfield, came to this city and before Justice Astry swore out warrants against C. P. and Joseph Rothwell and two other East Palestine people, charging them with having shot rabbits on Wednesday to the number of ten or more.

The East Palestine parties were notified to appear before Justice Astry Friday afternoon at 4 o'clock. Arrangements were made for a trial. A short time before the hour set for the hearing Justice Astry was notified that the East Palestine parties had gone before a justice in their own town and stated that they had violated the game laws. They pleaded not guilty as charged by the game warden and will have a trial today. C. P. Rothwell is a prominent attorney.

McArtor claims to have evidence that the men shot rabbits and had them in their possession. The result of the trial will be watched with interest.

Address to Y. M. C. A.

Rev. G. C. Collins, of Lorain, addressed the meeting at the Y. M. C. A. yesterday afternoon. The effort was a fine one, and the impression was deep and lasting.

FACTS THAT CALL FOR FULL FAITH

An Impressive Sermon by Rev. C. G. Jordan at First Presbyterian Church.

TIME FOR GRAVE THOUGHT

An Eloquent Appeal to All Christians. No Room for Doubt of the Fundamental Teachings of Christianity. Services in Other Churches.

It is doubtful if a more interesting or impressive service was ever held in the city than that which was conducted by Rev. C. G. Jordan at the First Presbyterian church yesterday morning. The scripture lesson, taken from Joshua 24th chapter from the fourteenth verse, struck a responsive chord in the hearts of all, holding the large congregation as attentive listeners until the close of the meeting.

After the usual morning hymn the large choir, under the direction of Prof. Laughlin, rendered a beautiful anthem, entitled "When Winds Are Raging," the solo part being sung by Miss Virginia Thompson, in a manner which demonstrated her ability as a vocalist of rare talent.

Rev. Mr. Jordan's subject was "Facts That Call for Faith," and he began his discourse by comparing the nature of last Sunday's services—rally day—with that of the present occasion. Last Sunday the meeting took on the form of a jollification, with enthusiasm and rejoicing at the achievements of the past and the good the Sunday school expected to accomplish in the future.

Now it was time for more serious thoughts. It was well for a man at any time to stop to think. If he is a Christian he ought to have some reason or excuse for the faith he professes. The speaker quoted a part of the first verse of the first chapter of Genesis, "In the beginning God"—

Rev. Mr. Jordan illustrated in a vivid manner the difference between the faith of a true Christian and the declarations of the unbeliever; how often one who is not strong in the faith may believe, in the times of sorrow and distress, that God has been as merciful to the sinner as in the case of the one who has tried to be and live a true Christian life, and their aims and objects may be altered, but they should be steadfast.

The speaker took his hearers back to the very earliest period of which we have any record. He showed that even at that time the inhabitants of the earth, while they did not worship God, had some paramount object or being which they looked up to, and upon which they bestowed costly gifts in order to gain favor. From time immemorial there has been imbedded in the minds of people of every land and race, some idea of the existence of a divine power or a supreme being, no matter how meager or remote.

To show conclusively that nothing upon the face of the earth was the result of chance, but came about through postitive cause, the speaker quoted a number of learned men, who, by careful research and practical application had demonstrated beyond contradiction that the origin of all things could be traced to the cause of all causes—God Almighty. philisophic and scientific proofs it was shown that all things could be traced to their origin with God, and that we would be forced to say that soul, mind and being must spring from some form of life. "Ours is a living God."

The God of which the speaker referred was not only a spitirual, but a just and kind God. The early prophets, of which several were enumerated, and finally Jesus, were not sent through any other motive than a love for all mankind. "Science, philosophy and the word of God says God is good, 'For He so loved the world.'"

The closing words of the pastor were most impressive, spoken in an earnest, comprehensive manner, peculiar to Rev. Mr. Jordan, convincing all that the foundation of faith had originated in the very beginning of all things. "We can doubt our mind, eyes, even our own soul, but not God."

WATSON'S.

NEAR THE KINGDOM

Rev. Dr. David Jones Explains the Significance of the Christian Life.

At the First Methodist Protestant church, yesterday morning, Rev. Dr. David Jones' subject was "Near the Kingdom."

The speaker explained the meaning of the scriptures with reference to the kingdom. He said it was a kingdom that is born from above; there is nothing earthly about it except its subject. True religion is kindled in the heart of man. There are men who are very near this kingdom but not in it and may never get in. It is not a matter of age, social standing, education, or any of those things that make a man respected and looked up to in this life and admits him to heaven.

In concluding, Dr. Jones said: "Accept Jesus Christ as your Lord and Savior, and you shall not perish, and be near the kingdom, but be of the kingdom. When you do so you will have Him and all his angels to protect you."

THE GREAT GIVER

Subject of An Eloquent Pulpit Discourse At the Christian Church On Sunday.

The attendance at the Christian church yesterday was large both morning and evening. The subject of Rev. J. W. Gorrell's evening discourse was "The Creed that Needs no Revision." The address was both eloquent and logical, and made a lasting impression. His morning topic was "The Great Giver," who, he said, was God.

Rev. Mr. Gorrell thought the most valuable gift bestowed upon mankind was the word of God, which enabled all who read to see the light. Light to see that which is evil and to discern that which is good. "God gave His Son to redeem us. We would be miserable with a knowledge of our sinful lives if we had no Redeemer to save us from the guilt of sin and its consequences. God has given to us the Holy Ghost to be an ever present comforter."

THE USE OF RICHES

Rev. Dr. M. B. Pratt Tells What to Do With the Treasure God Gives.

The services of the First M. E. church yesterday morning were devoted to the Ladies' Foreign Missionary societies. Many new members were received into these societies.

Rev. M. B. Pratt, D. D., pastor of the church, selected for his morning topic "An Ancient Seller of Purple," upon which he preached a most magnificent sermon. The following is an outline of what he said:

"Civilization is results, not claims. Hundreds of years ago we are told that men dwelt in caves and lived on fruits, herbs and various roots. Part of the year he was subject to inclement weather, because of his humble and rude dwelling and he very often suffered from hunger because the fruits and herbs upon which he subsisted did not flourish the whole year around. But in time a very important element came to the assistance of civilization, which was projective consciousness of the future. That is, man began to prepare for the future. He cut and hewed the great forest trees and built them into dwellings that would withstand inclement weather, and he prepared and provided food for the time when nature would fail to bring them forth.

"What has civilization done for America, the greatest nation of the world? Other nations have had many more hundred years in which to rise than has had America, and at one time the blackest cloud that ever overhung a nation enveloped our country and war was precipitated, the cause of which was enough to tear asunder any land. But still America stood, a great nation, and why? Was it because of the great iron rails which penetrated the country, was it because of colossal fortunes? No, it was because of sacrifice, the greatest agent in the making of America.

"Let not the proud, conceited rich man today rattle the silver dollar in his pocket and say 'My money is my own, I will do with it as I please!' Let us see whence its origin.

"Oh man! earn all the silver dollars that you can earn honestly. Missionary societies, collect all the silver dollars you can collect honestly, but remember they are only loaned to us for a short time, for 'It is the Lord's.'"

FOUR OF SUNDAY SCHOOLS

Rev. C. G. Jordan Goes East This Week to Study Teaching Methods.

Rev. C. G. Jordan, pastor of the First Presbyterian church, will leave this week for the east. Rev. Mr. Jordan announced at the morning service yesterday that it had been his custom to take a vacation in the late autumn, the purpose of which was to more thoroughly acquaint himself with the methods and systems employed in the conduct of Young People's meetings, prayer services and Sunday schools in other cities. He believes that a leader of a Sunday school or prayer meeting should visit other services of a similar character at regular intervals in order to get thoroughly acquainted with the new features, which may be introduced to interest those attending.

On Wednesday evening of this week Rev. Mr. Jordan will attend prayer meeting services in Pittsburg, and on the following Friday he will be in attendance at the largest meeting of this sort held in the country. He expects to be greatly benefitted in the matter of becoming posted, so that he can instruct the Sunday school teachers and the class leaders in the several branches of their work.

Rev. Mr. Jordan will not be present at the services to be held at the First church next Sunday. Rev. Dr. L. E. Holden, president of Wooster university, will occupy the pulpit and Rev. Mr. Jordan promises a rare treat.

OLD FOLKS' SERVICES

Interesting Program Planned for Next Sunday at the First M. E. Church.

The announcement was made at the morning service at the First M. E. church yesterday that on next Sunday an "Old Folks' Methodist service" would be held, to which all the older people in East Liverpool, who in days long ago were accustomed to attend the Methodist church in this city, are especially invited.

In order that none who desire to attend shall be missed, the congregation was requested to make known to T. T. McCann, president of the Epworth league, the place of residence of all the old people desiring to attend the services and who are not able to walk. Carriages will be provided for all who cannot walk. A committee has already been appointed to look after the matter.

An Excellent Sermon.

"Christ With the Sufferer," the third of a series of 15 minute sermons was the topic of the very excellent sermon preached in St. Stephen's Episcopal church last night by Rev. Edwin Weary. The address was listened to with wrapt attention, and the eloquent words of the rector deeply moved the large congregation.

FOR SHOOTING RABBITS

Warrant Issued Against the Rothwells, of East Palestine, Who Plead Not Guilty.

Salem, November 10.—Game Warden J. R. McArtor, of Garfield, came to this city and before Justice Astry swore out warrants against C. P. and Joseph Rothwell and two other East Palestine people, charging them with having shot rabbits on Wednesday to the number of ten or more.

The East Palestine parties were notified to appear before Justice Astry Friday afternoon at 4 o'clock. Arrangements were made for a trial. A short time before the hour set for the hearing Justice Astry was notified that the East Palestine parties had gone before a justice in their own town and stated that they had violated the game laws. They pleaded not guilty as charged by the game warden and will have a trial today. C. P. Rothwell is a prominent attorney.

McArtor claims to have evidence that the men shot rabbits and had them in their possession. The result of the trial will be watched with interest.

Address to Y. M. C. A.

Rev. G. C. Collins, of Lorain, addressed the meeting at the Y. M. C. A. yesterday afternoon. The effort was a fine one, and the impression was deep and lasting.

SOCIAL EVENTS

NEW CENTURY CLUB

Discusses the Revolution And Current Topics Most Interestingly.

Quotation—"Ideas are the great warriors of the world, and a war that has has no ideas behind it is simple brutality."—James A. Garfield.

The third regular meeting of the New Century club was held at the home of Miss Hazlett, Fifth street, Saturday afternoon. The subject under discussion, "The War of the Revolution," was considered as follows: "The causes originating in New England," Miss Riley; "Causes originating in Pennsylvania," Miss Hazlett; "Causes originating in Southern Colonies," Mrs. Rittinger.

After listening to the able presentation of the facts as given in the several papers, it seemed very plain that the war of the Revolution was indeed a war with ideas behind it. "Current Events," led by Mrs. J. D. West, was along the line of public questions—trusts, the recent coal strike, and the attitude of the president toward them; the power of congress to control them; is it possible for the constitution as it stands today to meet the Mormon question? After a short social session the club adjourned to meet again November 22.

PROUT-SLOAN

East Liverpool Professional Man Weds a Popular Young Lady of Columbus.

At the residence of Mrs. Belle Prout, 12 South Third street, Columbus, Friday afternoon, occurred the wedding of Dr. J. Howard Sloan, of East Liverpool, and Mrs. Prout's eldest daughter, Miss Harriett Elizabeth, who stands high in Columbus society. The wedding was quiet and was witnessed only by the immediate relatives of the bride. Rev. R. B. Patton, pastor of the Fair Avenue Reformed Presbyterian church, performed the ceremony. The bride is beautiful and accomplished.

The groom has a great many friends in East Liverpool who will wish himself and bride much happiness. The worthy couple have left on an eastern trip of a week or ten days. They will be for some time at Cambridge Springs, Pa., and will be at home to friends in East Liverpool after the 17th inst. Dr. Sloan practiced in Columbus for about a year, returning to East Liverpool a short time ago.

A DELIGHTFUL AFFAIR

Was the Reception Given Saturday Afternoon By Mrs. R. E. Rayman.

Mrs. R. E. Rayman, of Avondale street, gave a most delightful reception from 2 to 6 o'clock on Saturday afternoon, there being about 180 invitations issued. She was assisted by Mrs. J. M. Kelly, Mrs. Geo. Murphy, Mrs. J. R. Warner, Mrs. Wm. Lynch, Mrs. J. T. Elliott, and Mrs. Frank Croxall. In the afternoon, Misses Roewna and Marie Rayman, Misses Alice and May Way and Miss Mary Hall, Jessie Shaw, and Margaret Blythe, were the assistants.

The dining room was prettily decorated with similax, and the table with a beautiful vase of yellow chrysanthemums was further enhanced by yellow ribbon extending diagonally across, being fastened at each corner with a large bow. This favorite color was also visible in the ices.

Elwell's orchestra sat behind a screen in the library and discoursed sweet music throughout the afternoon. The very small number of regrets received was evidence of the popularity of the gifted hostess.

Children's Party.

Miss Evelyn Boch, at her home on Seventh street, very pleasantly entertained 40 of her little friends on Saturday afternoon. The time passed only too rapidly as the guests played their juvenile games, and later partook of luncheon. The colors, red and white were carried out artistically in the decorations. Each guest received a tiny toy, and the children will long remember the afternoon spent with a favorite playmate.

THREE MINUTES ENDED THE GAME

STEUBENVILLE REFUSED TO GO ON, A DISPUTE ARISING.

Tactics of the Visitors Disgusted the Crowd at Saturday's Foot Ball Match.

There was only three minutes of play Saturday at West End park in the foot bal game between the East Liverpool and Steubenville teams. The spectators, almost to a man, were disgusted with the visitors and are commending Manager Walsh in the stand he took in the dispute that ended the game.

The dispute arose over a touchdown made by Brown. It was East Liverpool's ball on Steubenville's 40-yard line and Walsh signaled for a play through their left guards. Walsh, who was playing quarter, fumbled the ball and Brown, fullback, who was coming up caught the ball and got away with it. The referee, D. S. Doyle, a Steubenville man, did not blow his whistle, and it was not until Captain Needham posted him that he ruled the play out. Needham claims that Brown got the ball on a forward pass. He made this statement to a News Review reporter Saturday night:

"All I can say is that Brown got the ball on a forward pass. It was their last down and when the center passed the ball back to the quarter he saw he could not pass it back. The ball was not fumbled. We will play them," he continued, "for any amount of money with the same men that were in the game today, on any neutral grounds, Toronto preferred, as it is about the same distance between the two towns. We'll let any sporting editor in Pittsburg name the two officials. There was nothing I could do to have the game go on."

Manager Walsh was very positive when talking to a News Review reporter that the ball was not advanced by him in the disputed play. "The ball struck me in the breast," he said, "and Brown, who was coming up for the play, caught it and went through their left guards, the play I had signaled for. I offered not to count and go on with the game with another referee, but Captain Needham refused. This was certainly all we could do toward a reconciliation."

As a result of Steubenville's refusal to go on with the game Manager Walsh refused to give expense money.

Following is the lineup:

East Liverpool — Carnahan, right end; Miller, right tackle; Stevenson, right guard; Bucher, center; Mackey, left guard; Bunting, left tackle; Lutz, left end; Walsh, quarterback; Hardy, right half; Moore, left half; Brown, fullback.

Steubenville — Houser, right end; Houpt, right tackle; Kobo-ki, right guard; Malen, center; Bowers, left guard; Edmond, left tackle; McClaish, left end; Nolan, quarterback; M. Needham, right half; T. Needham, left half; Burns, fullback.

NEW CENTURY CLUB

Discusses the Revolution And Current Topics Most Interestingly.

Quotation—"Ideas are the great warriors of the world, and a war that has has no ideas behind it is simple brutality."—James A. Garfield.

The third regular meeting of the New Century club was held at the home of Miss Hazlett, Fifth street, Saturday afternoon. The subject under discussion, "The War of the Revolution," was considered as follows: "The causes originating in New England," Miss Riley; "Causes originating in Pennsylvania," Miss Hazlett; "Causes originating in Southern Colonies," Mrs. Rittinger.

After listening to the able presentation of the facts as given in the several papers, it seemed very plain that the war of the Revolution was indeed a war with ideas behind it. "Current Events," led by Mrs. J. D. West, was along the line of public questions—trusts, the recent coal strike, and the attitude of the president toward them; the power of congress to control them; is it possible for the constitution as it stands today to meet the Mormon question? After a short social session the club adjourned to meet again November 22.

PROUT-SLOAN

East Liverpool Professional Man Weds a Popular Young Lady of Columbus.

At the residence of Mrs. Belle Prout, 12 South Third street, Columbus, Friday afternoon, occurred the wedding of Dr. J. Howard Sloan, of East Liverpool, and Mrs. Prout's eldest daughter, Miss Harriett Elizabeth, who stands high in Columbus society. The wedding was quiet and was witnessed only by the immediate relatives of the bride. Rev. R. B. Patton, pastor of the Fair Avenue Reformed Presbyterian church, performed the ceremony. The bride is beautiful and accomplished.

The groom has a great many friends in East Liverpool who will wish himself and bride much happiness. The worthy couple have left on an eastern trip of a week or ten days. They will be for some time at Cambridge Springs, Pa., and will be at home to friends in East Liverpool after the 17th inst. Dr. Sloan practiced in Columbus for about a year, returning to East Liverpool a short time ago.

A DELIGHTFUL AFFAIR

Was the Reception Given Saturday Afternoon By Mrs. R. E. Rayman.

Mrs. R. E. Rayman, of Avondale street, gave a most delightful reception from 2 to 6 o'clock on Saturday afternoon, there being about 180 invitations issued. She was assisted by Mrs. J. M. Kelly, Mrs. Geo. Murphy, Mrs. J. R. Warner, Mrs. Wm. Lynch, Mrs. J. T. Elliott, and Mrs. Frank Croxall. In the afternoon, Misses Roewna and Marie Rayman, Misses Alice and May Way and Miss Mary Hall, Jessie Shaw, and Margaret Blythe, were the assistants.

The dining room was prettily decorated with similax, and the table with a beautiful vase of yellow chrysanthemums was further enhanced by yellow ribbon extending diagonally across, being fastened at each corner with a large bow. This favorite color was also visible in the ices.

Elwell's orchestra sat behind a screen in the library and discoursed sweet music throughout the afternoon. The very small number of regrets received was evidence of the popularity of the gifted hostess.

Children's Party.

Miss Evelyn Boch, at her home on Seventh street, very pleasantly entertained 40 of her little friends on Saturday afternoon. The time passed only too rapidly as the guests played their juvenile games, and later partook of luncheon. The colors, red and white were carried out artistically in the decorations. Each guest received a tiny toy, and the children will long remember the afternoon spent with a favorite playmate.

THREE MINUTES ENDED THE GAME

STEUBENVILLE REFUSED TO GO ON, A DISPUTE ARISING.

Tactics of the Visitors Disgusted the Crowd at Saturday's Foot Ball Match.

There was only three minutes of play Saturday at West End park in the foot bal game between the East Liverpool and Steubenville teams. The spectators, almost to a man, were disgusted with the visitors and are commending Manager Walsh in the stand he took in the dispute that ended the game.

The dispute arose over a touchdown made by Brown. It was East Liverpool's ball on Steubenville's 40-yard line and Walsh signaled for a play through their left guards. Walsh, who was playing quarter, fumbled the ball and Brown, fullback, who was coming up caught the ball and got away with it. The referee, D. S. Doyle, a Steubenville man, did not blow his whistle, and it was not until Captain Needham posted him that he ruled the play out. Needham claims that Brown got the ball on a forward pass. He made this statement to a News Review reporter Saturday night:

"All I can say is that Brown got the ball on a forward pass. It was their last down and when the center passed the ball back to the quarter he saw he could not pass it back. The ball was not fumbled. We will play them," he continued, "for any amount of money with the same men that were in the game today, on any neutral grounds, Toronto preferred, as it is about the same distance between the two towns. We'll let any sporting editor in Pittsburg name the two officials. There was nothing I could do to have the game go on."

Manager Walsh was very positive when talking to a News Review reporter that the ball was not advanced by him in the disputed play. "The ball struck me in the breast," he said, "and Brown, who was coming up for the play, caught it and went through their left guards, the play I had signaled for. I offered not to count and go on with the game with another referee, but Captain Needham refused. This was certainly all we could do toward a reconciliation."

As a result of Steubenville's refusal to go on with the game Manager Walsh refused to give expense money.

Following is the lineup:

East Liverpool — Carnahan, right end; Miller, right tackle; Stevenson, right guard; Bucher, center; Mackey, left guard; Bunting, left tackle; Lutz, left end; Walsh, quarterback; Hardy, right half; Moore, left half; Brown, fullback.

Steubenville — Houser, right end; Houpt, right tackle; Koboski, right guard; Malen, center; Bowers, left guard; Edmond, left tackle; McClaish, left end; Nolan, quarterback; M. Needham, right half; T. Needham, left half; Burns, fullback.

PARKERSBURG IS PREPARED TO ENTERTAIN BIG CROWDS AT THE RIVER CONVENTION

Enthusiastic and Prominent Champions of the Ohio River Navigation Begin Deliberations Tomorrow.

Parkersburg, November 10.—(Special.)—Arrangements are complete for a royal reception and entertainment for the thousand or more delegates expected to arrive today and tomorrow from towns and cities between Pittsburg and Cairo to attend tne meeting of the Ohio River Improvement association. The committee on arrangements has decided to hold the business sessions in the Auditorium theater, a building capable of accommodating 1,200 people, instead of Progress hall, as had first been intended, and social sessions will be held in the latter place.

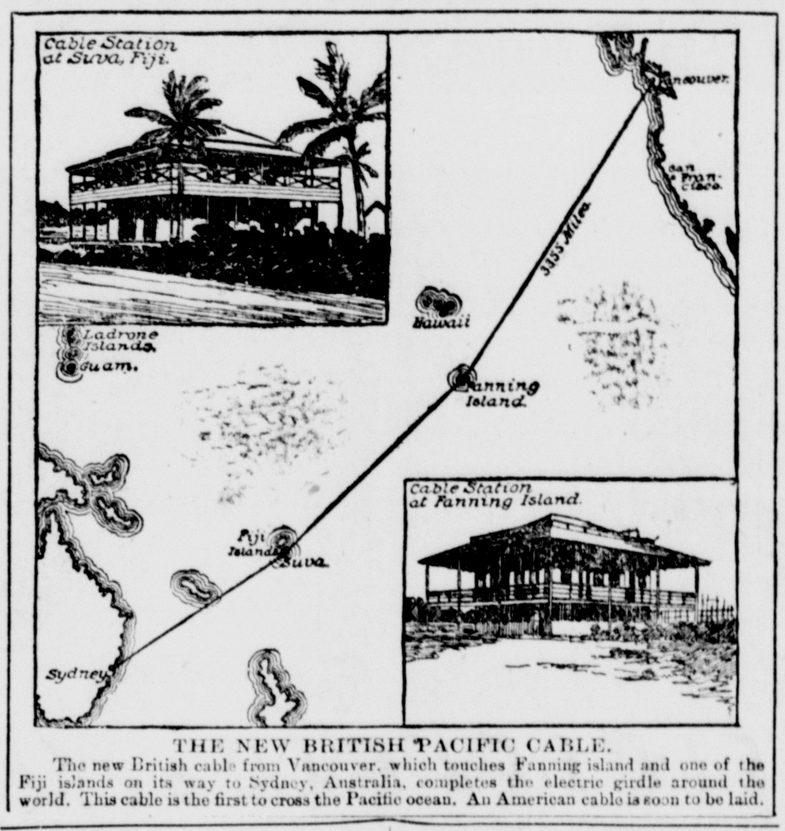

The plan of holding the second day's business session on one of the large river packets has been abandoned, although the visitors will be given an excursion in the afternoon of that day on the steamers Ben Hur and Kanawha, providing the river stage will permit. They will visit the sites of the Vienna and Blennerhassett dams and will also stop off at Blennerhasset island.

The Second Regiment band has been engaged to furnish music on the morning of the first day and the Citizens' band will furnish the music on the excursion trip. The "Imp Drill," which will be given by the Uniform Rank Knights of Pythias will take place in the early part of Tuesday evening, after which a reception will be held at Progress hall.

A communication has been received from President Shattuck, of the street railway company, complying with the request to grant free transportation to the delegates over the lines, and also to have an electric arch erected at Fifth and Juliana streets.

A committee has been appointed consisting of ten prominent young men of the city, whose duty it will be to meet all trains and to give any information that may be desired by the

THROWN FROM A BUGGY WHILE HUNTING THIEVES AND HIS DEATH RESULTED

Frank Van Fossen the Victim of a Fatal Mishap Near Lisbon, Caused by Horse Running Away.

Lisbon, November 10.—(Special)—Frank Van Fossen, who lives 2 miles southeast of Lisbon, died Sunday night as the result of an accident in which he was thrown from a buggy. Van Fossen and a friend, Frank Carlisle, were in Lisbon Saturday night with Van Fossen's buggy, and horse. They started to drive home. Their horse blanket was missing, and they at once suspected two men from Elkton of having stolen it. On arriving home Van Fossen said he would not go to bed until he recovered his stolen blanket, and the two started to Elkton

The horse took fright at some object by the roadside and started to run. At a sharp bend in the road Van Fossen brought the horse to with a jerk, throwing the animal and demolishing the buggy. The two men were thrown out, Van Fossen striking on the side of his head. Carlisle was not hurt. Van Fossen was taken to his home.

Members of the family and friends did not regard his condition as serious, however, as he talked rationally, and did not appear to be suffering. Next morning he was in what seemed to be a heavy slumber until 9 o'clock, when a physician was summoned. The latter found him suffering from the rupture of a blood vessel on the brain. Van Fossen did not regain consciousness and died at 8 o'clock Sunday evening. He was about 27 years of age. He was a son of the late Jacob Van Fossen, ex-county commissioner. He is survived by a wife, and three daughters, Hazel, Bertha and Margaret, his mother, three brothers and two sisters, the brothers and sisters all living in Lisbon as follows: Winfield, Charles and L. D., the latter court billiff, and Mrs. Leonard McLaughlin and Mrs. Silware.

Funeral services will be held at the home Tuesday at 2 o'clock, Rev. J. P. Anderson, officiating.

A FIERCE FIRE IN A BED ROOM

Exciting Occurence at the Home of Mail Carrier John Suter.

HE WAS NEARLY OVERCOME

By the Smoke While Trying to Save His Property—Neighbors Gave the Alarm While the Household Was Wholly Ignorant of the Danger.

What might have resulted most disastrously to both property and life occurred Saturday evening at about 5 o'clock at the home of John Suter, a mail carrier on Seventh street, when for a few minutes a fire raged in a bed room on the second floor.

Mr. Suter was sitting down stairs in the parlor reading when he was much startled by neighbors rushing in frantically and in loud voices shouting that his house was one fire. Neither he nor any one in the house had received a whiff of the smoke. When he ran upstairs and saw the room enveloped in flames he could scarcely conceive how it could have happened without his knowledge. The first impulse was to dash into the room, and if possible save some of the contents, but he retreated and went to a telephone, summoning the fire department.

While the department was on the way Mr. Suter again went to the room and by this time the fire had assumed dangerous proportions. It gave every appearance of spreading quickly and Mr. Suter thought it best to close the door leading to the front room. In his attempt to do this he was foiled, and a gush of smoke and fire puffing through the entrance struck him squarely in the face, the flames burning his face and hair and the smoke stifling him to such an extent that he fell backward to the floor.

Upon the arrival of the firemen they, with a number of volunteers, extinguished the fire by the use of chemicals. Mr. Suter estimates his loss at $200 and the loss on the building, which belongs to Frank Rigby, suffered to the extent of possibly $50.

Will Probated.

SPECIAL CAUSE TO GIVE THANKS

Gov. Nash Calls Attention to the Centennial of the State Charter.

A TRACEDY MADE TO ORDER

Offered to a Newspaper Which Failed to Accept—Dunham Law on Loan Associations Held Invalid—Capital Notes.

From a Staff Correspondent.

Columbus, November 10.—Governor Nash has issued his Thanksgiving proclamation, and in it calls upon the people to assemble in their accustomed places of worship on November 27, the time set for thanksgiving by President Roosevelt, and offer up thanks for the blessings bestowed by Providence. He also says: "The people of Ohio have especial cause for observing this day with more than usual zeal. November 29 is the one hundredth anniversary of the adoption of the first charter of the state, which was an important step in its creation, and it is fitting that we should recall the manifold blessings of Divine Providence which have made this state great, strong and prosperous."

Thomas E. Lawrence, of the United States recruiting service, offered to take his life and give a Columbus paper a "scoop" on the tragedy for a consideration of $300. He said that a representative of the paper could see him suicide and thus get the inside of what would prove to be a sensational story. He stated he married a lady at Atlanta, Ga., on the fourtn of this month, but that he had had trouble and came north. He stipulated that the sum named as the price of his life should be given to his aged parents. He was arrested and later taken to the United States military barracks here, where a close watch will be kept over him. He stated he tried to poison himself the night before he made the cold-blooded proposition to the paper, but failed, as he could not keep the stuff in his stomach.

Attorney General Sheets holds the Dunham law giving savings and loan associations of $200,000 paid-up capital or more authority to do a safety deposit and trust business, is invalid on the ground that it is in contravention with the constitution in that it attempts to confer conporate powers and only applies to a certain class of associations, which makes it special legislation.

A motion has been filed in the supreme court asking for another stay of execution in the Cleveland ouster case. The judgment was suspended until November 20, and it is probable that a further extension will be allowed until May 1, when the new code will be in operation.

Governor Nash and Secretary of State Laylin have stated that a certificate of election cannot be withheld from Judge Badger, of this district, elected to congress on the Democratic ticket. As he did not resign from the common pleas bench a question was raised as to his eligibility to take his seat in congress.

The deputy examiners of the state presented Elmer E. Miller, of Canton, retiring district deputy, with a gold ring on Saturday at Chief Collier's office in this city.

SENT COLD CHILLS ALL OVER HIM

Smith Fowler Hears Terrifying Sounds and Discovers a Shocking Sight.

A MAN APPARENTLY DEAD

Found On a Cot In An Adjacent Room—Vain Effort Made to Arouse Him—Mystery Soon Explained After Arrival of the Police.

While in his office in the Diamond today at about noon, Smith Fowler received a scare calculated to shorten a man years and to be remembered everlastingly. He was sitting at his desk in deep thought when low, but distinct moans, issuing from a room adjoining, sounding very similar to the last gasps of a person in the throes of death, made cold chills course through him.

Mr. Fowler studied several moments over the advisability of entering the room to find the cause of the peculiar sounds, and it required a great effort on his part to boldly enter.

Turning on the lights, to his horror he saw, lying on a couch a man who, from all appearances, was dead. By this time not a sound floated from the room and Mr. Fowler was more convinced that there was a corpse in his apartment. Nervously he walked over to the inanimate form and shook him roughly. Not a word came in answer and instead glassy eyes were turned upward. That was enough for Mr. Fowler, he rushed from the room and telephoned for the police. Officer Woods answered the call.

The officer has had years' experience with all sorts of men in a stupid state and readily pronounced the man drunk. He tried but in vain to awaken the fellow, and it was necessary to carry him bodily to the street, where the patrol wagon was in waiting. At the city hall he revived somewhat, but not enough to give an explanation of his queer actions. His name is said to be William Sheppard.

Bird Season Now Open.

From the city in large numbers drove local sportsmen this morning toward the country hills and dales, all in delightful anticipation of a great day's hunt for birds and rabbits. The season opened today and will not close until December 1. It is expected that the woods will ring throughout the entime time with gun shots and every man in the city, the possessor of a gun and dog, will be represented in the gaming crowd. The revised game laws permit a person shooting not more than 15 quail in a day and prohibit shooting at them only when they are on the wing.

NEW RAILROAD

OF IMPORTANCE AND INTEREST IN THIS VICINITY.

Western Washington Line to Build to Burgettstown And Down Raccoon Crek to the Ohio.

Washington, Pa., November 10.—(Special.)—It is announced today that the Western Washington railroad, which is owned by the Pennsylvania Railroad company, has already been built from Houston to the Midland coal works, a distance of about five miles, is to be extended to the company's main line at Burgettstown in the near future, and that a corps of engineers are at present making their final survey for the road. It is also authoritatively stated that another line will be built from Burgettstown to the Ohio river via Raccoon creek.

The Pennsylvania company has hundreds of acres of coal territory which has been purchased within the past year along the proposed line, and it is thought that a number of tipples will be placed along the line, and extensive developments made in the coal industry. The new route will shorten the distance from many points in Washington county to the Ohio river, and be quite an advantage to not only the residents along and near it, but the company as well.

WHOLE CABINET QUITS

Spain's Premier Tenders the Resignations of All of Alfonso's Ministers.

Madrid, November 10.—(Special.)—Premier Sagasta today tendered to King Alfonso the resignation of the entire cabinet. The king will decide tomorrow whether to accept.

The cortes will be informed today and will suspend its sitting until dissolved.

THE END IS NEAR

Molineux Case Will Probably Go to the Jury This Afternoon.

New York, November 10.—(Special)—Molineux's counsel, Mr. Blake, began summing up at 11:30. There was a big jam in the court room.

The case will probably go to the jury late this afternoon.

Anniversary Celebration.

McKinley Home No. 75, Home Guards of America, will celebrate the first anniversary of its existence next Wednesday evening at the G. A. R. hall. The celebration is to be in the nature of a banquet, to which all the members are invited. The order, which is one of the best of a patriotic nature in the country, has been gaining steadily in membership here, and they now number more than 80.

WOMAN BURNED TO DEATH BY GASOLINE EXPLOSION

Lisbon, November 10.—(Special)—Mrs. M. H. Kelly was terribly burned by a gasoline explosion at her home at Teagarden, Sunday morning from the effects of which she died at 11 o'clock this morning. At about 3 o'clock Sunday morning she turned on the gasoline in the stove intending to light it in a few minutes, but left the room and did not think of it until some time later.

The stove in question was of the kind by which the gasoline is fed to the burner by the dripping process, which gave the fluid plenty of time to evaporate, and form a gas in the room as it issued from the tank. When Mrs. Kelly returned to the kitchen and thoughtlessly struck a match to light the gasoline there was a terriffic explosion.

The husband was out in the yard and hearing her cries, hurried to her assistance. She was frightfully burned about the face, eyes, abdomen and legs, but strange to say her clothing had not caught when her husband came to her rescue, and had little difficulty in extinguishing the fire. Mrs. Kelly lingered in terrible agony, being conscious most of the time until her death. She was 44 years of age. She leaves her husband, who is a merchant of Teagarden, and a son Charles, who is a stenographer in the office of the American Tin Plate company, at Pittsburg.

ROVERS VS. BUCKEYES

Snappy Game of Football at Rock Sprirgs Park Won By the Former Team.

A snappy game of association football was played Saturday evening at the Rock Springs grounds between the Rovers and Buckeyes of this city. The line up.

Rovers.		Buckeyes.
Townley	Goal	Leighton
Pope	Full Back	Beech
Tucker	Full back	Leighton
Parker	Half back	Johnson
Wooliscroft	Half back	Cartwright
Bowers	half back	Beech
Pope	Forwards	Watkins
Moore	Forwards	Mines
Davis	Forwards	Massey
G. Townley	Forwards	Arb
A. Townley	Forwards	Arb

Score: Rovers 1, Buckeyes 0.

Umpire, Si. Scarret.

The running goal was scored by G. Townley in the second half by a series of excellent plays. Cartwright was injured by being kicked on the knee, but it is said he was playing irregularly or it would probably not have happened. Arthur Townley and Arb had some difficulty when the second half was played. No serious trouble resulted.

COLLAR BONE BROKEN

And Severe Bruises Received By a Boy Who Fell While at Play.

While playing with a number of companions about a board pile at the saw mill in the lower end of the city Saturday evening, John Canovan, a 14 year-old boy, fell to the ground, a distance of fully 10 feet, and sustained severe injuries.

The boy fell in such a manner that his right shoulder and side of his head struck the ground simultaneously. The collar bone was broken and his head badly burised.

FINES IMPOSED BY THE MAYOR

A Number of Offenders Arrested Saturday Night For Drunkenness.

OFFICERS' LIVELY CHASE

For Young Men Who Disturbed Sunday Evening Quiet on Sixth Street. Three of Them Arrested—An Arrest for Fast Driving.

Some people carry lonesome jags, some carry sleepy jags and some carry hilarious jags, but the one that William Girard had yesterday morning when met on Second street by Officer Dunn is defined as a stubborn jag. He would and he would not. When told to move on toward his home he started, but soon changed his mind and defied the "bloody officer" to send him to a place that he could always go to. Several warnings were given the man, but he still persisted in standing pat, and the officer said to him: "Well, old man, if you won't go to your home you can go to the hoboes' rest." This morning he was charged $5.60 for his sleeping quarters.

Thomas Sullivan has become so attached to the city hall and its surroundings that he tries in vain to steer clear of it. Only last Thursday he was arrested on suspicion of theft, for it he was compelled to lie behind the cold bars for a day, and then sweep the quarters, and Saturday night he concluded that he would like to visit the place again. It required no coaxing on his part to get the opportunity. He pursued the proper course by filling to the brim on his favorite toddy, and while enjoying the effects to the fullest extent Officer Saulsberry nabbed him.

With 30 cents and a half pint on the outside and a little less than a half keg on the inner lining, Frank Jones was picked up Saturday night by Officer Mahoney. He was happy as a lark, and complimented the officer on his striking appearance in a new overcoat. His fine was $1 and costs.

Irwin Potts came all the way from Lisbon Saturday to take a sociable drink, and this morning there was not a more sorry man in the city. While he was jollifying over his evening's pleasure in a manner disgusting to all save himself he very foolishly allowed Officer Saulsberry to get in his path. The usual fine was imposed.

Officer McDermott has no patience with a man that will use profane language, and when he caught W. E. Sweeney, of Wellsville, making the air blue a quick trip was immediately made to the city jail. It was the man's first offense and he escaped with $6.60.

Officers Woods and Rose engaged in a merry chase last evening when they started after five young men of the

WITH THE WORKMEN IN THE CLAY PLANTS

GRECIAN POTTERY.

Consul McGinley, at Athens, Greece, reports on the pottery industry of Greece as follows: "The modern pottery of Greece is principally of two kinds, viz: First, ordinary, cheap crockery ware, for common or general use; second, fine ceramic pottery, artistically made and finished by men who have studied the art at the Polytechnicum, and who modeled their work after the celebrated ancient pottery if Greece, imitating the shape, colors, finish, etc. Some of the clay workers become very proficient and make fine imitations of many of the ancient styles. In the preparation of the clay for pottery, brick, or tile, the Greeks sometimes mix it by hand, but often in a simply constructed clay mixer turned by horse power. The ordinary, or common pottery, is very cheap, and is used for all kinds of culinary and household purposes. Crocks, jars, jugs, vases, bowls, basins, pots, etc., of a reddish color, and usually unglazed within, are in general use, and can be bought at very low rates. In many places, but especially in the Island of Aegina, a cream-colored water jug or jar is made which is so porous that when filled with water the moisture keeps continually exuding to the outside and there evaporating, which wonderfully cools the contents, especially when the vessel stands in a draft. These cheap 'water coolers,' are used by everybody, rich and poor, and great numbers of them are manufactured and sold every year. They are, as they have been for centuries, a great blessing to the people of these warmer regions. These jugs are very cheap, but friable. Many thousands of jugs of the red ware are continually in use, for carrying and holding water. Pottery manufactories are quite numerous. Here in Athens, there are a dozen or more such plants, the most noted of which are the 'Kerameikos' (clay workers') quarter in the western portion of the city and on the 'Sacred Way' of the ancients. They make many kinds of crockery and some very good imitations of ancient vases, etc. In the Cyclades, and in all of the islands of the Aegean sea, there are pottery manufactories peculiar to itself, owing to the difference in the clay or the method used in its manufacture."

DELAY AT CROOKSVILLE.

The Crooksville pottery has been delayed in starting by not being able to secure the piping for stilliards and steam fitting. The firm is now overcoming this as quickly as possible, and will be working in the clay departments in a few weeks. The plant, like many other plants in course of construction, was delayed by the non-arrival of the material needed. Heavy freight traffic on all lines is the direct cause.

TWO NEW KILNS.

The Weir Pottery company, of Monmouth, Ill., is putting up two more kilns and will install a complete outfit of new machinery for the production of lids for the patent "Weir" fruit jar which has been on the market for some years past and on which there is still a great run. It is probable that the capacity of the plant will otherwise be increased.

WINTER PORK SUPPLY.

Elmer V. Reed, boss oddman and Harrison Lucas, saggermaker, at Goodwin's, were over in West Virginia ond day last week after their winter's supply of pork. They purchased two fat porkers on the foot from a farmer and killed and dressed them on the spot. This was their method of circumventing the meat trust.

SPRINKLERS COMPLETED.

The sprinkling system of fire protection at the Dresden pottery was completed yesterday, and when tested proved to be in perfect working order. The workmen commenced this morning to place the system in the National pottery.

NEW ONE AT LANCASTER.

Lancaster, O., is to have a new pottery. James McMahon and L. T. Jack, of Zanesville, are the incorporators of the firm, with $10,000 capital. Toilet sets are to be manufactured, with the intention to later branch out into the production of art pottery.

POTTERY NOTES.

Miss Pearl Huff, of Vodrey's, was a visitor to Steubenville yesterday.

Neal Laird has taken a position in the biscuit kiln crew at the Buckeye.

Miss Dora Green has taken a position in the decorating room at Cartwright's.

Charles Bowers, of the Buckeye, had an increase in his family last week. It is a boy.

The clay hands at the Union were compelled to loaf Friday owing to a shortage of clay. The clay hands at Vodrey's were off Friday and Saturday owing to a break in the engine.

Fred Webb, of the biscuit end at the Buckeye, was off sick several days last week.

Misses Helen Hales and Ida Ditmore, of the Union, were visitors at Pittsburg yesterday.

John Gray, of the biscuit kiln crew at the Buckeye, is laid up with a carbuncle on his hand.

Al Brown, of the machine shop at the Buckeye, is back at work again after a two weeks' illness.

John Shaffer, who has been boss kiln drawer at the Buckeye, has gone on as apprentice kiln hand.

Will Baker, of the glost end at the Buckeye, was taken suddenly ill while at work Saturday and was sent to his home.

Clark Floor, of East Palestine, has accepted a position as foreman of the decorating department of the French China company at Sebring.

Charles Dyke, of the biscuit end at the Buckeye, hurt a few days ago by a sagger falling on his foot, is now contending with a complication that has resulted from the injury. Erysipelas has set in and he can just hobble aroung with the aid of crutches.

PITTSBURG ORCHESTRA

Second Concerts Friday and Saturday, With a Celebrated Pianist, As Soloist.

The second set of Pittsburg Orchestra dates for the season is Friday evening, November 14, and Saturday afternoon, November 15, and the program with Mr. Ossip Gabrilowitsch, pianist, is as follows:

Concert overture, "Cockaigne," (in London town) op. 40, Elgar; concerto for piano and orchestra in B flat minor, op. 23, Tschaikowsky; suite No. 2, "Indian," op. 48, MacDowell; Legend, Love song, In War Time, Dirge, Village Festival; Siegfried Forging the Sword, from "Siegfried," Wagner.

Here is a modern program of tremenduous musical significance for it presents four composers of different nationalities, all of whom have world-wide fame. Edward Elgar, whose name appears first, is a well known London composer. Mr. MacDowell's "Indian" suite is one of the important orchestral novelties of the season. He is in many respects the first of the native born American composers.

Ossip Gabrilowitsch, pianist, is the soloist at these concerts. He is a Russian, pupil and protege of Anton Rubinstein. He draws from his piano a tone orchestral and so sensitive in his temperament that the piano's cantabile quality lingers on the strings as if on a violin.

There is a fine choice of seats for the afternoon and a good choice for the evening. The afternoon concert begins at 2:15. Orders for tickets will be taken by telephone at the ticket office, Grant 1259, at Mellor's, 319 Fifth avenue.

ROLLING MILL FOR SALEM

Representatives of a Syndicate Visited That City Looking for a Site.

Salem, November 10.—Salem has a good chance of securing a large rolling mill if a suitable site can be had for such a plant. On Saturday C. M. Dow, of Chicago, and W. H. Voight, of New York, left after making an inspection of the city and surrounding country. The gentlemen are said to represent a syndicate who are on the lookout for good sites for all kinds of manufactures. Salem is one of the cities that is being considered for the location of such an industry and it may be chosen, although the chances are not very good.

The gentlemen also stated that Akron was another town that was being considered. Salem has had a number of good chances to have manufactories of magnitude locate here, but in most instances through some misunderstanding or lack of enterprise on the part of the people the opportunities have gone by.

Messrs. Dow and Voight expect to make another visit to Salem within a short time, when the matter will be further considered. Mr. Dow was formerly in the newspaper business and was an employe of W. R. Hearst.

FOUND A BROTHER

STEUBENVILLE TEACHER MAKES A HAPPY DISCOVERY.

Children Separated 21 Years Ago Meet for the First Time Since Then.

Steubenville, November 10. — Miss Elizabeth Hukill, a popular teacher in B primary grade, Grant building, in the Steubenville public schools, and Harry Williard, of Kent, O., met in the latter city Friday afternoon for the first time that they can remember.

Miss Hukill and Mr. Williard are sister and brother, and were parted by the death of their mother over 21 years ago, when the girl was aged 2 years and the boy eight days. Since that time Miss Hukill has been in ignorance of the fact that she had a brother, while the young man learned only a week ago that he had a sister.

They were the children of Mr. and Mrs. Oscar Hukill, of Steubenville. At the motner's death the little girl was taken by Mr. and Mrs. George J. Fickes, of North Fifth street, by whom she was raised and with whom she still makes her home. The boy was placed in a children's home at Alliance, from where he was adopted years ago by Mr. and Mrs. Elias Williard, of Kent, by which all trace of the boy's relatives was effaced.

Since the adoption of the boy nothing was known of his whereabouts until a cousin of Miss Hukill and her brother, who resides in Pittsburg, took up the matter and found that Harry Williard, of Kent, was none other than Harry Hukill. This cousin came to Steubenville, met Miss Hukill and told her of his discovery and the story of her brother's disposition after the death of their mother. Miss Hukill then determined to see her brother and in company with their cousin who imparted the glad tidings went to Kent, where brother and sister met yesterday and were reunited.

Oscar Hukill, father of the young people, died about five years ago at Dayton, O. He was in the brick and contracting business in Steubenville for many years with the late A. J. Fickes, but of late years had made his home in Dayton. H. O. Hukill, purchasing agent of the Pennsylvania railroad at Pittsburg, was his brother, and it was Mr. Hukill's son who brought about the happy meeting between brother and sister.

EAST END

INTERESTING SERVICES

Marked the End of Personal Effort Week at Second Presbyterian Church.

The services at the Second Presbyterian church last evening to mark the end of Personal Effort week were of particular interest and the congregation was was unusually large and attentive. The members of the Young Peoples' society, who arranged the service, were greatly disappointed over the inability of Mr. Weir and Mrs. McCullough, who were to make addresses, to be present. The former was kept away by an injury to a relative and the latter by sickness.

Rev. Mr. Crowe opened the service with some well chosen and appropriate remarks on the church membership and pointed out that only a few of the many younger people could be relied on to do things in the service of the Master. Miss Huberthal read a highly entertaining paper dealing with the first clause of the pledge of the society. All have an influance and it should be used to accompiish good. We should find the blackest side of self and correct it by trusting Jesus as a guide. Dr. J. T. Elliott spoke in place of Mr. Weir, and there were in his remarks many illustrations of what young people can accomplish. He does not believe that the life of a Christian is up-hill work and there should be no hesitancy on the part of those who start out to do God's will. E. D. Moore had an interesting and entertaining address, which was greatly enjoyed. Another enjoyable feature was the special music.

BITTEN BY A DOG

William Boice Thought He Was in No Danger Until He Felt Its Teeth on His Flesh.

William Boice, of near Wellsville, was bitten by a dog on St. George street Sunday afternoon about 2:30 o'clock. Boice had gone to the East End to call on some friends and was passing the residence of William Finney when the dog attacked him. The animal is a small one and Boice had no idea that he was in any danger. However, after barking and following him for some distance the dog sprang at Boice and fastened his teeth in the calf of his left leg.

Maddened by the pain from the wound Boice administered several vicious kicks and succeeded in driving the animal away. He then hastened to the office of Dr. Marshall and had his wounds cauterized. The dog showed no evidences of having rabies, but it will be killed today.

PASTOR M'QUISTON ILL

Was Unable to Conduct Services at the Second U. P. Church Yesterday.

Rev. D. W. McQuiston, of the Second ond U. P. church, was too ill yesterday to conduct the services at his church and Rev. J. N. Swan filled the pulpit for the morning. There were no services in the evening. Rev. Mr. McQuiston is now under the care of a physician and while his condition is not alarming he is a very sick man. His temperature yesterday was 2½ degrees below normal, and he is suffering with a severe cold and general depression of the system.

To Incorporate New Lodge.

Messrs. James Robinett, T. M. McKane and Robert Newell, who compose the committee having in charge the Odd Fellows meeting to be held next Friday night in Larkin & Ferguson hall, have completed part of the arrangements for the entertainment. There will be a banquet among other things and a program of music and recitations. The committee will meet again tomorrow evening. There are now a number of Odd Fellows in the East End holding membership in various lodges and it is proposed to find out just how many there are and if the number is sufficient to incorporate them into an order in the East End.

Street Car Left the Track.

Street car No. 1, in charge of Motorman Gus Brandenberg and Conductor John Whan, left the track this morning about 8 o'clock at the eastern end of the Thompson pottery. The body of the car struck the end of a tie that had worked up from the numerous teams passing over it, and the car, which was going at a good rate of speed, plunged into the embankment to the right of the track. Had the car gone to the left it would have plunged over the river bank and a serious accident would have resulted. As it was no one was injured.

Home From Abroad.

Mrs. W. O. Challinor, of Ohio avenue, returned this morning from Glasgow, Scotland, where she has spent the past seven months with relatives. Mr. Challinor went to New York Saturday where he met her upon her arrival of the steamship Cymric. He saw for the first time his baby boy, who was born during Mrs. Challinor's stay in the old country. He is now several months old. Mrs. Challinor's sister, Miss Meekle, of Glasgow, accompanied her and will spend the winter in East Liverpool.

Injured While Hunting.

Mr. and Mrs. T. H. Fuller, of near Pennsylvania avenue, received a telegram Saturday evening from Nelsonville, O., containing the sad news of the serious injury of their son Curtis while out hunting near that city. The telegram gave no details as to how the accident occurred and as neither Mr. and Mrs. Fuller could go to him they wired immediately for further particulars. They had received no answer up until noon today and this is taken as an indication that the injury has not proved fatal.

Beaver Would Not Play.

The Marine Athletic club football team did not go to Beaver Saturday to play the game that was scheduled. A telegram was received Friday evening from the team there stating that they would be unable to play. No cause was assigned and the Marines think that it looks like a backdown. They had made all preparations for the trip and are greatly disappointed as they were anticipating a good game and another victory. They will play the Market street Tigers next Saturday.

Tot's Peculiar Mishap.

John Brant's three-year-old son was out in the yard at his home in Helena Sunday afternoon playing in the sunshine, and for some reason probably not known even by the youngster placed a small pebble in his nose. He ran to his mother and she, finding that she could not remove it, took him to the office of Dr. Mowen. The doctor with a little difficulty extracted the stone, and the youngster suffered nothing from his peculiar adventure.

EAST END AFFAIRS.

Attorney J. E. Davis spent Sunday with his mother at Calcutta.

Charles Haines, of Niles, Ohio, was calling on East End friends yesterday.

Mrs. Archie Putnam left this morning for Ohioville, where she will visit her parents.

Laura, the little daughter of Captain and Mrs. Terrance, is quite ill with catarrhal fever.

Mrs. Kate Grant, of Pennsylvania avenue, is visiting Mrs. D. P. Ralston, at Smith's Ferry.

Mr. and Mrs. John Mount spent yesterday with Mr. and Mrs. Wm. Copestick, of Ohio avenue.

Wm. Ralph left this morning for Long Reach, where he will spend a couple of weeks hunting.

Officer Fisher and Dr. F. F. Davis are out on a quail hunt this morning. This is the first day of the open season for the birds.

Miss Mary Thompson has taken her old position in Chambers' store, on Mulberry street, after a nine months' visit in California.

C. L. Chambers and family, of Pittsburg, are the guests of his brother F. B. Chambers. At the conclusion of the visit they will go south for the winter and may locate there permanently.

Jesse Cooper, of Pennsylvania avenue, who was so seriously ill for several months, with a bealed head and other troubles, is now entirely recovered and today resumed his work as a presser at the National pottery.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment and especially valuable for burns cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

A WONDERFUL WELL

GUSHES WATER ENOUGH TO SUPPLY A CITY OF 20,000.

Draining Farmers' Wells Miles Away And Drying Up a Creek Above.

Salem, November 10.—The huge artesian well on the R. C. Galbreath farm, seven miles south of this city, is a wonder and is attracting widespread attention.

The well was drilled 130 feet deep by Nicholson & Chapman, oil well drillers of Homeworth, for the Sebring Brothers, of Sebring, who hold lases on about 1,700 acres of land in that vicinity. It is believed that there is oil there, although the first test well brought in a great water gusher.

The first well was started on the bank of the Mahoning river, near its headwaters. The flow of water was struck in the gravel at 130 feet. It filled the eight-inch casing and spurted above the top of the pipe nearly two feet. In attempting to drive the casing three of the upper sections broke off. This permitted water to escape into the hole. After that there was no chance to check the flow or connect up the casing. The effects of such a volume of water in sand and gravel can be imagined. It wore away the hole until at present there is a pool more than 20 feet in diameter and nearly as deep in places. A ditch from this carries the water into the Mahoning, more than doubling the size of the creek.

All springs and wells in the vicinity, not having their sources in rock, are affected by the artesian well and practically drained by it. Above the place the Mahoning is sinking slowly, only to again come to the surface through the mouth of the well. Some wells three miles from the gusher are affected, and a spreading of the effects is anticipated.

It was a week ago last Thursday that the flow was struck. Since that time it has increased, if there has been any change in the volume. It is impossible to estimate the extent of the flow from the size and depth of the ditch which carries the water from the well. A conservative estimate is that over 1,500,000 gallons of water escapes from the well each day. This is enough to supply a city of 20,000 people, and is more than twice the amount of water consumed in this city. The water is as pure as crystal, where it is uncontaminated by floating sand.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissues to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Druggists sell it for 50 cents. Ely Brothers, 56 Warren street, New York, will mail it.

THE AVERAGE FOR EACH OF THE 27 ISSUES OF OCTOBER WAS 2,776 COPIES.

MONDAY, NOVEMBER 10, 1902.

The editor of the Lisbon Patriot does not like football. Hear him: "There is not a thoughtful parent or school teacher in the land, who does not deplore the existence of the football craze. A Mexican bull fight is just as reasonable as the present kicking matches, in which heads are caved in, arms and legs broken, stomachs bruised and intestines ruptured. In short, the modern game of football is extremely brutal and ought to be suppressed by law. Many sports for those needing exercise are commendable, but games where main strength is required to win, and where life and limb are endangered, are disreputable and in great disfavor among parents and guardians. We look to our school teachers to aid us in suppressing vice of all kinds, and the vice of brutality is an ugly one and ought to be smothered whenever and wherever it raises its head." Suppression of football would be an impossibility, no matter who tried it. Effort should be directed toward eliminating its disagreeable and dangerous features. Suppress brutality and the game is all right.

Secretary Root, in discharging an officer from the army service, said: "Evidence shows that the officer was suffering from chronic alcoholism and on at least one recent occasion had been drunk on duty. These are not grounds for placing an officer on the retired list and supporting him in idleness for the rest of his life, at the expense of the country, but they are grounds for dismissing him from the service which he has disgraced." The secretary has discharged a disagreeable duty fearlesssly and well. With such a man at the head of the war department the moral tone of the army will certainly improve.

A report of the bureau of statistics shows that though there has been a falling off in our exports as a whole the exports of manufacture for the first nine months of this year were $12,641,890 greater than those of the same period of last year, and that they were never exceeded in any corresponding period except the first nine months of 1900. Their value has risen from $111,290,024 in 1892, to $311,302,441 in 1902.

It is stated that in the past two months nearly 50,000 homeseekers have departed from the east to settle beyond the Mississippi. Any movement toward the agricultural regions and away from the great cities is a healthy indication, provided it does not derive its stimulus from the circulars of western real estate boomers, whose promises are more frequently disappointing than satisfactory.

The upper Ohio valley is to be strongly represented at the river improvement convention which opens at Parkersburg tomorrow. From all indications the gathering will be import and and influential. Millions of people are interested in the proposed improvement, and the effort to secure it should not be relaxed until victory has been won.

There is smallpox at Lisbon, Clarkson, Sebring, and elsewhere in the vicinity. It is quite likely to find its way to East Liverpool. Action by the board of health and the adoption of general vaccination and other precautionary measures would certainly be timely.

Marconi's next effort will be to send wireless messages clear across the Atlantic. He will have to send something more than the letter "s" to convince a somewhat incredulous public that his system is likely to put the cable companies out of business.

General Corbin has come out against weddings in the army. He says that it injures an officer's usefulness to get married while he is in the service. General Corbin took a bride home a few years ago, and he ought to know what he is talking about.

There is a splendid opportunity for the East Liverpool police to distinguish themselves by catching a few "hold-up" men. So long as they get the actual offenders the public will not be particular whether they take them dead or alive.

The new code is the law of Ohio and should be given a fair test before it is condemned. Attempts to create public sentiment against it cannot be too severely censured.

Grover Cleveland is still for tariff reform. He is the only conspicuous Democrat who dares to speak out and he does so because he is not in politics.

Figures won't lie but liars will figure. Some of them are still busy trying to extract Democratic comfort from the election returns.

How would it do for the government of Colombia to appoint a receiver to straighten out its affairs?

There seems to be more ceremony than cordiality about the visit of the kaiser to the king.

OBITUARY

Miss Mary Pettit.

Lisbon, November 10.—(Special)—Miss Mary Pettit, aged 84 years, died Sunday morning at 5:30 at the home of J. L. Wellington, in this place, where she had lived for five years. Death was due to the infirmities of age. She is said to have had a slight stroke of paralysis three months ago. She liven in Lisbon all her life. She was a sister of ex-County Auditor Stacey Pettit, who held office from 1875 to 1881. Funeral services will be held from the home Tuesday at 1 p. m., Rev. Mr. Fowler, officiating.

Joshua Fitzsimmons.

Joshua Fitzsimmons, aged 39 years, died Sunday morning at 8:30 o'clock, from peritonitis, complicated by intestinal obstruction. He was taken sick a week ago and his physician gave up all hope of saving his life last Friday. The funeral services were held at the home of his brother near Fredericktown, with whom he lived. He was a son of Mr. and Mrs. James Fitzsimmons, both of whom are now dead, and was highly respected in the community.

AT THE THEATER

Irene Myers Stock company, which will be at the Grand for a week's sojourn, claim to have one of the most superbly equipped popular priced organizations that will be seen at the local play house this season, every piece of scenery used in mounting the 11 different plays contained in the repertoire being carried. Some idea of the magnificence of the productions can be had from "The Electrician," which will serve as the opening play.

PARKERSBURG IS PREPARED TO ENTERTAIN BIG CROWDS AT THE RIVER CONVENTION

Continued from First Page.

incoming delegates. It will be known as the committee on information and will be composed of the following young men: Talbot Hiteshew, Bradford Hiteshew, Ben Neal, Lisle K. Jones, Ellis Mather, J. Mentor Caldwell, R. S. Brown, E. C. Gerwig, Jr., Joel Shrewsbury and H. M. O'Bleness.

The Elks' club has decided to keep open house during the meeting of the association, and it is expected that the Blennerhasset club will take the same action.

The meeting will convene tomorrow morning at 10 o'clock and will last two days. Every moment of that time will be consumed in carrying out the order of business. The program will without doubt be interesting in every detail, as the business transacted by the immense gathering of influential and representative people will eventually work wonders for the general prosperity of the millions living in this great Ohio valley.

Among the distinguished men who have announced their intention to be present are: Governor Nash, of Ohio; Governor White, of West Virginia; Governor Beckham, of Kentucky; Governor Yates, of Illinois; Senator J. B Foraker, of Ohio; Senators Elkins and Scott, of West Virginia; Congressman Dovener, of West Virginia; Congressman Grosvenor, of Ohio; Congressman Dalzell, of Pennsylvania; Congressman Hemingway, of Indiana; Colonel George H. Anderson, of Pittsburg, and Colonel John L. Vance, president of the Ohio River Improvement association, with headquarters at Columbus.

OFF FOR PARKERSBURG

East Liverpool Delegation Departs Today, Accompanied By Congressman Tayler.

The delegates who will represent East Liverpool at the Parkersburg convention of the Ohio Improvement association left the city on the afternoon train today, accompanied by Hon. R. W. Tayler, of Lisbon.

The delegation from East Liverpool will be made up as follows: W. H. Surles, chairman; W. E. Wells, secretary; W. L. Smith, Colonel John N. Taylor and Will L. Thompson. Dr. R. J. Marshall, one of the delegates, may be detained at home by the illness of his wife.

All of the delegates chosen at a recent meeting of council to attend the Parkersburg convention of the Ohio River Improvement association, with the exception of Judge P. M. Smith, left this noon for Parkersburg, where they will look after the interests of Wellsville. Particular pains will be taken by the delegates to point out the advantages if dam No. 8 is placed below Wellsville.

Crisis In Strike at Hand.

Paris, Nov. 10.—The government is taking precautions to handle another outbreak on the part of the striking miners in case the decision reached Saturday night to continue the strike is followed by violence. The authorities believe that the crisis in the strike is near and that the next 24 hours will settle the question whether the men hold to their decision to continue the movement or straggle back to the mines. The miners are in an ugly mood and much disorder prevails.

WELLSVILLE

AMONG THE CHURCHES

Dr. Manchester Preached Yesterday. Coming Meeting of the U. P. Presbytery.

Rev. C. E. Manchester, presiding elder of the M. E. church, Steubenville district, preached at both the morning and evening services at Highlandtown, near Irondale, Sunday. He will preside at the conference to be held at Brilliant November 11 and 12.

A called meeting of the Steubenville U. P. presbytery has been called for the purpose of installing Rev. W. G. Stewart, of Homestead, Pa., as pastor over the church of West Beaver and Lebanon and will meet at the West Beaver church, near West Point, Tuesday, November 10.

The annual praise service and thank offering of the Woman's Home and Foreign Missionary society of the First Presbyterian church was held Sunday evening in the church. Miss Neilson, who was raised among the Mormons, was present and gave quite an interesting talk upon the mode of religion of the Mormons.

THE DOG CASE HEARD

But Will Be Disposed of Later—A Jury Trial Demanded.

A preliminary hearing in the replevin suit of William Timmons against James Madden was given Saturday afternoon before 'Squire A. G. Mackenzie in the council chamber at the city hall. The case was argued for nearly two hours, the defendant finally demanding a jury trial.

The case was set for final hearing Friday morning. Mr. Madden then expects to be prepared to fight the case to a finish. A large crowd were present at the hearing Saturday, among whom were Mayor Davidson and one or two other city officials of East Liverpool.

The suit in question is over the possession of a hunting dog which is now in the possession of Constable Henry Thorn.

THE CITY CENSUS

Officers Who Have Been at Work Three Weeks Have Nearly Finished the Task.

Wellsville officers have now been at work upon the city census for nearly three weeks and have about completed their work. Each officer has been working in the ward containing his beat and aside from taking the census has become acquainted with the people whom he protects during the night season. This is a good thing, as occasionally the citizens are able to help out an officer on some difficult case or may have occasion to help the officer make an arrest.

It is claimed that the new census will show this city has not quite 10,000 population.

Madden Will Fight.

As stated Saturday, James Madden was arrested Saturday upon the warrant sworn out by Rev. W. M. Glasgow and Rev. C. L. Wells, who charge him with violating the city screen ordinance. Madden was brought before Mayor Fogo Saturday afternoon and pleaded not guilty. After putting up security for his appearance the case was set for hearing at 7 o'clock, Friday evening. Mr. Madden will then have an attorney and will fight the case.

The Funeral of Miss Campbell.

The funeral of Miss Lizzie Campbell, who committed suicide last Friday morning, was held at 1:30 Sunday afternoon at the First Presbyterian church. Rev. L. F. Laverty, the pastor of the church officiated. Interment was made in Spring Hill cemetery. Mr. and Mrs. Campbell, of Monroeville, brother and sister-in-law of the deceased, were present, also Misses Anna and Margaret Campbell, nieces of the deceased, and a brother, Mr. Campbell, of Minerva, Ohio.

NO EVIDENCE FOUND

On Which to Hold the Men Arrested For Robbing Mrs. Charles Barr.

James Halfhill, George Robbins and John Hanahue, who were arrested Friday night, charged with assaulting Mrs. Charles Barr and robbing her of $100, which she had concealed upon her person, were given a hearing Saturday evening before Mayor Fogo and a large crowd of spectators. No good evidence was brought against the accused and they were released. The queen of the gypsy camp who was seen at Mrs. Barr's house on several occasions, is now suspected.

John Allison Set Free.

John Allison, who has many times figured in municipal courts in East Liverpool, Chester and Wellsville, and who was arrested on October 28, charged with being drunk and disorderly, was released today and immediately left for East Liverpool. Allison was held for being in possession of a check for $11 made out to John Thomas, and signed by J. C. Blackburn, of Toronto, upon the Bank of Toronto. Mayor Fogo investigated and found that Allison had a right to the check.

Wellsville Again Defeated.

The football game played Saturday afternoon on the Aten field in the West End between the East Liverpool high school and the local high school team was in favor of the latter team, the score at the end of the second half being 12 to 5. Another game will be played later between the same teams, probably at East Liverpool.

Board of Education.

The regular meeting of the board of education will be held this evening. The regular order of business will be followed. The superintendent's report for October will probably be given. It will show that the attendance at the schools was not as good as during the month of September.

AMONG THE UNIONS.

Local union No. 405, Carpenters and Joiners, will meet Friday evening in the same hall.

The regular meeting of local union No. 24, N. B. of O. P., will be held tomorrow evening.

Local union No. 55, N. B. of O. P., the girls' local, will meet this evening in the Potters' hall in regular session.

Local union No. 63, Retail Clerks' union, will meet Wednesday evening in Potters' hall. It is expected that some final disposition will be made of the present disagreement between the grocers and grocery clerks regarding the number of hours of work each day. The grocers now retain their clerks from 6 a. m. until 6:30 p. m. excepting Saturday. The clerks want this time reduced to from 6 a. m. until 6 p. m.

THROWN FROM A BUGGY

Mrs. Thomas Ward Painfully Injured While Driving in the Country.

Mrs. Thomas Ward, of Carolina avenue, was seriously injured Friday evening while on her way to the home of Miss Jane Stewart, in Gas Valley. They were in a spring wagon and when near the residence of Mr. Sherman Allison, about one mile from their destination, in driving over a culvert, Mrs. Ward and her young son Harold were thrown out. Miss Stewart and her brother, Paul Stewart, who was driving, managed to retain their seats.

The child escaped injury, but Mrs. Ward, in falling down an embankment, alighted head first upon some stones. She was badly bruised about the head. Her eye was swelled almost shut before she reached the Stewart home. Dr. Donehoo, of Fairview, was called immediately. Mrs. Ward was brought home last evening. z

TAKEN TO WHEELING

Connelly, the Alleged Pickpocket, Once More in a West Virginia Jail.

Thomas Connelly, the pickpocket, was taken to Wheeling jail yesterday by Sheriff C. F. Allison. He at first refused to leave Pittsburg without requisition papers, but was persuaded to do so.

Connelly denies he is the man wanted here and says he remembers nothing about ever being at Rock Springs or New Cumberland. A strong guard will be placed over him while he is in jail.

The Pittsburg detectivee said he was probably the most dangerous man the Hancock county officers ever had in charge. They expect to land him this time.

Aged Citizen Ill.

Charles B. Allison, one of the best known citizens of Grant district, is very sick, with little hopes of his recovery. He is suffering from kidney trouble. Drs. Lewis and Hobbs were both in attendance Saturday night. Mr. Allison is 83 years of age.

Fulton vs. Arner.

In the circuit court today at New Cumberland the case of George Fulton against George Arner, former manager of the Chester Grocery company, will be heard. A team of horses belonging to Fulton was attached some time ago by Arner to satisfy a claim for groceries amounting to about $60. Arner sold the team for the debt. Mr. Fulton's plea was that Arner did not advertise the team the length of time required by law. Grosshans is attorney for plaintiff.

ROBBED OF $10.60

FINES IMPOSED BY THE MAYOR

Continued from First Page.

city who were making themselves generally obnoxious and disgusting by their deeds of rowdyism on Sixth street. The attention of the officers was called to the roguish quintet by a peaceable citizen who had been disturbed. At sight of the blue coats the fellows separated into two bunches and ran for hiding in alleys. But three of them were corraled, Joe McGinnis, Pat Carney and J. O'Neil. They were caught while trying to get into barrels at the rear of the Walsh hotel. A hearing will be granted them this evening, when it is likely that they will receive the usual fine of $6.60.

Will Cavin was arrested on Saturday night by Officer Dawson on a warrant sworn against him for fast driving. He protected strenuously upon being arrested, but to no avail. He will be given a hearing today.

John Cassiday made a grave mistake last evening when he allowed himself to be seen by Officer McDermott. He was about as full as they generally get, and the officer arrested him. He pleaded guilty to a charge of drunkenness and the mayor sentenced him to the workhouse at Conton upon his refusal to pay a fine $10 and costs.

Crown Prince at Kansas City.

Kansas City, Mo., Nov. 10.—The crown prince of Siam broke his western journey by a two-hours' stop-over here, the time being spent in a drive through the city. The prince was welcomed by a native of Siam, Nai Luang, a student at the Atchison (Kan.) college. He presented the prince with a bouquet of pink chrysanthemums. The next stop of the party will be at Colorado Springs today, the best part of the day being allotted for sightseeing.

Army and Civil Authorities Are to Work In Conjunction—Vigorous Operations In Cavite Province Will Commence Shortly.

Manila, Nov. 10.—The government is adopting vigorous measures to suppress Ladronism in the provinces of Cavite, Pizal and Bulacan. A zone embracing these provinces, and surrounding Manila, is the scene of constant petty and sometimes serious disorder. Several armed bands, some of them numbering 200 or 300 men, are operating in the described district and have committed various depredations. They find a safe refuge in the mountains. The plan of the government contemplates securing the assistance of the military, which has been inactive since the end of the insurrection. The extent of the army's participation in the work of suppression depends upon developments. It is probable that the military authorities will request the garrisons to protect the more important towns, while the constabulary conduct the field operations. It is thought that martial law in a modified form will be declared and the privilege of the writ of habeas corpus suspended in Cavite province, which has been the home of the Ladrones for ages.

Military control of Cavite province is not contemplated. It is intended that the military and civil authorities shall work in conjunction. The belief is held that advantage has been taken in some parts of the islands of the complete inactivity of the soldiers and it is thought that the use of the army by the civil authorities will have a beneficial effect.

The vigorous campaign against the Ladrones which has been conducted by volunteers in Bulacan province has resulted in driving many refuges bandits into Rizal, where the campaign is now opening.

General Davis is co-operating with Governor Taft. He has strengthened the garrisons in Rizal and is supporting and assisting the native constabulary which is now afield. The operations in Cavie province will commence shortly.

Public Hearing of Shipping Bill.

Manila, Nov. 10.—The commission has decided to hold a public hearing on the coastwise shipping bill before taking final action in the matter. The measure as drafted permits foreign vessels to engage in the Philippine coastwise trade until 1904. It requires owners of foreign vessels bringing Chinese crews to the Philippines to give bonds on the Chinamen, it requires the payment of duties on supplies purchased abroad; it gives the governor of the Philippines power to appoint a commission to fix freight rates and it makes coasting steamers common carriers. The last provision is aimed at putting an end to discrimination by the trading companies now operating on coastwise steamers.

HERE'S A GOOD THING

Something You Can Readily Believe As, It's East Liverpool Evidence.

Mr. H. Rushton, of No. 387 West Market street, East Liverpool, says:—"Before I used Dr. A. W. Chase's Nerve Pills I got at Larkins' Drug Store, I was bilious—head felt achy and dull. The effect of the medicine was to clear the head—give a feeling of strength, energy and new life. This I think justifies a recommendation."

SOUND AS A DOLLAR

That is the result of a course of treatment with Scott's Emulsion. We have special reference to persons with weak lungs and sensitive throats.

Scott's Emulsion does some things better than others. This is one of them. It has a peculiar action on the throat and lungs which gives them strength and makes them tough.

That's how Scott's Emulsion drives out coughs, colds and bronchitis. It keeps them out, too.

We'll send you a little to try, if you like.

FIFTIETH ANNIVERSARY.

Distinguished Catholic Churchmen Assisted In Ceremonies at Cleveland.

Cleveland, O., Nov. 10.—Yesterday was the biggest day of the several which are being taken up in the observance of the fiftieth anniversary of St. John's cathedral in this city. Pontifical mass was celebrated by Bishop Dennis J. Donaghue, of Indianapolis, at 10 o'clock a. m. Also present at the mass were Archbishop Elder, of Cincinnati; Archbishop Ryan, of Philadelphia; Bishop Maes, of Covington, Ky.; Bishop McQuaid, of Rochester, N. Y.; Bishop Horstmann, of Cleveland, and Vicar General Byrne, of Boston. The sermon was by Bishop McQuaid.

In the afternoon a parade of 10,000 Catholics representing several societies and the city's parishes occurred.

Incident to the celebration the Rev. D. J. Stafford, rector of St. Patrick's church, Washington, preached at St. Agnes' church yesterday on "Christian Charity."

GENERAL WOOD ARRIVES HOME.

Speaks Kindly of Treatment of Himself and Associates in Germany and England.

New York, Nov. 10.—General Leonard Wood, who went over with Generals Corbin and Young to represent this country at the German war maneuvers, arrived yesterday on the American line steamship St. Louis. General Wood was accompanied by his family.

"I remained after Generals Corbin and Young," said General Wood, "in order to visit Scotland with my family. The generals and myself were treated very kindly, both in Germany and in England. We were granted every facility for seeing the workings of the military systems, and have seen many things which were not only interesting and instructive, but will be useful if adopted in this country."

General Wood was asked whether he is in favor of establishing the canteen in the army. He replied:

"My canteen reports are on file. General Funston has come out strong for the canteen, did he not? I think we are all of one opinion on that subject."

General Wood went direct to Washington.

Prince Henry of Piess, who comes to represent the German emperor at the dedication of the New York chamber of commerce on Tuesday, was also a passenger on the St. Louis.

BALL PLAYER SHOT.

Harry Allemang Mortally Wounded at Mason, W. Va., by Burglars.

Cleveland, O., Nov. 10.—A special to the Plain Dealer from Pomeroy, O., says:

Harry Allemang, a ball player, who pitched in the Southern league this season and who has signed with Cincinnati for the coming year, was shot and mortally wounded at Mason, W. Va., his home, early yesterday morning. Allemang had been out with friends and was returning home at 3 o'clock. He found buglars at work in the postoffice. A sentry on the outside ordered Allemang to halt. No attention was paid to the command and the sentry fired on Allemang, the bullet entering his back and lodging in the left lung. Physicians state that the wound is fatal. When Allemang had fallen to the ground the robbers took $980 from him.

Peace Proposals of Colombian Government Not Satisfactory to Revolutionists.

AMNESTY DECREE IS REJECTED.

General Vargas-Santos Did Not Attend Peace Conference, Thinking it Useless—Uribe-Uribe Ordered to Be Sentenced to Death.

San Jose, Costa Rica, Nov. 10.—The reason why General Vargas-Santos, military director of the Colombian revolution, did not go to Panama to attend the conference arranged to take place yesterday on board the United States battleship Wisconsin, in Panama harbor, between representatives of the Colombian government and the revolutionists, is because the government of Colombia, according to advices received here, intended to limit the subject of the conference to the acceptance of the decree of amnesty recently promulgated by the president of Colombia, Senor Marroquin.

General Santo Domingo arrived here last month bearing peace proposals from the Colombian government to General Vargas-Santos. He said the purpose of his government in calling the peace conference was to establish an effective and lasting peace which would harmonize the interests of the several political parties concerned in the revolution. The matter was discussed between General Vargas-Santos and the Colombian representative, who exchanged a number of cablegrams with the Colombian authorities at Panama, with the result that General Vargas-Santos accepted the proposals made by General Santo Domingo and promised to attend the conference at Panama with Generals Perdomo and Salazar, of the Colombian government, and General Herrera, of the revolutionists.

Limited to Amnesty Decree.

At this point of the negotiations General Vargos-Santos received advices to the effect that notwithstanding the proposals of the Colombian government, made through its representative here, Colombia purposed limiting the conferees to the acceptance of the decree of amnesty. General Vargas-Santos thereupon refused to accept such a proposition and decided to withdraw from the conference, which, he says, he considers futile.

At the same time the military director of the Colombian revolution learned that the Colombian government had issued orders to General Tovar to imprison the revolutionary General Uribe-Uribe and sentence him to death without mercy. This order was given in spite of General Uribe-Uribe's capitulation to the government forces, which occurred at Rio Frio, Colombia, last month. The result of this news, which is considered in Colombian revolutionary circles here to be a shameful violation of public faith, further decided General Vargas-Santos not to attend the peace conference at Panama, and he issued orders to the Colombian revolutionary army to continue its warfare.

General Vargas-Santos declares he is willing to make peace, providing that the Colombian government will recognize the civil and political rights of which the Liberal party has been deprived for the last 17 years, but not otherwise.

Searching For Revolutionary Fleet.

Panama, Colombia, Nov. 10.—The Colombian government gunboats Bogota and Chucuito left here Saturday on a trip along the coast in search of the revolutionary fleet. FACTS THAT CALL FOR FULL FAITH

An Impressive Sermon by Rev. C. G. Jordan at First Presbyterian Church.

TIME FOR GRAVE THOUGHT

An Eloquent Appeal to All Christians. No Room for Doubt of the Fundamental Teachings of Christianity. Services in Other Churches.

It is doubtful if a more interesting or impressive service was ever held in the city than that which was conducted by Rev. C. G. Jordan at the First Presbyterian church yesterday morning. The scripture lesson, taken from Joshua 24th chapter from the fourteenth verse, struck a responsive chord in the hearts of all, holding the large congregation as attentive listeners until the close of the meeting.

After the usual morning hymn the large choir, under the direction of Prof. Laughlin, rendered a beautiful anthem, entitled "When Winds Are Raging," the solo part being sung by Miss Virginia Thompson, in a manner which demonstrated her ability as a vocalist of rare talent.

Rev. Mr. Jordan's subject was "Facts That Call for Faith," and he began his discourse by comparing the nature of last Sunday's services—rally day—with that of the present occasion. Last Sunday the meeting took on the form of a jollification, with enthusiasm and rejoicing at the achievements of the past and the good the Sunday school expected to accomplish in the future.

Now it was time for more serious thoughts. It was well for a man at any time to stop to think. If he is a Christian he ought to have some reason or excuse for the faith he professes. The speaker quoted a part of the first verse of the first chapter of Genesis, "In the beginning God"—

Rev. Mr. Jordan illustrated in a vivid manner the difference between the faith of a true Christian and the declarations of the unbeliever; how often one who is not strong in the faith may believe, in the times of sorrow and distress, that God has been as merciful to the sinner as in the case of the one who has tried to be and live a true Christian life, and their aims and objects may be altered, but they should be steadfast.

The speaker took his hearers back to the very earliest period of which we have any record. He showed that even at that time the inhabitants of the earth, while they did not worship God, had some paramount object or being which they looked up to, and upon which they bestowed costly gifts in order to gain favor. From time immemorial there has been imbedded in the minds of people of every land and race, some idea of the existence of a divine power or a supreme being, no matter how meager or remote.

To show conclusively that nothing upon the face of the earth was the result of chance, but came about through postitive cause, the speaker quoted a number of learned men, who, by careful research and practical application had demonstrated beyond contradiction that the origin of all things could be traced to the cause of all causes—God Almighty. philisophic and scientific proofs it was shown that all things could be traced to their origin with God, and that we would be forced to say that soul, mind and being must spring from some form of life. "Ours is a living God."

The God of which the speaker referred was not only a spitirual, but a just and kind God. The early prophets, of which several were enumerated, and finally Jesus, were not sent through any other motive than a love for all mankind. "Science, philosophy and the word of God says God is good, 'For He so loved the world.'"

The closing words of the pastor were most impressive, spoken in an earnest, comprehensive manner, peculiar to Rev. Mr. Jordan, convincing all that the foundation of faith had originated in the very beginning of all things. "We can doubt our mind, eyes, even our own soul, but not God."

WATSON'S.

NEAR THE KINGDOM

Rev. Dr. David Jones Explains the Significance of the Christian Life.

At the First Methodist Protestant church, yesterday morning, Rev. Dr. David Jones' subject was "Near the Kingdom."

The speaker explained the meaning of the scriptures with reference to the kingdom. He said it was a kingdom that is born from above; there is nothing earthly about it except its subject. True religion is kindled in the heart of man. There are men who are very near this kingdom but not in it and may never get in. It is not a matter of age, social standing, education, or any of those things that make a man respected and looked up to in this life and admits him to heaven.

In concluding, Dr. Jones said: "Accept Jesus Christ as your Lord and Savior, and you shall not perish, and be near the kingdom, but be of the kingdom. When you do so you will have Him and all his angels to protect you."

THE GREAT GIVER

Subject of An Eloquent Pulpit Discourse At the Christian Church On Sunday.

The attendance at the Christian church yesterday was large both morning and evening. The subject of Rev. J. W. Gorrell's evening discourse was "The Creed that Needs no Revision." The address was both eloquent and logical, and made a lasting impression. His morning topic was "The Great Giver," who, he said, was God.

Rev. Mr. Gorrell thought the most valuable gift bestowed upon mankind was the word of God, which enabled all who read to see the light. Light to see that which is evil and to discern that which is good. "God gave His Son to redeem us. We would be miserable with a knowledge of our sinful lives if we had no Redeemer to save us from the guilt of sin and its consequences. God has given to us the Holy Ghost to be an ever present comforter."

THE USE OF RICHES

Rev. Dr. M. B. Pratt Tells What to Do With the Treasure God Gives.

The services of the First M. E. church yesterday morning were devoted to the Ladies' Foreign Missionary societies. Many new members were received into these societies.

Rev. M. B. Pratt, D. D., pastor of the church, selected for his morning topic "An Ancient Seller of Purple," upon which he preached a most magnificent sermon. The following is an outline of what he said:

"Civilization is results, not claims. Hundreds of years ago we are told that men dwelt in caves and lived on fruits, herbs and various roots. Part of the year he was subject to inclement weather, because of his humble and rude dwelling and he very often suffered from hunger because the fruits and herbs upon which he subsisted did not flourish the whole year around. But in time a very important element came to the assistance of civilization, which was projective consciousness of the future. That is, man began to prepare for the future. He cut and hewed the great forest trees and built them into dwellings that would withstand inclement weather, and he prepared and provided food for the time when nature would fail to bring them forth.

"What has civilization done for America, the greatest nation of the world? Other nations have had many more hundred years in which to rise than has had America, and at one time the blackest cloud that ever overhung a nation enveloped our country and war was precipitated, the cause of which was enough to tear asunder any land. But still America stood, a great nation, and why? Was it because of the great iron rails which penetrated the country, was it because of colossal fortunes? No, it was because of sacrifice, the greatest agent in the making of America.

"Let not the proud, conceited rich man today rattle the silver dollar in his pocket and say 'My money is my own, I will do with it as I please!' Let us see whence its origin.

"Oh man! earn all the silver dollars that you can earn honestly. Missionary societies, collect all the silver dollars you can collect honestly, but remember they are only loaned to us for a short time, for 'It is the Lord's.'"

FOUR OF SUNDAY SCHOOLS

Rev. C. G. Jordan Goes East This Week to Study Teaching Methods.

Rev. C. G. Jordan, pastor of the First Presbyterian church, will leave this week for the east. Rev. Mr. Jordan announced at the morning service yesterday that it had been his custom to take a vacation in the late autumn, the purpose of which was to more thoroughly acquaint himself with the methods and systems employed in the conduct of Young People's meetings, prayer services and Sunday schools in other cities. He believes that a leader of a Sunday school or prayer meeting should visit other services of a similar character at regular intervals in order to get thoroughly acquainted with the new features, which may be introduced to interest those attending.

On Wednesday evening of this week Rev. Mr. Jordan will attend prayer meeting services in Pittsburg, and on the following Friday he will be in attendance at the largest meeting of this sort held in the country. He expects to be greatly benefitted in the matter of becoming posted, so that he can instruct the Sunday school teachers and the class leaders in the several branches of their work.

Rev. Mr. Jordan will not be present at the services to be held at the First church next Sunday. Rev. Dr. L. E. Holden, president of Wooster university, will occupy the pulpit and Rev. Mr. Jordan promises a rare treat.

OLD FOLKS' SERVICES

Interesting Program Planned for Next Sunday at the First M. E. Church.

The announcement was made at the morning service at the First M. E. church yesterday that on next Sunday an "Old Folks' Methodist service" would be held, to which all the older people in East Liverpool, who in days long ago were accustomed to attend the Methodist church in this city, are especially invited.

In order that none who desire to attend shall be missed, the congregation was requested to make known to T. T. McCann, president of the Epworth league, the place of residence of all the old people desiring to attend the services and who are not able to walk. Carriages will be provided for all who cannot walk. A committee has already been appointed to look after the matter.

An Excellent Sermon.

"Christ With the Sufferer," the third of a series of 15 minute sermons was the topic of the very excellent sermon preached in St. Stephen's Episcopal church last night by Rev. Edwin Weary. The address was listened to with wrapt attention, and the eloquent words of the rector deeply moved the large congregation.

FOR SHOOTING RABBITS

Warrant Issued Against the Rothwells, of East Palestine, Who Plead Not Guilty.

Salem, November 10.—Game Warden J. R. McArtor, of Garfield, came to this city and before Justice Astry swore out warrants against C. P. and Joseph Rothwell and two other East Palestine people, charging them with having shot rabbits on Wednesday to the number of ten or more.

The East Palestine parties were notified to appear before Justice Astry Friday afternoon at 4 o'clock. Arrangements were made for a trial. A short time before the hour set for the hearing Justice Astry was notified that the East Palestine parties had gone before a justice in their own town and stated that they had violated the game laws. They pleaded not guilty as charged by the game warden and will have a trial today. C. P. Rothwell is a prominent attorney.

McArtor claims to have evidence that the men shot rabbits and had them in their possession. The result of the trial will be watched with interest.

Address to Y. M. C. A.

Rev. G. C. Collins, of Lorain, addressed the meeting at the Y. M. C. A. yesterday afternoon. The effort was a fine one, and the impression was deep and lasting.

SOCIAL EVENTS

NEW CENTURY CLUB

Discusses the Revolution And Current Topics Most Interestingly.

Quotation—"Ideas are the great warriors of the world, and a war that has has no ideas behind it is simple brutality."—James A. Garfield.

The third regular meeting of the New Century club was held at the home of Miss Hazlett, Fifth street, Saturday afternoon. The subject under discussion, "The War of the Revolution," was considered as follows: "The causes originating in New England," Miss Riley; "Causes originating in Pennsylvania," Miss Hazlett; "Causes originating in Southern Colonies," Mrs. Rittinger.

After listening to the able presentation of the facts as given in the several papers, it seemed very plain that the war of the Revolution was indeed a war with ideas behind it. "Current Events," led by Mrs. J. D. West, was along the line of public questions—trusts, the recent coal strike, and the attitude of the president toward them; the power of congress to control them; is it possible for the constitution as it stands today to meet the Mormon question? After a short social session the club adjourned to meet again November 22.

PROUT-SLOAN

East Liverpool Professional Man Weds a Popular Young Lady of Columbus.

At the residence of Mrs. Belle Prout, 12 South Third street, Columbus, Friday afternoon, occurred the wedding of Dr. J. Howard Sloan, of East Liverpool, and Mrs. Prout's eldest daughter, Miss Harriett Elizabeth, who stands high in Columbus society. The wedding was quiet and was witnessed only by the immediate relatives of the bride. Rev. R. B. Patton, pastor of the Fair Avenue Reformed Presbyterian church, performed the ceremony. The bride is beautiful and accomplished.

The groom has a great many friends in East Liverpool who will wish himself and bride much happiness. The worthy couple have left on an eastern trip of a week or ten days. They will be for some time at Cambridge Springs, Pa., and will be at home to friends in East Liverpool after the 17th inst. Dr. Sloan practiced in Columbus for about a year, returning to East Liverpool a short time ago.

A DELIGHTFUL AFFAIR

Was the Reception Given Saturday Afternoon By Mrs. R. E. Rayman.

Mrs. R. E. Rayman, of Avondale street, gave a most delightful reception from 2 to 6 o'clock on Saturday afternoon, there being about 180 invitations issued. She was assisted by Mrs. J. M. Kelly, Mrs. Geo. Murphy, Mrs. J. R. Warner, Mrs. Wm. Lynch, Mrs. J. T. Elliott, and Mrs. Frank Croxall. In the afternoon, Misses Roewna and Marie Rayman, Misses Alice and May Way and Miss Mary Hall, Jessie Shaw, and Margaret Blythe, were the assistants.

The dining room was prettily decorated with similax, and the table with a beautiful vase of yellow chrysanthemums was further enhanced by yellow ribbon extending diagonally across, being fastened at each corner with a large bow. This favorite color was also visible in the ices.

Elwell's orchestra sat behind a screen in the library and discoursed sweet music throughout the afternoon. The very small number of regrets received was evidence of the popularity of the gifted hostess.

Children's Party.

Miss Evelyn Boch, at her home on Seventh street, very pleasantly entertained 40 of her little friends on Saturday afternoon. The time passed only too rapidly as the guests played their juvenile games, and later partook of luncheon. The colors, red and white were carried out artistically in the decorations. Each guest received a tiny toy, and the children will long remember the afternoon spent with a favorite playmate.

THREE MINUTES ENDED THE GAME

STEUBENVILLE REFUSED TO GO ON, A DISPUTE ARISING.

Tactics of the Visitors Disgusted the Crowd at Saturday's Foot Ball Match.

There was only three minutes of play Saturday at West End park in the foot bal game between the East Liverpool and Steubenville teams. The spectators, almost to a man, were disgusted with the visitors and are commending Manager Walsh in the stand he took in the dispute that ended the game.

The dispute arose over a touchdown made by Brown. It was East Liverpool's ball on Steubenville's 40-yard line and Walsh signaled for a play through their left guards. Walsh, who was playing quarter, fumbled the ball and Brown, fullback, who was coming up caught the ball and got away with it. The referee, D. S. Doyle, a Steubenville man, did not blow his whistle, and it was not until Captain Needham posted him that he ruled the play out. Needham claims that Brown got the ball on a forward pass. He made this statement to a News Review reporter Saturday night:

"All I can say is that Brown got the ball on a forward pass. It was their last down and when the center passed the ball back to the quarter he saw he could not pass it back. The ball was not fumbled. We will play them," he continued, "for any amount of money with the same men that were in the game today, on any neutral grounds, Toronto preferred, as it is about the same distance between the two towns. We'll let any sporting editor in Pittsburg name the two officials. There was nothing I could do to have the game go on."

Manager Walsh was very positive when talking to a News Review reporter that the ball was not advanced by him in the disputed play. "The ball struck me in the breast," he said, "and Brown, who was coming up for the play, caught it and went through their left guards, the play I had signaled for. I offered not to count and go on with the game with another referee, but Captain Needham refused. This was certainly all we could do toward a reconciliation."

As a result of Steubenville's refusal to go on with the game Manager Walsh refused to give expense money.

Following is the lineup:

East Liverpool — Carnahan, right end; Miller, right tackle; Stevenson, right guard; Bucher, center; Mackey, left guard; Bunting, left tackle; Lutz, left end; Walsh, quarterback; Hardy, right half; Moore, left half; Brown, fullback.

Steubenville — Houser, right end; Houpt, right tackle; Koboski, right guard; Malen, center; Bowers, left guard; Edmond, left tackle; McClaish, left end; Nolan, quarterback; M. Needham, right half; T. Needham, left half; Burns, fullback.

PARKERSBURG IS PREPARED TO ENTERTAIN BIG CROWDS AT THE RIVER CONVENTION

Enthusiastic and Prominent Champions of the Ohio River Navigation Begin Deliberations Tomorrow.

Parkersburg, November 10.—(Special.)—Arrangements are complete for a royal reception and entertainment for the thousand or more delegates expected to arrive today and tomorrow from towns and cities between Pittsburg and Cairo to attend tne meeting of the Ohio River Improvement association. The committee on arrangements has decided to hold the business sessions in the Auditorium theater, a building capable of accommodating 1,200 people, instead of Progress hall, as had first been intended, and social sessions will be held in the latter place.

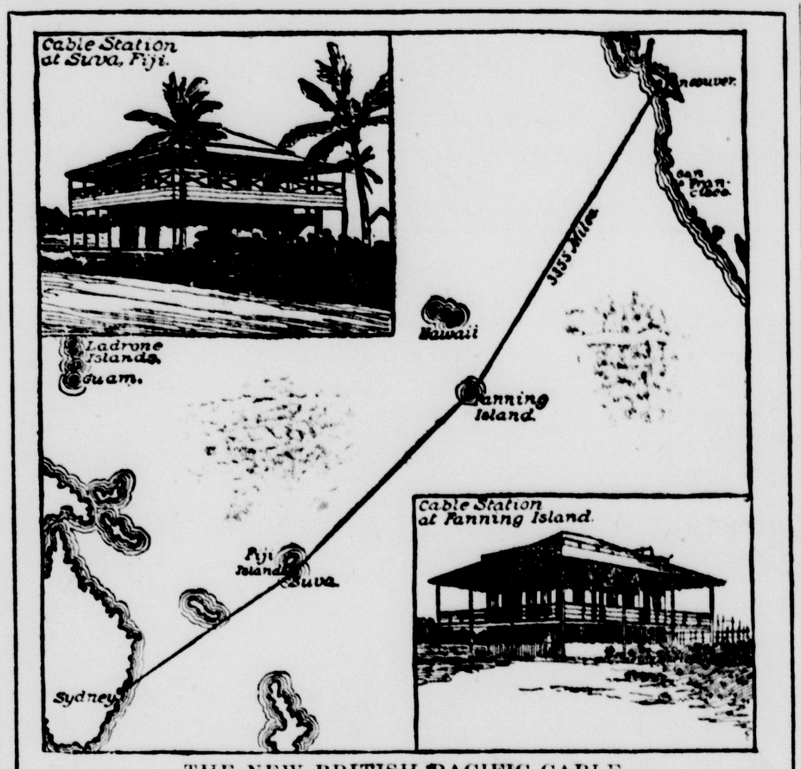

The plan of holding the second day's business session on one of the large river packets has been abandoned, although the visitors will be given an excursion in the afternoon of that day on the steamers Ben Hur and Kanawha, providing the river stage will permit. They will visit the sites of the Vienna and Blennerhassett dams and will also stop off at Blennerhasset island.

The Second Regiment band has been engaged to furnish music on the morning of the first day and the Citizens' band will furnish the music on the excursion trip. The "Imp Drill," which will be given by the Uniform Rank Knights of Pythias will take place in the early part of Tuesday evening, after which a reception will be held at Progress hall.

A communication has been received from President Shattuck, of the street railway company, complying with the request to grant free transportation to the delegates over the lines, and also to have an electric arch erected at Fifth and Juliana streets.

A committee has been appointed consisting of ten prominent young men of the city, whose duty it will be to meet all trains and to give any information that may be desired by the

THROWN FROM A BUGGY WHILE HUNTING THIEVES AND HIS DEATH RESULTED

Frank Van Fossen the Victim of a Fatal Mishap Near Lisbon, Caused by Horse Running Away.

Lisbon, November 10.—(Special)—Frank Van Fossen, who lives 2 miles southeast of Lisbon, died Sunday night as the result of an accident in which he was thrown from a buggy. Van Fossen and a friend, Frank Carlisle, were in Lisbon Saturday night with Van Fossen's buggy, and horse. They started to drive home. Their horse blanket was missing, and they at once suspected two men from Elkton of having stolen it. On arriving home Van Fossen said he would not go to bed until he recovered his stolen blanket, and the two started to Elkton

The horse took fright at some object by the roadside and started to run. At a sharp bend in the road Van Fossen brought the horse to with a jerk, throwing the animal and demolishing the buggy. The two men were thrown out, Van Fossen striking on the side of his head. Carlisle was not hurt. Van Fossen was taken to his home.

Members of the family and friends did not regard his condition as serious, however, as he talked rationally, and did not appear to be suffering. Next morning he was in what seemed to be a heavy slumber until 9 o'clock, when a physician was summoned. The latter found him suffering from the rupture of a blood vessel on the brain. Van Fessen did not regain consciousness and died at 8 o'clock Sunday evening. He was about 27 years of age. He was a son of the late Jacob Van Fossen, ex-county commissioner. He is survived by a wife, and three daughters, Hazel, Bertha and Margaret, his mother, three brothers and two sisters, the brothers and sisters all living in Lisbon as follows: Winfield, Charles and L. D., the latter court billiff, and Mrs. Leonard McLaughlin and Mrs. Silware.

Funeral services will be held at the home Tuesday at 2 o'clock, Rev. J. P. Anderson, officiating.

SENT COLD CHILLS ALL OVER HIM

Smith Fowler Hears Terrifying Sounds and Discovers a Shocking Sight.

A MAN APPARENTLY DEAD

Found On a Cot In An Adjacent Room —Vain Effort Made to Arouse Him —Mystery Soon Explained After Arrival of the Police.

While in his office in the Diamond today at about noon, Smith Fowler received a scare calculated to shorten a man years and to be remembered everlastingly. He was sitting at his desk in deep thought when low, but distinct moans, issuing from a room adjoining, sounding very similar to the last gasps of a person in the throes of death, made cold chills course through him.

Mr. Fowler studied several moments over the advisability of entering the room to find the cause of the peculiar sounds, and it required a great effort on his part to boldly enter.

Turning on the lights, to his horror he saw, lying on a couch a man who, from all appearances, was dead. By this time not a sound floated from the room and Mr. Fowler was more convinced that there was a corpse in his apartment. Nervously he walked over to the inanimate form and shook him roughly. Not a word came in answer and instead glassy eyes were turned upward. That was enough for Mr. Fowler, he rushed from the room and telephoned for the police. Officer Woods answered the call.

The officer has had years' experience with all sorts of men in a stupid state and readily pronounced the man drunk. He tried but in vain to awaken the fellow, and it was necessary to carry him bodily to the street, where the patrol wagon was in waiting. At the city hall he revived somewhat, but not enough to give an explanation of his queer actions. His name is said to be William Sheppard.

Bird Season Now Open.

From the city in large numbers drove local sportsmen this morning toward the country hills and dales, all in delightful anticipation of a great day's hunt for birds and rabbits. The season opened today and will not close until December 1. It is expected that the woods will ring throughout the entime time with gun shots, and every man in the city, the possessor of a gun and dog, will be represented in the gaming crowd. The revised game laws permit a person shooting not more than 15 quail in a day and prohibit shooting at them only when they are on the wing.

NEW RAILROAD

OF IMPORTANCE AND INTEREST IN THIS VICINITY.

Western Washington Line to Build to Burgettstown And Down Raccoon Crek to the Ohio.

Washington, Pa., November 10.—(Special.)—It is announced today that the Western Washington railroad, which is owned by the Pennsylvania Railroad company, has already been built from Houston to the Midland coal works, a distance of about five miles, is to be extended to the company's main line at Burgettstown in the near future, and that a corps of engineers are at present making their final survey for the road. It is also authoritatively stated that another line will be built from Burgettstown to the Ohio river via Raccoon creek.

The Pennsylvania company has hundreds of acres of coal territory which has been purchased within the past year along the proposed line, and it is thought tnat a number of tipples will be placed along the line, and extensive developments made in the coal industry. The new route will shorten the distance from many points in Washington county to the Ohio river, and be quite an advantage to not only the residents along and near it, but the company as well.

A FIERCE FIRE IN A BED ROOM

Exciting Occurence at the Home of Mail Carrier John Suter.

HE WAS NEARLY OVERCOME

By the Smoke While Trying to Save His Property—Neighbors Gave the Alarm While the Household Was Wholly Ignorant of the Danger.

What might have resulted most disastrously to both property and life occurred Saturday evening at about 5 o'clock at the home of John Suter, a mail carrier on Seventh street, when for a few minutes a fire raged in a bed room on the second floor.

Mr. Suter was sitting down stairs in the parlor reading when he was much startled by neighbors rushing in frantically and in loud voices shouting that his house was one fire. Neither he nor any one in the house had received a whiff of the smoke. When he ran upstairs and saw the room enveloped in flames he could scarcely conceive how it could have happened without his knowledge. The first impulse was to dash into the room, and if possible save some of the contents, but he retreated and went to a telephone, summoning the fire department.

While the department was on the way Mr. Suter again went to the room and by this time the fire had assumed dangerous proportions. It gave every appearance of spreading quickly and Mr. Suter thought it best to close the door leading to the front room. In his attempt to do this he was foiled, and a gush of smoke and fire puffing through the entrance struck him squarely in the face, the flames burning his face and hair and the smoke stifling him to such an extent that he fell backward to the floor.

Upon the arrival of the firemen they, with a number of volunteers, extinguished the fire by the use of chemicals. Mr. Suter estimates his loss at $200 and the loss on the building, which belongs to Frank Rigby, suffered to the extent of possibly $50.

Will Probated.

Lisbon, November 10.—(Special)—The will of the late Dora E. Simms, of Liverpool township, has been admitted to probate.

SPECIAL CAUSE TO GIVE THANKS

Gov. Nash Calls Attention to the Centennial of the State Charter.

A TRAGEDY MADE TO ORDER

Offered to a Newspaper Which Failed to Accept—Dunham Law on Loan Associations Held Invalid—Capital Notes.

From a Staff Correspondent.

Columbus, November 10.—Governor Nash has issued his Thanksgiving proclamation, and in it calls upon the people to assemble in their accustomed places of worship on November 27, the time set for thanksgiving by President Roosevelt, and offer up thanks for the blessings bestowed by Providence. He also says: "The people of Ohio have especial cause for observing this day with more than usual zeal. November 29 is the one hundredth anniversary of the adoption of the first charter of the state, which was an important step in its creation, and it is fitting that we should recall the manifold blessings of Divine Providence which have made this state great, strong and prosperous."

Thomas E. Lawrence, of the United States recruiting service, offered to take his life and give a Columbus paper a "scoop" on the tragedy for a consideration of $300. He said that a representative of the paper could see him suicide and thus get the inside of what would prove to be a sensational story. He stated he married a lady at Atlanta, Ga., on the fourtn of this month, but that he had had trouble and came north. He stipulated that the sum named as the price of his life should be given to his aged parents. He was arrested and later taken to the United States military barracks here, where a close watch will be kept over him. He stated he tried to poison himself the night before he made the cold-blooded proposition to the paper, but failed, as he could not keep the stuff in his stomach.

Attorney General Sheets holds the Dunham law giving savings and loan associations of $200,000 paid-up capital or more authority to do a safety deposit and trust business, is invalid on the ground that it is in contravention with the constitution in that it attempts to confer conporate powers and only applies to a certain class of associations, which makes it special legislation.

A motion has been filed in the supreme court asking for another stay of execution in the Cleveland ouster case. The judgment was suspended until November 20, and it is probable that a further extension will be allowed until May 1, when the new code will be in operation.

Governor Nash and Secretary of State Laylin have stated that a certificate of election cannot be withheld from Judge Badger, of this district, elected to congress on the Democratic ticket. As he did not resign from the common pleas bench a question was raised as to his eligibility to take his seat in congress.

The deputy examiners of the state presented Elmer E. Miller, of Canton, retiring district deputy, witn a gold ring on Saturday at Chief Collier's office in this city.

ROVERS VS. BUCKEYES

Snappy Game of Football at Rock Sprirgs Park Won By the Former Team.

A snappy game of association football was played Saturday evening at the Rock Springs grounds between the Rovers and Buckeyes of this city. The line up.

Rovers.		Buckeyes.
Townley	Goal	Leighton
Pope	Full Back	Beech
Tucker	Full back	Leighton
Parker	Half back	Johnson
Wooliscroft	Half back	Cartwright
Bowers	half back	Beech
Pope	Forwards	Watkins
Moore	Forwards	Mines
Davis	Forwards	Massey
G. Townley	Forwards	Arb
A. Townley	Forwards	Arb

Score: Rovers 1, Buckeyes 0.

Umpire, Si. Scarret.

The running goal was scored by G. Townley in the second half by a series of excellent plays. Cartwright was injured by being kicked on the knee, but it is said he was playing irregularly or it would probably not have happened. Arthur Townley and Arb had some difficulty when the second half was played. No serious trouble resulted.

COLLAR BONE BROKEN

And Severe Bruises Received By a Boy Who Fell While at Play.

While playing with a number of companions about a board pile at the saw mill in the lower end of the city Saturday evening, John Canovan, a 14 year-old boy, fell to the ground, a distance of fully 10 feet, and sustained severe injuries.

The boy fell in such a manner that his right shoulder and side of his head struck the ground simultaneously. The collar bone was broken and his head badly burised.

FINES IMPOSED BY THE MAYOR

A Number of Offenders Arrested Saturday Night For Drunkenness.

OFFICERS' LIVELY CHASE

For Young Men Who Disturbed Sunday Evening Quiet on Sixth Street. Three of Them Arrested — An Arrest for Fast Driving.

Some people carry lonesome jags, some carry sleepy jags and some carry hilarious jags, but the one that William Girard had yesterday morning when met on Second street by Officer Dunn is defined as a stubborn jag. He would and he would not. When told to move on toward his home he started, but soon changed his mind and defied the "bloody officer" to send him to a place that he could always go to. Several warnings were given the man, but he still persisted in standing pat, and the officer said to him: "Well, old man, if you won't go to your home you can go to the hoboes' rest." This morning he was charged $5.60 for his sleeping quarters.

Thomas Sullivan has become so attached to the city hall and its surroundings that he tries in vain to steer clear of it. Only last Thursday he was arrested on suspicion of theft, for it he was compelled to lie behind the cold bars for a day, and then sweep the quarters, and Saturday night he concluded that he would like to visit the place again. It required no coaxing on his part to get the opportunity. He pursued the proper course by filling to the brim on his favorite toddy, and while enjoying the effects to the fullest extent Officer Saulsberry nabbed him.

With 30 cents and a half pint on the outside and a little less than a half keg on the inner lining, Frank Jones was picked up Saturday night by Officer Mahoney. He was happy as a lark, and complimented the officer on his striking appearance in a new overcoat. His fine was $1 and costs.

Irwin Potts came all the way from Lisbon Saturday to take a sociable drink, and this morning there was not a more sorry man in the city. While he was jollifying over his evening's pleasure in a manner disgusting to all save himself he very foolishly allowed Officer Saulsberry to get in his path. The usual fine was imposed.

Officer McDermott has no patience with a man that will use profane language, and when he caught W. E. Sweeney, of Wellsville, making the air blue a quick trip was immediately made to the city jail. It was the man's first offense and he escaped with $6.60.

Officers Woods and Rose engaged in a merry chase last evening when they started after five young men of the

WOMAN BURNED TO DEATH BY GASOLINE EXPLOSION

Lisbon, November 10.—(Special)—Mrs. M. H. Kelly was terribly burned by a gasoline explosion at her home at Teagarden, Sunday morning from the effects of which she died at 11 o'clock this morning. At about 3 o'clock Sunday morning she turned on the gasoline in the stove intending to light it in a few minutes, but left the room and did not think of it until some time later.

The stove in question was of the kind by which the gasoline is fed to the burner by the dripping process, which gave the fluid plenty of time to evaporate, and form a gas in the room as it issued from the tank. When Mrs. Kelly returned to the kitchen and thoughtlessly struck a match to light the gasoline there was a terriffic explosion.

The husband was out in the yard and hearing her cries, hurried to her assistance. She was frightfully burned about the face, eyes, abdomen and legs, but strange to say her clothing had not caught when her husband came to her rescue, and had little difficulty in extinguishing the fire. Mrs. Kelly lingered in terrible agony, being conscious most of the time until her death. She was 44 years of age. She leaves her husband, who is a merchant of Teagarden, and a son Charles, who is a stenographer in the office of the American Tin Plate company, at Pittsburg.

WITH THE WORKMEN IN THE CLAY PLANTS

GRECIAN POTTERY.

Consul McGinley, at Athens, Greece, reports on the pottery industry of Greece as follows: "The modern pottery of Greece is principally of two kinds, viz: First, ordinary, cheap crockery ware, for common or general use; second, fine ceramic pottery, artistically made and finished by men who have studied the art at the Polytechnicum, and who modeled their work after the celebrated ancient pottery if Greece, imitating the shape, colors, finish, etc. Some of the clay workers become very proficient and make fine imitations of many of the ancient styles. In the preparation of the clay for pottery, brick, or tile, the Greeks sometimes mix it by hand, but often in a simply constructed clay mixer turned by horse power. The ordinary, or common pottery, is very cheap, and is used for all kinds of culinary and household purposes. Crocks, jars, jugs, vases, bowls, basins, pots, etc., of a reddish color, and usually unglazed within, are in general use, and can be bought at very low rates. In many places, but especially in the Island of Aegina, a cream-colored water jug or jar is made which is so porous that when filled with water the moisture keeps continually exuding to the outside and there evaporating, which wonderfully cools the contents, especially when the vessel stands in a draft. These cheap 'water coolers,' are used by everybody, rich and poor, and great numbers of them are manufactured and sold every year. They are, as they have been for centuries, a great blessing to the people of these warmer regions. These jugs are very cheap, but friable. Many thousands of jugs of the red ware are continually in use, for carrying and holding water. Pottery manufactories are quite numerous. Here in Athens, there are a dozen or more such plants, the most noted of which are the 'Kerameikos' (clay workers') quarter in the western portion of the city and on the 'Sacred Way' of the ancients. They make many kinds of crockery and some very good imitations of ancient vases, etc. In the Cyclades, and in all of the islands of the Aegean sea, there are pottery manufactories peculiar to itself, owing to the difference in the clay or the method used in its manufacture."

DELAY AT CROOKSVILLE.

The Crooksville pottery has been delayed in starting by not being able to secure the piping for stilliards and steam fitting. The firm is now overcoming this as quickly as possible, and will be working in the clay departments in a few weeks. The plant, like many other plants in course of construction, was delayed by the non-arrival of the material needed. Heavy freight traffic on all lines is the direct cause.

TWO NEW KILNS.

The Weir Pottery company, of Monmouth, Ill., is putting up two more kilns and will install a complete outfit of new machinery for the production of lids for the patent "Weir" fruit jar which has been on the market for some years past and on which there is still a great run. It is probable that the capacity of the plant will otherwise be increased.

WINTER PORK SUPPLY.

Elmer V. Reed, boss oddman and Harrison Lucas, saggermaker, at Goodwin's, were over in West Virginia ond day last week after their winter's supply of pork. They purchased two fat porkers on the foot from a farmer and killed and dressed them on the spot. This was their method of circumventing the meat trust.

SPRINKLERS COMPLETED.

The sprinkling system of fire protection at the Dresden pottery was completed yesterday, and when tested proved to be in perfect working order. The workmen commenced this morning to place the system in the National pottery.

NEW ONE AT LANCASTER.

Lancaster, O., is to have a new pottery. James McMahon and L. T. Jack, of Zanesville, are the incorporators of the firm, with $10,000 capital. Toilet sets are to be manufactured, with the intention to later branch out into the production of art pottery.

POTTERY NOTES.

Miss Pearl Huff, of Vodrey's, was a visitor to Steubenville yesterday.

Neal Laird has taken a position in the biscuit kiln crew at the Buckeye.

Miss Dora Green has taken a position in the decorating room at Cartwright's.

Charles Bowers, of the Buckeye, had an increase in his family last week. It is a boy.

The clay hands at the Union were compelled to loaf Friday owing to a shortage of clay. The clay hands at Vodrey's were off Friday and Saturday owing to a break in the engine.

Fred Webb, of the biscuit end at the Buckeye, was off sick several days last week.

Misses Helen Hales and Ida Ditmore, of the Union, were visitors at Pittsburg yesterday.

John Gray, of the biscuit kiln crew at the Buckeye, is laid up with a carbuncle on his hand.

Al Brown, of the machine shop at the Buckeye, is back at work again after a two weeks' illness.

John Shaffer, who has been boss kiln drawer at the Buckeye, has gone on as apprentice kiln hand.

Will Baker, of the glost end at the Buckeye, was taken suddenly ill while at work Saturday and was sent to his home.

Clark Floor, of East Palestine, has accepted a position as foreman of the decorating department of the French China company at Sebring.

Miss Katie Hart, Lizzie Clutter, Clara Grim, Emma Cain, Mary Davis and Jennie Gothan, of Vodrey's, were visitors to Pittsburg yesterday.

Preston Karr, engineer at the Laughlin No. 2 plant, has purchased two nice building lots on Ohio avenue and will have a house built soon on one of them.

Robert Craven, machinist at the Buckeye, has purchased Frank Bennett's property in Gardendale, consisting of a house and an acre of ground. Mr. Bennett has moved to town.

Charles Dyke, of the biscuit end at the Buckeye, hurt a few days ago by a sagger falling on his foot, is now contending with a complication that has resulted from the injury. Erysipelas has set in and he can just hobble aroung with the aid of crutches.

PITTSBURG ORCHESTRA

Second Concerts Friday and Saturday, With a Celebrated Pianist, As Soloist.

The second set of Pittsburg Orchestra dates for the season is Friday evening, November 14, and Saturday afternoon, November 15, and the program with Mr. Ossip Gabrilowitsch, pianist, is as follows:

Concert overture, "Cockaigne," (in London town) op. 40, Elgar; concerto for piano and orchestra in B flat minor, op. 23, Tschaikowsky; suite No. 2, "Indian," op. 48, MacDowell; Legend, Love song, In War Time, Dirge, Village Festival; Siegfried Forging the Sword, from "Siegfried," Wagner.

Here is a modern program of tremendous musical significance for it presents four composers of different nationalities, all of whom have world-wide fame. Edward Elgar, whose name appears first, is a well known London composer. Mr. MacDowell's "Indian" suite is one of the important orchestral novelties of the season. He is in many respects the first of the native born American composers.

Ossip Gabrilowitsch, pianist, is the soloist at these concerts. He is a Russian, pupil and protege of Anton Rubinstein. He draws from his piano a tone orchestral and so sensitive in his temperament that the piano's cantabile quality lingers on the strings as if on a violin.

There is a fine choice of seats for the afternoon and a good choice for the evening. The afternoon concert begins at 2:15. Orders for tickets will be taken by telephone at the ticket office, Grant 1259, at Mellor's, 319 Fifth avenue.

ROLLING MILL FOR SALEM

Representatives of a Syndicate Visited That City Looking for a Site.

Salem, November 10.—Salem has a good chance of securing a large rolling mill if a suitable site can be had for such a plant. On Saturday C. M. Dow, of Chicago, and W. H. Voight, of New York, left after making an inspection of the city and surrounding country. The gentlemen are said to represent a syndicate who are on the lookout for good sites for all kinds of manufactures. Salem is one of the cities that is being considered for the location of such an industry and it may be chosen, although the chances are not very good.

The gentlemen also stated that Akron was another town that was being considered. Salem has had a number of good chances to have manufactories of magnitude locate here, but in most instances through some misunderstanding or lack of enterprise on the part of the people the opportunities have gone by.

Messrs. Dow and Voight expect to make another visit to Salem within a short time, when the matter will be further considered. Mr. Dow was formerly in the newspaper business and was an employe of W. R. Hearst.

FOUND A BROTHER

STEUBENVILLE TEACHER MAKES A HAPPY DISCOVERY.

Children Separated 21 Years Ago Meet for the First Time Since Then.

Steubenville, November 10. — Miss Elizabeth Hukill, a popular teacher in B primary grade, Grant building, in the Steubenville public schools, and Harry Williard, of Kent, O., met in the latter city Friday afternoon for the first time that they can remember.

Miss Hukill and Mr. Williard are sister and brother, and were parted by the death of their mother over 21 years ago, when the girl was aged 2 years and the boy eight days. Since that time Miss Hukill has been in ignorance of the fact that she had a brother, while the young man learned only a week ago that he had a sister.

They were the children of Mr. and Mrs. Oscar Hukill, of Steubenville. At the motner's death the little girl was taken by Mr. and Mrs. George J. Fickes, of North Fifth street, by whom she was raised and with whom she still makes her home. The boy was placed in a children's home at Alliance, from where he was adopted years ago by Mr. and Mrs. Elias Williard, of Kent, by which all trace of the boy's relatives was effaced.

Since the adoption of the boy nothing was known of his whereabouts until a cousin of Miss Hukill and her brother, who resides in Pittsburg, took up the matter and found that Harry Williard, of Kent, was none other than Harry Hukill. This cousin came to Steubenville, met Miss Hukill and told her of his discovery and the story of her brother's disposition after the death of their mother. Miss Hukill then determined to see her brother and in company with their cousin who imparted the glad tidings went to Kent, where brother and sister met yesterday and were reunited.

Oscar Hukill, father of the young people, died about five years ago at Dayton, O. He was in the brick and contracting business in Steubenville for many years with the late A. J. Fickes, but of late years had made his home in Dayton. H. O. Hukill, purchasing agent of the Pennsylvania railroad at Pittsburg, was his brother, and it was Mr. Hukill's son who brought about the happy meeting between brother and sister.

EAST END

INTERESTING SERVICES

Marked the End of Personal Effort Week at Second Presbyterian Church.

The services at the Second Presbyterian church last evening to mark the end of Personal Effort week were of particular interest and the congregation was was unusually large and attentive. The members of the Young Peoples' society, who arranged the service, were greatly disappointed over the inability of Mr. Weir and Mrs. McCullough, who were to make addresses, to be present. The former was kept away by an injury to a relative and the latter by sickness.

Rev. Mr. Crowe opened the service with some well chosen and appropriate remarks on the church membership and pointed out that only a few of the many younger people could be relied on to do things in the service of the Master. Miss Huberthal read a highly entertaining paper dealing with the first clause of the pledge of the society. All have an influance and it should be used to accompiish good. We should find the blackest side of self and correct it by trusting Jesus as a guide. Dr. J. T. Elliott spoke in place of Mr. Weir, and there were in his remarks many illustrations of what young people can accomplish. He does not believe that the life of a Christian is up-hill work and there should be no hesitancy on the part of those who start out to do God's will. E. D. Moore had an interesting and entertaining address, which was greatly enjoyed. Another enjoyable feature was the special music.

BITTEN BY A DOG

William Boice Thought He Was in No Danger Until He Felt Its Teeth on His Flesh.

William Boice, of near Wellsville, was bitten by a dog on St. George street, Sunday afternoon about 2:30 o'clock. Boice had gone to the East End to call on some friends and was passing the residence of William Finney when the dog attacked him. The animal is a small one and Boice had no idea that he was in any danger. However, after barking and following him for some distance the dog sprang at Boice and fastened his teeth in the calf of his left leg.

Maddened by the pain from the wound Boice administered several vicious kicks and succeeded in driving the animal away. He then hastened to the office of Dr. Marshall and had his wounds cauterized. The dog showed no evidences of having rabies, but it will be killed today.

PASTOR M'QUISTON ILL

Was Unable to Conduct Services at the Second U. P. Church Yesterday.

Rev. D. W. McQuiston, of the Second ond U. P. church, was too ill yesterday to conduct the services at his church and Rev. J. N. Swan filled the pulpit for the morning. There were no services in the evening. Rev. Mr. McQuiston is now under the care of a physician and while his condition is not alarming he is a very sick man. His temperature yesterday was 2½ degrees below normal, and he is suffering with a severe cold and general depression of the system.

To Incorporate New Lodge.

Messrs. James Robinett, T. M. McKane and Robert Newell, who compose the committee having in charge the Odd Fellows meeting to be held next Friday night in Larkin & Ferguson hall, have completed part of the arrangements for the entertainment. There will be a banquet among other things and a program of music and recitations. The committee will meet again tomorrow evening. There are now a number of Odd Fellows in the East End holding membership in various lodges and it is proposed to find out just how many there are and if the number is sufficient to incorporate them into an order in the East End.

Street Car Left the Track.

Street car No. 1, in charge of Motorman Gus Brandenberg and Conductor John Whan, left the track this morning about 8 o'clock at the eastern end of the Thompson pottery. The body of the car struck the end of a tie that had worked up from the numerous teams passing over it, and the car, which was going at a good rate of speed, plunged into the embankment to the right of the track. Had the car gone to the left it would have plunged over the river bank and a serious accident would have resulted. As it was no one was injured.

Home From Abroad.

Mrs. W. O. Challinor, of Ohio avenue, returned this morning from Glasgow, Scotland, where she has spent the past seven months with relatives. Mr. Challinor went to New York Saturday where he met her upon her arrival of the steamship Cymric. He saw for the first time his baby boy, who was born during Mrs. Challinor's stay in the old country. He is now several months old. Mrs. Challinor's sister, Miss Meekle, of Glasgow, accompanied her and will spend the winter in East Liverpool.

Injured While Hunting.

Mr. and Mrs. T. H. Fuller, of near Pennsylvania avenue, received a telegram Saturday evening from Nelsonville, O., containing the sad news of the serious injury of their son Curtis while out hunting near that city. The telegram gave no details as to how the accident occurred and as neither Mr. and Mrs. Fuller could go to him they wired immediately for further particulars. They had received no answer up until noon today and this is taken as an indication that the injury has not proved fatal.

Beaver Would Not Play.

The Marine Athletic club football team did not go to Beaver Saturday to play the game that was scheduled. A telegram was received Friday evening from the team there stating that they would be unable to play. No cause was assigned and the Marines think that it looks like a backdown. They had made all preparations for the trip and are greatly disappointed as they were anticipating a good game and another victory. They will play the Market street Tigers next Saturday.

Tot's Peculiar Mishap.

John Brant's three-year-old son was out in the yard at his home in Helena Sunday afternoon playing in the sunshine, and for some reason probably not known even by the youngster placed a small pebble in his nose. He ran to his mother and she, finding that she could not remove it, took him to the office of Dr. Mowen. The doctor with a little difficulty extracted the stone, and the youngster suffered nothing from his peculiar adventure.

EAST END AFFAIRS.

Attorney J. E. Davis spent Sunday with his mother at Calcutta.

Charles Haines, of Niles, Ohio, was calling on East End friends yesterday.

Mrs. Archie Putnam left this morning for Ohioville, where she will visit her parents.

Laura, the little daughter of Captain and Mrs. Terrance, is quite ill with catarrhal fever.

Mrs. Kate Grant, of Pennsylvania avenue, is visiting Mrs. D. P. Ralston, at Smith's Ferry.

Mr. and Mrs. John Mount spent yesterday with Mr. and Mrs. Wm. Copestick, of Ohio avenue.

Wm. Ralph left this morning for Long Reach, where he will spend a couple of weeks hunting.

Officer Fisher and Dr. F. F. Davis are out on a quail hunt this morning. This is the first day of the open season for the birds.

Miss Mary Thompson has taken her old position in Chambers' store, on Mulberry street, after a nine months' visit in California.

C. L. Chambers and family, of Pittsburg, are the guests of his brother F. B. Chambers. At the conclusion of the visit they will go south for the winter and may locate there permanently.

Jesse Cooper, of Pennsylvania avenue, who was so seriously ill for several months, with a bealed head and other troubles, is now entirely recovered and today resumed his work as a presser at the National pottery.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment and especially valuable for burns cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

A WONDERFUL WELL

GUSHES WATER ENOUGH TO SUPPLY A CITY OF 20,000.

Draining Farmers' Wells Miles Away And Drying Up a Creek Above.

Salem, November 10.—The huge artesian well on the R. C. Galbreath farm, seven miles south of this city, is a wonder and is attracting widespread attention.

The well was drilled 130 feet deep by Nicholson & Chapman, oil well drillers of Homeworth, for the Sebring Brothers, of Sebring, who hold lases on about 1,700 acres of land in that vicinity. It is believed that there is oil there, although the first test well brought in a great water gusher.

The first well was started on the bank of the Mahoning river, near its headwaters. The flow of water was struck in the gravel at 130 feet. It filled the eight-inch casing and spurted above the top of the pipe nearly two feet. In attempting to drive the casing three of the upper sections broke off. This permitted water to escape into the hole. After that there was no chance to check the flow or connect up the casing. The effects of such a volume of water in sand and gravel can be imagined. It wore away the hole until at present there is a pool more than 20 feet in diameter and nearly as deep in places. A ditch from this carries the water into the Mahoning, more than doubling the size of the creek.

All springs and wells in the vicinity, not having their sources in rock, are affected by the artesian well and practically drained by it. Above the place the Mahoning is sinking slowly, only to again come to the surface through the mouth of the well. Some wells three miles from the gusher are affected, and a spreading of the effects is anticipated.

It was a week ago last Thursday that the flow was struck. Since that time it has increased, if there has been any change in the volume. It is impossible to estimate the extent of the flow from the size and depth of the ditch which carries the water from the well. A conservative estimate is that over 1,500,000 gallons of water escapes from the well each day. This is enough to supply a city of 20,000 people, and is more than twice the amount of water consumed in this city. The water is as pure as crystal where it is uncontaminated by floating sand.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissues to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Druggists sell it for 50 cents. Ely Brothers, 56 Warren street, New York, will mail it.

CHURCH DEDICATION

Rev. Albert Steele, Formerly of This City, Will Participate in an Important Event.

Wheeling, November 10.—Rev. Albert Steele, formerly of East Liverpool, the pastor of the M. P. church at Wadesville, is in the city today. He is a minister of fine standing and ability. The M. P. church building at Wadesville will likely be dedicated November 30. It is the desire to dedicate it free of debt, and if this end is attained, the dedication ceremonies will be on the day named.

Rev. C. L. Queen, the president of the West Virginia M. P. conference, will deliver a lecture and recital at the church on Monday evening, November 24. The proceeds will be for the benefit of the church. Mr. Queen is very entertaining in this way.

The editor of the Lisbon Patriot does not like football. Hear him: "There is not a thoughtful parent or school teacher in the land, who does not deplore the existence of the football craze. A Mexican bull fight is just as reasonable as the present kicking matches, in which heads are caved in, arms and legs broken, stomachs bruised and intestines ruptured. In short, the modern game of football is extremely brutal and ought to be suppressed by law. Many sports for those needing exercise are commendable, but games where main strength is required to win, and where life and limb are endangered, are disreputable and in great disfavor among parents and guardians. We look to our school teachers to aid us in suppressing vice of all kinds, and the vice of brutality is an ugly one and ought to be smothered whenever and wherever it raises its head." Suppression of football would be an impossibility, no matter who tried it. Effort should be directed toward eliminating its disagreeable and dangerous features. Suppress brutality and the game is all right.

Secretary Root, in discharging an officer from the army service, said: "Evidence shows that the officer was suffering from chronic alcoholism and on at least one recent occasion had been drunk on duty. These are not grounds for placing an officer on the retired list and supporting him in idleness for the rest of his life, at the expense of the country, but they are grounds for dismissing him from the service which he has disgraced." The secretary has discharged a disagreeable duty fearlesssly and well. With such a man at the head of the war department the moral tone of the army will certainly improve.

A report of the bureau of statistics shows that though there has been a falling off in our exports as a whole the exports of manufacture for the first nine months of this year were $12,641,890 greater than those of the same period of last year, and that they were never exceeded in any corresponding period except the first nine months of 1900. Their value has risen from $111,290,024 in 1892, to $311,302,441 in 1902.

It is stated that in the past two months nearly 50,000 homeseekers have departed from the east to settle beyond the Mississippi. Any movement toward the agricultural regions and away from the great cities is a healthy indication, provided it does not derive its stimulus from the circulars of western real estate boomers, whose promises are more frequently disappointing than satisfactory.

The upper Ohio valley is to be strongly represented at the river improvement convention which opens at Parkersburg tomorrow. From all indications the gathering will be important and influential. Millions of people are interested in the proposed improvement, and the effort to secure it should not be relaxed until victory has been won.

There is smallpox at Lisbon, Clarkson, Sebring, and elsewhere in the vicinity. It is quite likely to find its way to East Liverpool. Action by the board of health and the adoption of general vaccination and other precautionary measures would certainly be timely.

Marconi's next effort will be to send wireless messages clear across the Atlantic. He will have to send something more than the letter "s" to convince a somewhat incredulous public that his system is likely to put the cable companies out of business.

General Corbin has come out against weddings in the army. He says that it injures an officer's usefulness to get married while he is in the service. General Corbin took a bride home a few years ago, and he ought to know what he is talking about.

There is a splendid opportunity for the East Liverpool police to distinguish themselves by catching a few "hold-up" men. So long as they get the actual offenders the public will not be particular whether they take them dead or alive.

The new code is the law of Ohio and should be given a fair test before it is condemned. Attempts to create public sentiment against it cannot be too severely censured.

Grover Cleveland is still for tariff reform. He is the only conspicuous Democrat who dares to speak out and he does so because he is not in politics.

Figures won't lie but liars will figure. Some of them are still busy trying to extract Democratic comfort from the election returns.

How would it do for the government of Colombia to appoint a receiver to straighten out its affairs?

OBITUARY

Miss Mary Pettit.

Lisbon, November 10.—(Special)—Miss Mary Pettit, aged 84 years, died Sunday morning at 5:30 at the home of J. L. Wellington, in this place, where she had lived for five years. Death was due to the infirmities of age. She is said to have had a slight stroke of paralysis three months ago. She liven in Lisbon all her life. She was a sister of ex-County Auditor Stacey Pettit, who held office from 1875 to 1881. Funeral services will be held from the home Tuesday at 1 p. m., Rev. Mr. Fowler, officiating.

Joshua Fitzsimmons.

Joshua Fitzsimmons, aged 39 years, died Sunday morning at 8:30 o'clock, from peritonitis, complicated by intestinal obstruction. He was taken sick a week ago and his physician gave up all hope of saving his life last Friday. The funeral services were held at the home of his brother near Fredericktown, with whom he lived. He was a son of Mr. and Mrs. James Fitzsimmons, both of whom are now dead, and was highly respected in the community.

AT THE THEATER

PARKERSBURG IS PREPARED TO ENTERTAIN BIG CROWDS AT THE RIVER CONVENTION

Continued from First Page.

incoming delegates. It will be known as the committee on information and will be composed of the following young men: Talbot Hiteshew, Bradford Hiteshew, Ben Neal, Lisle K. Jones, Ellis Mather, J. Mentor Caldwell, R. S. Brown, E. C. Gerwig, Jr., Joel Shrewsbury and H. M. O'Bleness.

The Elks' club has decided to keep open house during the meeting of the association, and it is expected that the Blennerhasset club will take the same action.

The meeting will convene tomorrow morning at 10 o'clock and will last two days. Every moment of that time will be consumed in carrying out the order of business. The program will without doubt be interesting in every detail, as the business transacted by the immense gathering of influential and representative people will eventually work wonders for the general prosperity of the millions living in this great Ohio valley.

Among the distinguished men who have announced their intention to be present are: Governor Nash, of Ohio; Governor White, of West Virginia; Governor Beckham, of Kentucky; Governor Yates, of Illinois; Senator J. B Foraker, of Ohio; Senators Elkins and Scott, of West Virginia; Congressman Dovener, of West Virginia; Congressman Grosvenor, of Ohio; Congressman Dalzell, of Pennsylvania; Congressman Hemingway, of Indiana; Colonel George H. Anderson, of Pittsburg, and Colonel John L. Vance, president of the Ohio River Improvement association, with headquarters at Columbus.

OFF FOR PARKERSBURG

East Liverpool Delegation Departs Today, Accompanied By Congressman Tayler.

The delegates who will represent East Liverpool at the Parkersburg convention of the Ohio Improvement association left the city on the afternoon train today, accompanied by Hon. R. W. Tayler, of Lisbon.

The delegation from East Liverpool will be made up as follows: W. H. Surles, chairman; W. E. Wells, secretary; W. L. Smith, Colonel John N. Taylor and Will L. Thompson. Dr. R. J. Marshall, one of the delegates, may be detained at home by the illness of his wife.

All of the delegates chosen at a recent meeting of council to attend the Parkersburg convention of the Ohio River Improvement association, with the exception of Judge P. M. Smith, left this noon for Parkersburg, where they will look after the interests of Wellsville. Particular pains will be taken by the delegates to point out the advantages if dam No. 8 is placed below Wellsville.

Crisis In Strike at Hand.

Paris, Nov. 10.—The government is taking precautions to handle another outbreak on the part of the striking miners in case the decision reached Saturday night to continue the strike is followed by violence. The authorities believe that the crisis in the strike is near and that the next 24 hours will settle the question whether the men hold to their decision to continue the movement or straggle back to the mines. The miners are in an ugly mood and much disorder prevails.

WELLSVILLE

AMONG THE CHURCHES

Dr. Manchester Preached Yesterday. Coming Meeting of the U. P. Presbytery.

Rev. C. E. Manchester, presiding elder of the M. E. church, Steubenville district, preached at both the morning and evening services at Highlandtown, near Irondale, Sunday. He will preside at the conference to be held at Brilliant November 11 and 12.

A called meeting of the Steubenville U. P. presbytery has been called for the purpose of installing Rev. W. G. Stewart, of Homestead, Pa., as pastor over the church of West Beaver and Lebanon and will meet at the West Beaver church, near West Point, Tuesday, November 10.

The annual praise service and thank offering of the Woman's Home and Foreign Missionary society of the First Presbyterian church was held Sunday evening in the church. Miss Neilson, who was raised among the Mormons, was present and gave quite an interesting talk upon the mode of religion of the Mormons.

THE DOG CASE HEARD

But Will Be Disposed of Later—A Jury Trial Demanded.

A preliminary hearing in the replevin suit of William Timmons against James Madden was given Saturday afternoon before 'Squire A. G. Mackenzie in the council chamber at the city hall. The case was argued for nearly two hours, the defendant finally demanding a jury trial.

The case was set for final hearing Friday morning. Mr. Madden then expects to be prepared to fight the case to a finish. A large crowd were present at the hearing Saturday, among whom were Mayor Davidson and one or two other city officials of East Liverpool.

The suit in question is over the possession of a hunting dog which is now in the possession of Constable Henry Thorn.

THE CITY CENSUS

Officers Who Have Been at Work Three Weeks Have Nearly Finished the Task.

Wellsville officers have now been at work upon the city census for nearly three weeks and have about completed their work. Each officer has been working in the ward containing his beat and aside from taking the census has become acquainted with the people whom he protects during the night season. This is a good thing, as occasionally the citizens are able to help out an officer on some difficult case or may have occasion to help the officer make an arrest.

It is claimed that the new census will show this city has not quite 10,000 population.

Madden Will Fight.

As stated Saturday, James Madden was arrested Saturday upon the warrant sworn out by Rev. W. M. Glasgow and Rev. C. L. Wells, who charge him with violating the city screen ordinance. Madden was brought before Mayor Fogo Saturday afternoon and pleaded not guilty. After putting up security for his appearance the case was set for hearing at 7 o'clock, Friday evening. Mr. Madden will then have an attorney and will fight the case.

The Funeral of Miss Campbell.

The funeral of Miss Lizzie Campbell, who committed suicide last Friday morning, was held at 1:30 Sunday afternoon at the First Presbyterian church. Rev. L. F. Laverty, the pastor of the church officiated. Interment was made in Spring Hill cemetery. Mr. and Mrs. Campbell, of Monroeville, brother and sister-in-law of the deceased, were present, also Misses Anna and Margaret Campbell, nieces of the deceased, and a brother, Mr. Campbell, of Minerva, Ohio.

NO EVIDENCE FOUND

On Which to Hold the Men Arrested For Robbing Mrs. Charles Barr.

James Halfhill, George Robbins and John Hanahue, who were arrested Friday night, charged with assaulting Mrs. Charles Barr and robbing her of $100, which she had concealed upon her person, were given a hearing Saturday evening before Mayor Fogo and a large crowd of spectators. No good evidence was brought against the accused and they were released. The queen of the gypsy camp who was seen at Mrs. Barr's house on several occasions, is now suspected.

John Allison Set Free.

John Allison, who has many times figured in municipal courts in East Liverpool, Chester and Wellsville, and who was arrested on October 28, charged with being drunk and disorderly, was released today and immediately left for East Liverpool. Allison was held for being in possession of a check for $11 made out to John Thomas, and signed by J. C. Blackburn, of Toronto, upon the Bank of Toronto. Mayor Fogo investigated and found that Allison had a right to the check.

Wellsville Again Defeated.

The football game played Saturday afternoon on the Aten field in the West End between the East Liverpool high school and the local high school team was in favor of the latter team, the score at the end of the second half being 12 to 5. Another game will be played later between the same teams, probably at East Liverpool.

Board of Education.

The regular meeting of the board of education will be held this evening. The regular order of business will be followed. The superintendent's report for October will probably be given. It will show that the attendance at the schools was not as good as during the month of September.

AMONG THE UNIONS.

Local union No. 405, Carpenters and Joiners, will meet Friday evening in the same hall.

The regular meeting of local union No. 24, N. B. of O. P., will be held tomorrow evening.

Local union No. 55, N. B. of O. P., the girls' local, will meet this evening in the Potters' hall in regular session.

Local union No. 63, Retail Clerks' union, will meet Wednesday evening in Potters' hall. It is expected that some final disposition will be made of the present disagreement between the grocers and grocery clerks regarding the number of hours of work each day. The grocers now retain their clerks from 6 a. m. until 6:30 p. m. excepting Saturday. The clerks want this time reduced to from 6 a. m. until 6 p. m.

THROWN FROM A BUGGY

Mrs. Thomas Ward Painfully Injured While Driving in the Country.

Mrs. Thomas Ward, of Carolina avenue, was seriously injured Friday evening while on her way to the home of Miss Jane Stewart, in Gas Valley. They were in a spring wagon and when near the residence of Mr. Sherman Allison, about one mile from their destination, in driving over a culvert, Mrs. Ward and her young son Harold were thrown out. Miss Stewart and her brother, Paul Stewart, who was driving, managed to retain their seats.

The child escaped injury, but Mrs. Ward, in falling down an embankment, alighted head first upon some stones. She was badly bruised about the head. Her eye was swelled almost shut before she reached the Stewart home. Dr. Donehoo, of Fairview, was called immediately. Mrs. Ward was brought home last evening.

TAKEN TO WHEELING

Connelly, the Alleged Pickpocket, Once More in a West Virginia Jail.

Thomas Connelly, the pickpocket, was taken to Wheeling jail yesterday by Sheriff C. F. Allison. He at first refused to leave Pittsburg without requisition papers, but was persuaded to do so.

Connelly denies he is the man wanted here and says he remembers nothing about ever being at Rock Springs or New Cumberland. A strong guard will be placed over him while he is in jail.

The Pittsburg detectivee said he was probably the most dangerous man the Hancock county officers ever had in charge. They expect to land him this time.

FINES IMPOSED BY THE MAYOR

Continued from First Page.

city who were making themselves generally obnoxious and disgusting by their deeds of rowdyism on Sixth street. The attention of the officers was called to the roguish quintet by a peaceable citizen who had been disturbed. At sight of the blue coats the fellows separated into two bunches and ran for hiding in alleys. But three of them were corraled, Joe McGinnis, Pat Carney and J. O'Neil. They were caught while trying to get into barrels at the rear of the Walsh hotel. A hearing will be granted them this evening, when it is likely that they will receive the usual fine of $6.60.

Will Cavin was arrested on Saturday night by Officer Dawson on a warrant sworn against him for fast driving. He protected strenuously upon being arrested, but to no avail. He will be given a hearing today.

John Cassiday made a grave mistake last evening when he allowed himself to be seen by Officer McDermott. He was about as full as they generally get, and the officer arrested him. He pleaded guilty to a charge of drunkenness and the mayor sentenced him to the workhouse at Conton upon his refusal to pay a fine $10 and costs.

Crown Prince at Kansas City.

Kansas City, Mo., Nov. 10.—The crown prince of Siam broke his western journey by a two-hours' stop-over here, the time being spent in a drive through the city. The prince was welcomed by a native of Siam, Nai Luang, a student at the Atchison (Kan.) college. He presented the prince with a bouquet of pink chrysanthemums. The next stop of the party will be at Colorado Springs today, the best part of the day being allotted for sightseeing.

TO STOP LADRONISM.

The Philippine Government Contemplates Securing Aid of the Military.

MARTIAL LAW TO BE ADOPTED.

Army and Civil Authorities Are to Work In Conjunction—Vigorous Operations In Cavite Province Will Commence Shortly.

Manila, Nov. 10.—The government is adopting vigorous measures to suppress Ladronism in the provinces of Cavite, Pizal and Bulacan. A zone embracing these provinces, and surrounding Manila, is the scene of constant petty and sometimes serious disorder. Several armed bands, some of them numbering 200 or 300 men, are operating in the described district and have committed various depredations. They find a safe refuge in the mountains. The plan of the government contemplates securing the assistance of the military, which has been inactive since the end of the insurrection. The extent of the army's participation in the work of suppression depends upon developments. It is probable that the military authorities will request the garrisons to protect the more important towns, while the constabulary conduct the field operations. It is thought that martial law in a modified form will be declared and the privilege of the writ of habeas corpus suspended in Cavite province, which has been the home of the Ladrones for ages.

Military control of Cavite province is not contemplated. It is intended that the military and civil authorities shall work in conjunction. The belief is held that advantage has been taken in some parts of the islands of the complete inactivity of the soldiers and it is thought that the use of the army by the civil authorities will have a beneficial effect.

The vigorous campaign against the Ladrones which has been conducted by volunteers in Bulacan province has resulted in driving many refuges bandits into Rizal, where the campaign is now opening.

General Davis is co-operating with Governor Taft. He has strengthened the garrisons in Rizal and is supporting and assisting the native constabulary which is now afield. The operations in Cavie province will commence shortly.

Public Hearing of Shipping Bill.

Manila, Nov. 10.—The commission has decided to hold a public hearing on the coastwise shipping bill before taking final action in the matter. The measure as drafted permits foreign vessels to engage in the Philippine coastwise trade until 1904. It requires owners of foreign vessels bringing Chinese crews to the Philippines to give bonds on the Chinamen, it requires the payment of duties on supplies purchased abroad; it gives the governor of the Philippines power to appoint a commission to fix freight rates and it makes coasting steamers common carriers. The last provision is aimed at putting an end to discrimination by the trading companies now operating on coastwise steamers.

HERE'S A GOOD THING

Something You Can Readily Believe As, It's East Liverpool Evidence.

Mr. H. Rushton, of No. 387 West Market street, East Liverpool, says:—"Before I used Dr. A. W. Chase's Nerve Pills I got at Larkins' Drug Store, I was bilious—head felt achy and dull. The effect of the medicine was to clear the head—give a feeling of strength, energy and new life. This I think justifies a recommendation."

That is the result of a course of treatment with Scott's Emulsion. We have special reference to persons with weak lungs and sensitive throats.

Scott's Emulsion does some things better than others. This is one of them. It has a peculiar action on the throat and lungs which gives them strength and makes them tough.

That's how Scott's Emulsion drives out coughs, colds and bronchitis. It keeps them out, too.

FIFTIETH ANNIVERSARY.

Distinguished Catholic Churchmen Assisted In Ceremonies at Cleveland.

Cleveland, O., Nov. 10.—Yesterday was the biggest day of the several which are being taken up in the observance of the fiftieth anniversary of St. John's cathedral in this city. Pontifical mass was celebrated by Bishop Dennis J. Donaghue, of Indianapolis, at 10 o'clock a. m. Also present at the mass were Archbishop Elder, of Cincinnati; Archbishop Ryan, of Philadelphia; Bishop Maes, of Covington, Ky.; Bishop McQuaid, of Rochester, N. Y.; Bishop Horstmann, of Cleveland, and Vicar General Byrne, of Boston. The sermon was by Bishop McQuaid.

In the afternoon a parade of 10,000 Catholics representing several societies and the city's parishes occurred.

Incident to the celebration the Rev. D. J. Stafford, rector of St. Patrick's church, Washington, preached at St. Agnes' church yesterday on "Christian Charity."

GENERAL WOOD ARRIVES HOME.

Speaks Kindly of Treatment of Himself and Associates in Germany and England.

New York, Nov. 10.—General Leonard Wood, who went over with Generals Corbin and Young to represent this country at the German war maneuvers, arrived yesterday on the American line steamship St. Louis. General Wood was accompanied by his family.

"I remained after Generals Corbin and Young," said General Wood, "in order to visit Scotland with my family. The generals and myself were treated very kindly, both in Germany and in England. We were granted every facility for seeing the workings of the military systems, and have seen many things which were not only interesting and instructive, but will be useful if adopted in this country."

General Wood was asked whether he is in favor of establishing the canteen in the army. He replied:

"My canteen reports are on file. General Funston has come out strong for the canteen, did he not? I think we are all of one opinion on that subject."

General Wood went direct to Washington.

Prince Henry of Piess, who comes to represent the German emperor at the dedication of the New York chamber of commerce on Tuesday, was also a passenger on the St. Louis.

BALL PLAYER SHOT.

Harry Allemang Mortally Wounded at Mason, W. Va., by Burglars.

Cleveland, O., Nov. 10.—A special to the Plain Dealer from Pomeroy, O., says:

Harry Allemang, a ball player, who pitched in the Southern league this season and who has signed with Cincinnati for the coming year, was shot and mortally wounded at Mason, W. Va., his home, early yesterday morning. Allemang had been out with friends and was returning home at 3 o'clock. He found buglars at work in the postoffice. A sentry on the outside ordered Allemang to halt. No attention was paid to the command and the sentry fired on Allemang, the bullet entering his back and lodging in the left lung. Physicians state that the wound is fatal. When Allemang had fallen to the ground the robbers took $980 from him.

WILL CONTINUE WAR.

Peace Proposals of Colombian Government Not Satisfactory to Revolutionists.

AMNESTY DECREE IS REJECTED.

General Vargas-Santos Did Not Attend Peace Conference, Thinking it Useless—Uribe-Uribe Ordered to Be Sentenced to Death.

San Jose, Costa Rica, Nov. 10.—The reason why General Vargas-Santos, military director of the Colombian revolution, did not go to Panama to attend the conference arranged to take place yesterday on board the United States battleship Wisconsin, in Panama harbor, between representatives of the Colombian government and the revolutionists, is because the government of Colombia, according to advices received here, intended to limit the subject of the conference to the acceptance of the decree of amnesty recently promulgated by the president of Colombia, Senor Marroquin.

General Santo Domingo arrived here last month bearing peace proposals from the Colombian government to General Vargas-Santos. He said the purpose of his government in calling the peace conference was to establish an effective and lasting peace which would harmonize the interests of the several political parties concerned in the revolution. The matter was discussed between General Vargas-Santos and the Colombian representative, who exchanged a number of cablegrams with the Colombian authorities at Panama, with the result that General Vargas-Santos accepted the proposals made by General Santo Domingo and promised to attend the conference at Panama with Generals Perdomo and Salazar, of the Colombian government, and General Herrera, of the revolutionists.

Limited to Amnesty Decree.

At this point of the negotiations General Vargas-Santos received advices to the effect that notwithstanding the proposals of the Colombian government, made through its representative here, Colombia purposed limiting the conferees to the acceptance of the decree of amnesty. General Vargas-Santos thereupon refused to accept such a proposition and decided to withdraw from the conference, which, he says, he considers futile.

At the same time the military director of the Colombian revolution learned that the Colombian government had issued orders to General Tovar to imprison the revolutionary General Uribe-Uribe and sentence him to death without mercy. This order was given in spite of General Uribe-Uribe's capitulation to the government forces, which occurred at Rio Frio, Colombia, last month. The result of this news, which is considered in Colombian revolutionary circles here to be a shameful violation of public faith, further decided General Vargas-Santos not to attend the peace conference at Panama, and he issued orders to the Colombian revolutionary army to continue its warfare.

General Vargas-Santos declares he is willing to make peace, providing that the Colombian government will recognize the civil and political rights of which the Liberal party has been deprived for the last 17 years, but not otherwise.

Searching For Revolutionary Fleet.

Panama, Colombia, Nov. 10.—The Colombian government gunboats Bogota and Chucuito left here Saturday on a trip along the coast in search of the revolutionary fleet. It is reported that Captain Marmaduke, of the Bogota, has received instructions to engage the revolutionists in a decisive battle if he finds it possible to do so.

Salutes In Honor of King Edward.

Panama, Colombia, Nov. 10.—At noon yesterday the British, American and Chilean men of war in the bay fired salutes of 21 guns in honor of the anniversary of the birthday of King Edward.

Fast Express Wrecked.

Huntington, W. Va., Nov. 10.—The Norfolk and Western fast express, bound from Columbus to Norfolk, Va., had a head-end collision with an extra freight near Williamson yesterday. When the collision occurred the train was running 50 miles an hour. John Snyder, of Plattsburg, Va., express messenger, was instantly killed. The injured are: Abe Jackson, engineer, and J. C. Eakins, fireman. Each is in a serious condition. The baggage and mail cars caught fire and Snyder's remains were burned to a crisp.

Would-Be Burglar Shot.

Warren, O., Nov. 10.—Isaac Corosovoso was shot early yesterday morning while in the act of breaking into the residence of M. S. Clapp. Officer Andrew McNeeley fired the shot, the bullet entering one of Corosovoso's legs.

FACTS THAT CALL FOR FULL FAITH

An Impressive Sermon by Rev. C. G. Jordan at First Presbyterian Church.

TIME FOR GRAVE THOUGHT

An Eloquent Appeal to All Christians. No Room for Doubt of the Fundamental Teachings of Christianity. Services in Other Churches.

It is doubtful if a more interesting or impressive service was ever held in the city than that which was conducted by Rev. C. G. Jordan at the First Presbyterian church yesterday morning. The scripture lesson, taken from Joshua 24th chapter from the fourteenth verse, struck a responsive chord in the hearts of all, holding the large congregation as attentive listeners until the close of the meeting.

After the usual morning hymn the large choir, under the direction of Prof. Laughlin, rendered a beautiful anthem, entitled "When Winds Are Raging," the solo part being sung by Miss Virginia Thompson, in a manner which demonstrated her ability as a vocalist of rare talent.

Rev. Mr. Jordan's subject was "Facts That Call for Faith," and he began his discourse by comparing the nature of last Sunday's services—rally day—with that of the present occasion. Last Sunday the meeting took on the form of a jollification, with enthusiasm and rejoicing at the achievements of the past and the good the Sunday school expected to accomplish in the future.

Now it was time for more serious thoughts. It was well for a man at any time to stop to think. If he is a Christian he ought to have some reason or excuse for the faith he professes. The speaker quoted a part of the first verse of the first chapter of Genesis, "In the beginning God"—

Rev. Mr. Jordan illustrated in a vivid manner the difference between the faith of a true Christian and the declarations of the unbeliever; how often one who is not strong in the faith may believe, in the times of sorrow and distress, that God has been as merciful to the sinner as in the case of the one who has tried to be and live a true Christian life, and their aims and objects may be altered, but they should be steadfast.

The speaker took his hearers back to the very earliest period of which we have any record. He showed that even at that time the inhabitants of the earth, while they did not worship God, had some paramount object or being which they looked up to, and upon which they bestowed costly gifts in order to gain favor. From time immemorial there has been imbedded in the minds of people of every land and race, some idea of the existence of a divine power or a supreme being, no matter how meager or remote.

To show conclusively that nothing upon the face of the earth was the result of chance, but came about through postitive cause, the speaker quoted a number of learned men, who, by careful research and practical application had demonstrated beyond contradiction that the origin of all things could be traced to the cause of all causes—God Almighty. philisophic and scientific proofs it was shown that all things could be traced to their origin with God, and that we would be forced to say that soul, mind and being must spring from some form of life. "Ours is a living God."

The God of which the speaker referred was not only a spitirual, but a just and kind God. The early prophets, of which several were enumerated, and finally Jesus, were not sent through any other motive than a love for all mankind. "Science, philosophy and the word of God says God is good, 'For He so loved the world.'"

The closing words of the pastor were most impressive, spoken in an earnest, comprehensive manner, peculiar to Rev. Mr. Jordan, convincing all that the foundation of faith had originated in the very beginning of all things. "We can doubt our mind, eyes, even our own soul, but not God."

WATSON'S.

NEAR THE KINGDOM

Rev. Dr. David Jones Explains the Significance of the Christian Life.

At the First Methodist Protestant church, yesterday morning, Rev. Dr. David Jones' subject was "Near the Kingdom."

The speaker explained the meaning of the scriptures with reference to the kingdom. He said it was a kingdom that is born from above; there is nothing earthly about it except its subject. True religion is kindled in the heart of man. There are men who are very near this kingdom but not in it and may never get in. It is not a matter of age, social standing, education, or any of those things that make a man respected and looked up to in this life and admits him to heaven.

In concluding, Dr. Jones said: "Accept Jesus Christ as your Lord and Savior, and you shall not perish, and be near the kingdom, but be of the kingdom. When you do so you will have Him and all his angels to protect you."

THE GREAT GIVER

Subject of An Eloquent Pulpit Discourse At the Christian Church On Sunday.

The attendance at the Christian church yesterday was large both morning and evening. The subject of Rev. J. W. Gorrell's evening discourse was "The Creed that Needs no Revision." The address was both eloquent and logical, and made a lasting impression. His morning topic was "The Great Giver," who, he said, was God.

Rev. Mr. Gorrell thought the most valuable gift bestowed upon mankind was the word of God, which enabled all who read to see the light. Light to see that which is evil and to discern that which is good. "God gave His Son to redeem us. We would be miserable with a knowledge of our sinful lives if we had no Redeemer to save us from the guilt of sin and its consequences. God has given to us the Holy Ghost to be an ever present comforter."

THE USE OF RICHES

Rev. Dr. M. B. Pratt Tells What to Do With the Treasure God Gives.

The services of the First M. E. church yesterday morning were devoted to the Ladies' Foreign Missionary societies. Many new members were received into these societies.

Rev. M. B. Pratt, D. D., pastor of the church, selected for his morning topic "An Ancient Seller of Purple," upon which he preached a most magnificent sermon. The following is an outline of what he said:

"Civilization is results, not claims. Hundreds of years ago we are told that men dwelt in caves and lived on fruits, herbs and various roots. Part of the year he was subject to inclement weather, because of his humble and rude dwelling and he very often suffered from hunger because the fruits and herbs upon which he subsisted did not flourish the whole year around. But in time a very important element came to the assistance of civilization, which was projective consciousness of the future. That is, man began to prepare for the future. He cut and hewed the great forest trees and built them into dwellings that would withstand inclement weather, and he prepared and provided food for the time when nature would fail to bring them forth.

"What has civilization done for America, the greatest nation of the world? Other nations have had many more hundred years in which to rise than has had America, and at one time the blackest cloud that ever overhung a nation enveloped our country and war was precipitated, the cause of which was enough to tear asunder any land. But still America stood, a great nation, and why? Was it because of the great iron rails which penetrated the country, was it because of colossal fortunes? No, it was because of sacrifice, the greatest agent in the making of America.

"Let not the proud, conceited rich man today rattle the silver dollar in his pocket and say 'My money is my own, I will do with it as I please!' Let us see whence its origin.

"Oh man! earn all the silver dollars that you can earn honestly. Missionary societies, collect all the silver dollars you can collect honestly, but remember they are only loaned to us for a short time, for 'It is the Lord's.'"

FOUR OF SUNDAY SCHOOLS

Rev. C. G. Jordan Goes East This Week to Study Teaching Methods.

Rev. C. G. Jordan, pastor of the First Presbyterian church, will leave this week for the east. Rev. Mr. Jordan announced at the morning service yesterday that it had been his custom to take a vacation in the late autumn, the purpose of which was to more thoroughly acquaint himself with the methods and systems employed in the conduct of Young People's meetings, prayer services and Sunday schools in other cities. He believes that a leader of a Sunday school or prayer meeting should visit other services of a similar character at regular intervals in order to get thoroughly acquainted with the new features, which may be introduced to interest those attending.

On Wednesday evening of this week Rev. Mr. Jordan will attend prayer meeting services in Pittsburg, and on the following Friday he will be in attendance at the largest meeting of this sort held in the country. He expects to be greatly benefitted in the matter of becoming posted, so that he can instruct the Sunday school teachers and the class leaders in the several branches of their work.

Rev. Mr. Jordan will not be present at the services to be held at the First church next Sunday. Rev. Dr. L. E. Holden, president of Wooster university, will occupy the pulpit and Rev. Mr. Jordan promises a rare treat.

OLD FOLKS' SERVICES

Interesting Program Planned for Next Sunday at the First M. E. Church.

The announcement was made at the morning service at the First M. E. church yesterday that on next Sunday an "Old Folks' Methodist service" would be held, to which all the older people in East Liverpool, who in days long ago were accustomed to attend the Methodist church in this city, are especially invited.

In order that none who desire to attend shall be missed, the congregation was requested to make known to T. T. McCann, president of the Epworth league, the place of residence of all the old people desiring to attend the services and who are not able to walk. Carriages will be provided for all who cannot walk. A committee has already been appointed to look after the matter.

An Excellent Sermon.

"Christ With the Sufferer," the third of a series of 15 minute sermons was the topic of the very excellent sermon preached in St. Stephen's Episcopal church last night by Rev. Edwin Weary. The address was listened to with wrapt attention, and the eloquent words of the rector deeply moved the large congregation.

FOR SHOOTING RABBITS

Warrant Issued Against the Rothwells, of East Palestine, Who Plead Not Guilty.

Salem, November 10.—Game Warden J. R. McArtor, of Garfield, came to this city and before Justice Astry swore out warrants against C. P. and Joseph Rothwell and two other East Palestine people, charging them with having shot rabbits on Wednesday to the number of ten or more.

The East Palestine parties were notified to appear before Justice Astry Friday afternoon at 4 o'clock. Arrangements were made for a trial. A short time before the hour set for the hearing Justice Astry was notified that the East Palestine parties had gone before a justice in their own town and stated that they had violated the game laws. They pleaded not guilty as charged by the game warden and will have a trial today. C. P. Rothwell is a prominent attorney.

McArtor claims to have evidence that the men shot rabbits and had them in their possession. The result of the trial will be watched with interest.

Address to Y. M. C. A.

Rev. G. C. Collins, of Lorain, addressed the meeting at the Y. M. C. A. yesterday afternoon. The effort was a fine one, and the impression was deep and lasting.

SOCIAL EVENTS

NEW CENTURY CLUB

Discusses the Revolution And Current Topics Most Interestingly.

Quotation—"Ideas are the great warriors of the world, and a war that has has no ideas behind it is simple brutality."—James A. Garfield.

The third regular meeting of the New Century club was held at the home of Miss Hazlett, Fifth street, Saturday afternoon. The subject under discussion, "The War of the Revolution," was considered as follows: "The causes originating in New England," Miss Riley; "Causes originating in Pennsylvania," Miss Hazlett; "Causes originating in Southern Colonies," Mrs. Rittinger.

After listening to the able presentation of the facts as given in the several papers, it seemed very plain that the war of the Revolution was indeed a war with ideas behind it. "Current Events," led by Mrs. J. D. West, was along the line of public questions—trusts, the recent coal strike, and the attitude of the president toward them; the power of congress to control them; is it possible for the constitution as it stands today to meet the Mormon question? After a short social session the club adjourned to meet again November 22.

PROUT-SLOAN

East Liverpool Professional Man Weds a Popular Young Lady of Columbus.

At the residence of Mrs. Belle Prout, 12 South Third street, Columbus, Friday afternoon, occurred the wedding of Dr. J. Howard Sloan, of East Liverpool, and Mrs. Prout's eldest daughter, Miss Harriett Elizabeth, who stands high in Columbus society. The wedding was quiet and was witnessed only by the immediate relatives of the bride. Rev. R. B. Patton, pastor of the Fair Avenue Reformed Presbyterian church, performed the ceremony. The bride is beautiful and accomplished.

The groom has a great many friends in East Liverpool who will wish himself and bride much happiness. The worthy couple have left on an eastern trip of a week or ten days. They will be for some time at Cambridge Springs, Pa., and will be at home to friends in East Liverpool after the 17th inst. Dr. Sloan practiced in Columbus for about a year, returning to East Liverpool a short time ago.

A DELIGHTFUL AFFAIR

Was the Reception Given Saturday Afternoon By Mrs. R. E. Rayman.

Mrs. R. E. Rayman, of Avondale street, gave a most delightful reception from 2 to 6 o'clock on Saturday afternoon, there being about 180 invitations issued. She was assisted by Mrs. J. M. Kelly, Mrs. Geo. Murphy, Mrs. J. R. Warner, Mrs. Wm. Lynch, Mrs. J. T. Elliott, and Mrs. Frank Croxall. In the afternoon, Misses Roewna and Marie Rayman, Misses Alice and May Way and Miss Mary Hall, Jessie Shaw, and Margaret Blythe, were the assistants.

The dining room was prettily decorated with similax, and the table with a beautiful vase of yellow chrysanthemums was further enhanced by yellow ribbon extending diagonally across, being fastened at each corner with a large bow. This favorite color was also visible in the ices.

Elwell's orchestra sat behind a screen in the library and discoursed sweet music throughout the afternoon. The very small number of regrets received was evidence of the popularity of the gifted hostess.

Children's Party.

Miss Evelyn Boch, at her home on Seventh street, very pleasantly entertained 40 of her little friends on Saturday afternoon. The time passed only too rapidly as the guests played their juvenile games, and later partook of luncheon. The colors, red and white were carried out artistically in the decorations. Each guest received a tiny toy, and the children will long remember the afternoon spent with a favorite playmate.

THREE MINUTES ENDED THE GAME

STEUBENVILLE REFUSED TO GO ON, A DISPUTE ARISING.

Tactics of the Visitors Disgusted the Crowd at Saturday's Foot Ball Match.

There was only three minutes of play Saturday at West End park in the foot bal game between the East Liverpool and Steubenville teams. The spectators, almost to a man, were disgusted with the visitors and are commending Manager Walsh in the stand he took in the dispute that ended the game.

The dispute arose over a touchdown made by Brown. It was East Liverpool's ball on Steubenville's 40-yard line and Walsh signaled for a play through their left guards. Walsh, who was playing quarter, fumbled the ball and Brown, fullback, who was coming up caught the ball and got away with it. The referee, D. S. Doyle, a Steubenville man, did not blow his whistle, and it was not until Captain Needham posted him that he ruled the play out. Needham claims that Brown got the ball on a forward pass. He made this statement to a News Review reporter Saturday night:

"All I can say is that Brown got the ball on a forward pass. It was their last down and when the center passed the ball back to the quarter he saw he could not pass it back. The ball was not fumbled. We will play them," he continued, "for any amount of money with the same men that were in the game today, on any neutral grounds, Toronto preferred, as it is about the same distance between the two towns. We'll let any sporting editor in Pittsburg name the two officials. There was nothing I could do to have the game go on."

Manager Walsh was very positive when talking to a News Review reporter that the ball was not advanced by him in the disputed play. "The ball struck me in the breast," he said, "and Brown, who was coming up for the play, caught it and went through their left guards, the play I had signaled for. I offered not to count and go on with the game with another referee, but Captain Needham refused. This was certainly all we could do toward a reconciliation."

As a result of Steubenville's refusal to go on with the game Manager Walsh refused to give expense money.

Following is the lineup:

East Liverpool — Carnahan, right end; Miller, right tackle; Stevenson, right guard; Bucher, center; Mackey, left guard; Bunting, left tackle; Lutz, left end; Walsh, quarterback; Hardy, right half; Moore, left half; Brown, fullback.

Steubenville — Houser, right end; Houpt, right tackle; Koboski, right guard; Malen, center; Bowers, left guard; Edmond, left tackle; McClaish, left end; Nolan, quarterback; M. Needham, right half; T. Needham, left half; Burns, fullback.

Three Men Drowned.

Detroit, Mich., Nov. 10.—A special to the Free Press from Alpena, Mich., says: Three men were drowned in Whitefish bay yesterday by the capsizing of a sailboat. The dead are George Millard, aged 40 years; Alex Cyr, aged 16 years, and Anthony Monsor, aged 17 years. The boat capsized over a sand bar.

Died of His Injuries.

Wilkesbarre, Pa., Nov. 10.—Daniel Norris, the mine foreman for the Susquehanna Coal company, who was shot by Patrick Hennessey, a demented fireman whom he had discharged and refused to reinstate, died in the hospital last night of his injuries.

To Participate In Winter Maneuvers.

New York, Nov. 10.—The United States battleships Alabama, Captain C. H. Davis, and Massachusetts, Captain H. N. Manney, sailed from this port yesterday for Culebra island, in the Carribean sea, where they will participate in the winter maneuvers.

PUTTING MONEY INTO JEWELRY

of any Reliable Make such as we offer you is simply investing it.

It isn't like spending it on something that will depreciate in value. Take a Ring, a good Ring, say it costs you $100. That Ring is worth $100 any day for years. That is because it is worth the money to start with. The same is true of Watches, Silverware, of all sorts, of the hundreds of articles which we are waiting to show you today.
